## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The Oak Knoll School Site Plan addresses the whole child. The MPCSD LCAP is the backbone of our site plan and our Oak Knoll site goals are written under each area of the LCAP. At Oak Knoll, we have a wrap-around multi-tiered system of support in place to ensure all students are making progress towards their goals and feeling connected to school. We track the data and ongoing progress of all students in reading, writing, math, and wellness. Using assessment and observation data, helps teachers, interventionists, specialists and school administrators keep tabs on each and every student's progress, strengths and needs. At Oak Knoll, academic and social-emotional support comes in many forms depending on the individual needs of the student. We work hard and collaboratively to ensure that ALL students are making necessary progress and feel connected to the school and their classmates. There are intentional, built-in safety nets to ensure that all student needs are identified and being addressed. School administrators are very involved and in-touch with this work through monitoring data, teacher meetings, and ongoing student and classroom observations. Teachers are the "hub of the wheel" of support and are incredible when it comes to knowing their students. When a student is in need of extra support his/her classroom teacher provides targeted instruction. We have a robust intervention team of professionals who support teachers, parents, and students. If the classroom teacher and the student data identifies that a student needs more support or a different approach, our intervention team is activated and an intervention plan is put into place. We work closely with parents and see them as partners in this work.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

At Oak Knoll we survey our community yearly. Our site survey is given to parents and the data helps us plan, revise, and reinforce programs at Oak Knoll. During the 2016-17 school year MPCSD worked together with Panorama to design a district-wide survey. The Feedback Analytics Team worked on the survey design with the input of the school site councils and staff. The MPCSD Panorama survey was given to staff, parents, and 3rd-5th grade students and measured a variety of scales (groups of questions designed to measure a specific topic: mindset, school climate, etc.). Survey's were open during January and schools received and reviewed the data during Feedback February. The Oak Knoll teachers engaged in a staff meeting and in one-on-one meetings with admin to share data reflections and goals related to the survey outcomes. For the 2022-2023 school year we will again use Panorama for our student, staff, and community survey and work to customize the survey more. For a full summary of the 2021-2022 survey please visit our webpage @ [oakknoll.mpcsd.org](http://oakknoll.mpcsd.org).

For the purposes of this needs assessment, here are the overall outcomes, highlights and trends from the 2021-22 Oak Knoll Survey:

### Highlights:

Students responded 75% favorably on the scale measuring Classroom Engagement.

Students responded 71% favorably on the scale measuring Classroom Rigorous Expectations. 81% percent responded favorably to a question asking about how often a teacher will encourage them to keep trying when they feel like giving up, however only 60% responded favorably to a question asking about how often a teacher asks them to think deeply. This is an area we can focus on this year as we are further and further from the pandemic and hybrid learning which focused on priority standards.

Students responded 76% favorably on the scale measuring Pedagogical Effectiveness. This scale measured the perceptions of the teaching and the amount of learning taking place in a teacher's class.

Students responded 76% favorably on the scale measuring Classroom sense of belonging. This was down 9% from hybrid learning and the smaller cohort size.

Parents responded 91% favorably on the scale measuring School Climate and increased Family Engagement score by 6% to 53%.

The Oak Knoll net promoter score is 95%.

Themes that emerged in comments beyond the overwhelming amount of support and kindness shared about Oak Knoll's teachers, staff, administrators, and programs:

**Community-** Parents provided positive feedback to our Community Coffee program which began last year and is continuing this year, additionally they wanted more opportunities to volunteer in classrooms which we can offer this year.

**Connections -** Our data indicated that during the pandemic our specialists and support staff were not as connected to families. In our Site Council meeting we struggled to try and parse out what components of this came from the entire year versus what were pandemic related as students took the survey during the height of Omicron and we had to return to significant social distancing which hit our specialist classes the hardest.

**Communications -** We received a tremendous amount of positive feedback about our communications during COVID, the streamlining into Parent Square.

**Academic-** Parents reported being worried about how prepared their elementary schooler would be after the pandemic and hybrid learning. Parents reported wanting more differentiation in math in the upper grades.

**Diversity-** Parents asked for more diversity and cultural awareness. We received positive feedback about our antiracists community read.

At Oak Knoll, we believe that feedback is key in helping us analyze the current situation, reflect, and improve our school for our students and families. Oak Knoll is truly a school built on collaboration between administration, teachers, and parents.

## **Classroom Observations**

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

The principal attended Breakthrough Coaching in the 2020-21 year. Since that professional development, she has scheduled one to two out of office days for both site administrators to allow them to observe classrooms and provide support to classroom teachers with greater frequency.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

SBAC and local benchmarks are used to progress monitor. SRI, F&P assessments are used. Piloting Mini-MIRA assessment in math grades 3-5 in partnership with Callahan.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Formative data is used by teachers and teacher teams. Additionally local benchmarks, district adopted assessments and SBAC scores are used during CASO days (3 full release days per year).

