PREFACE

Interim Budget Reports

California Education Code Section 42130 requires all public school districts to annually file at least two interim financial reports with their local county superintendent of schools and the California Department of Education.

Interim reports serve as "snapshots" of the district's financial condition at a particular point in time. Multiyear budgets are highly dependent upon projected state funding, which in-turn is dependent upon the health of the state economy and sufficient collection of property, income and sales taxes. As a result, interim budget reports are anchored on projections provided by the county and state as well as local expenditure decisions.

Interim Reports include budgetary estimates and financial transactions (including actual year-to-date and full year projections). Interim reports are presented two times a year. In December of each fiscal year, the First Interim report is presented to the Board. The Second Interim report is presented to the Board in March of each year.

School districts are required to file two reports during a fiscal year (interim reports) on the status of the district's financial health. The first interim report is due on or before December 15 for the period July 1 to October 31. The second interim is due March 17 for the period ending January 31. County superintendents are to report to the Superintendent of Public Instruction and the State Controller the certification for all districts in their county within 75 days after the close of the reporting period.

The interim reports must include a certification of whether or not the district is able to meet its financial obligations. The certifications are classified as positive, qualified, or negative. A positive certification is assigned when the district will meet its financial obligations for the current and two subsequent fiscal years. A qualified certification is assigned when the district may not meet its financial obligations for the current or two subsequent fiscal years. A negative certification is assigned when a district will be unable to meet its financial obligations for the remainder of the current year or for the subsequent fiscal year. In addition, the Superintendent of Public Instruction may reclassify the certification of any county office of education or reclassify a certification based on an appeal of a school district in accordance with the above standards.

As part of the Interim Budget Reports are Criteria & Standards, which is a tool used to monitor fiscal solvency for school districts and county offices of education. Criteria & Standards, pursuant to Ed Code Section 33127, were developed to be used by local school districts in the development of annual budgets and the management of subsequent expenditures from that budget. In addition, the Criteria & Standards are to be used in monitoring the fiscal stability of the school district.

In accordance with AB 1200, the county superintendent of schools has the fiscal oversight responsibility over school districts in the county. The county superintendent has authority to disapprove a school district's budget, or authority to declare a district in jeopardy of being unable to meet its financial obligations through a qualified or negative certification at interim financial reporting periods or at any time during the year. Such action results in various authorized forms of intervention on the part of the county office, including assigning external consultants, requiring a district fiscal recovery plan, or even disallowing certain district expenditures.

(5) IN-LIEU OF PROPERTY TAX CALCULATION FOR CHARTER SCHOOLS						
Complete either section (a) or (b)						
(a) ALTERNATIVE CALCULATION TOOL						
Only use this section to override the calculated in-lieu of property tax results with a locally determined calculation.						
1. Clear the prepopulated number '1' from the box located to the right	1					
2. Local calculation of total in-lieu property taxes						
(b) IN-LIEU TAX CALCULATION BY CHARTER SCHOOL (Note: Charters MUST be numbered to bring results into the District In-Lieu Taxes tab)						
Enter the name and ADA for each charter school. Basic Aid districts are required to transfer in-lieu taxes based on grade span funding rates. To reduce data entry, non-basic aid districts can enter the total ADA for each year into a single grade span.

5C. Comparison of District Salaries and Benefits Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD NOT MET - Projected ratio of unrestricted salary and benefit costs to total unrestricted expenditures has changed by more than the standard in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting salaries and benefits.

Explanation:
(required if NOT met)

The District has accelerated the transitional kindergarten program and utilized restricted funds for teacher salaries. Additionally, the district expects an attrition of 3 FTE per school year and the Board of Education has voted to close a middle school in 2024-2025, savings realized in 2025-26. As well, there is a shift in expenditures from unrestricted to restricted one-time funding for 2023-24 and 2024-25.

6. CRITERION: Other Revenues and Expenditures

STANDARD: Projected operating revenues (including federal, other state and other local) or expenditures (including books and supplies, and services and other operating), for any of the current fiscal year or two subsequent fiscal years, have not changed by more than five percent since first interim projections. Changes that exceed five percent in any major object category must be explained.

District's Other Revenues and Expenditures Standard Percentage Range:	**-5.0% to +5.0%**
District's Other Revenues and Expenditures Explanation Percentage Range:	**-5.0% to +5.0%**

6A. Calculating the District's Change by Major Object Category and Comparison to the Explanation Percentage Range

DATA ENTRY: First Interim data that exist will be extracted; otherwise, enter data into the first column. Second Interim data for the Current Year are extracted. If Second Interim Form MYPI exists, data for the two subsequent years will be extracted; if not, enter data for the two subsequent years into the second column. Explanations must be entered for each category if the percent change for any year exceeds the district's explanation percentage range.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
