

Dear Parents and Students,

In accordance with Ohio Revised Code Section 3319.326, we are writing to inform you of the curriculum, testing, or assessment technology providers that will have access to our Districts education records for the upcoming school year.

Technology Provider	Affected Education Records
<p><i>Please click on the link below:</i> https://sdpc.a4l.org/district_listing.php?districtID=5004</p>	<p><i>Please click on this link</i> https://sdpc.a4l.org/district_listing.php?districtID=5004 and navigate to "Exhibit B"</p>

If you have any questions or concerns regarding any program or activity that allows the provider access to your student's educational records, please contact Pickerington Local Schools Technology Office at 614-833-2110.

Sincerely,

Pickerington Local School District

Dear Parent(s),

We have provided information to you regarding how the District monitors school-issued devices that are provided to District students. Due to a recent change in Ohio law, we are re-issuing this notice with certain changes:

In accordance with Ohio Revised Code Section 3319.327, we are writing to inform you that the District, either directly or through a Technology provider, monitors school-issued devices provided to District students for dedicated student use. This monitoring is generally done in furtherance of educational purposes, including for instruction, technical support, or exam-proctoring. However, the District may also monitor where:

- permitted under a judicial warrant or subpoena;
- the school district or technology provider is notified or becomes aware that the school-issued device is missing or stolen;
- the activity is necessary to prevent or respond to a threat to life or safety, and the access is limited to that purpose;
- the activity is necessary to comply with federal or state law; and/or
- the activity is necessary to participate in federal or state funding programs.

Monitoring may include the:

- location-tracking features of a school-issued device;
- audio or visual receiving, transmitting, or recording features of a school-issued device; or
- student interactions with a school-issued device, including, but not limited to, keystrokes and web-browsing activity.

By law, we are also required to notify you, in writing, within 72 hours of certain specific instances where the District or a Technology provider accesses a school-issued device. We will send those notifications if and when needed.

Sincerely,

Pickerington Local Schools
