Baking Information

Preheat Convection oven to 300-325°. Oven Temp and Baking Times will vary. Remove scones and glaze from case. For best results, thaw slightly before baking. Place scones on parchment lined baking sheet, evenly spaced. Bake until FIRM TO THE TOUCH- approx 18 minutes. Once done, pull scones from oven and allow to cool several minutes. Stir thawed glaze- microwave to warm (10 seconds)- stir to remix if necessary. Put .25oz of glaze on each scone, spread with offset spatula. Store remaining glaze in refrigerator. Serve immediately. Cool completely before wrapping.