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

Met

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Professional Development in RULER program from Yale, SVMl math tasks, additional Twig training provided. Kindergarten state conference for K teachers.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Instructional Coach focused on social emotional goals and academic goals for students.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher's collaborate on restructured Thursdays

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Evidence-based educational practices to raise student achievement

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

## Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Fiscal support (EPC)

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

Oak Knoll's Site Council meets six to review, plan and analyze school data, school goals and school improvements. An equal number of teachers and parents serve on the site council. One parent is the lead/president of site council and co-facilitates the meetings and scope and sequence of the year, along with the school principal. Meeting dates are posted in the school calendar, and agendas are posted at the school. Meetings are open to all parents and staff members.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

All students have access to grade level curriculum and technology. Students who require extra support based on their academic and social emotional needs receive support from their classroom

teacher, instructional aides, interventionists, and the school counselor. Currently there are no inequities identified.

## Student Enrollment Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	19-20	20-21	21-22	19-20	20-21	21-22
American Indian	0%	%	%	0		
African American	0.16%	0.3%	0.51%	1	2	3
Asian	12.4%	12.9%	13.01%	77	76	76
Filipino	0.16%	0.3%	0.86%	1	2	5
Hispanic/Latino	8.86%	8.7%	9.25%	55	51	54
Pacific Islander	0.48%	0.5%	0.17%	3	3	1

Multiple/No Response	11.27%	11.5%	11.30%	70	68	66
Total Enrollment				621	589	584

## Student Enrollment Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	19-20	20-21	21-22
Kindergarten	84	92	86
Grade 1	108	88	96
Grade 2	103	107	87
Grade3	120	99	108
Grade 4	96	112	101
Grade 5	110	91	106
Total Enrollment	621	589	584

### Conclusions based on this data:

1. Our enrollment has decreased over the years, as planned.
2. Oak Knoll has students coming from many parts of the world, however our diversity by student group is limited.
3. almost 9% of our population is Hispanic and almost 13% of our population is Asian.

# School and Student Performance Data

## Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	19-20	20-21	21-22	19-20	20-21	21-22
English Learners	29	29	17	4.7%	4.90%	2.9%
Fluent English Proficient (FEP)	50	45	64	8.1%	7.60%	11.0%
Reclassified Fluent English Proficient (RFEP)	19	1	26	35.8%	0.20%	24.29

### Conclusions based on this data:

1. Oak Knoll has a diverse EL population with students speaking languages that span the globe
2. Students who have been reclassified have previously out performed their peers on the ELA portion of the SBAC which supports our process for reclassifying students.
3. Fewer students were reclassified last year due to the pandemic

1. Oak Knoll continues to hold strong overall in ELA, with room for continued improvement.
2. 91% of 5th grade students performed at or above standard in ELA. 4th grade held strong. 3rd grade took a dip at 76% at or above standard.
3. 59% of 3rd-5th students performed in the Standards Exceeding range.

1. Overall increase of 3%, with over 60% of students performing in the above standards range.
2. Performance is similar across claim level data. This supports solid implementation of math standards and a need to focus on the student level data.
3. Cohort data supports looking at the transition between 3rd and 4th grade math.

#### Conclusions based on this data:

1. 38% of students are performing at a level 3, with 44% at a 4. This is encouraging and means students are close to reclassifying.
2. Progress on the different tasks seems normal, with listening and speaking being the strength followed by writing and reading.
3. Goal setting with students and being transparent about their progress on this measure will help them understand the expectations. Asterisk indicates less than 10 students, data not available due to small sample size.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Equity+Bias Goal

## LEA/LCAP Goal

Broad Goal: Over a three-year period of time, MPCSD staff will implement plans to increase knowledge and understanding of the experiences of a diverse student body and provide support for teachers, staff, and students to understand how their own unconscious biases lead to behaviors, habits, values, and practices that allow inequities to exist. As a result, staff will develop a culturally responsive learning environment in order for all students to learn at a high level and stay engaged as measured by a staff self-reflective Panorama survey.

\*- SWD, SED, ELL, first-generation college students, race/ethnicity (H/AA/PI), and gender identity status

## Goal 1

- 1.1 Increase staff collaboration and build on our open-door policy. Focus our time with teachers on looking for Meaningful Work and student engagement
- 1.2 Continue to increase staff knowledge and understanding of the experiences of a diverse student body and support teachers, staff, and students to understand how their own unconscious bias leads to behaviors, habits, values, and practices that allow inequities to exist
- 1.3 Ensure Oak Knoll Representative on MPCSD Equity Team and time at Staff meetings for equity work
- 1.4 Increase the number of diverse storylines and heroes in our classroom libraries based on student interest and identity in each classroom
- 1.5 Re-launch Learner Profile
- 1.6 Increase percent of underrepresented students reportedly feeling "engaged" or "very engaged" in their learning on the annual Panorama survey.
- 1.7 Examine systems and reflexive practices on student behavior with an equity lens

## Identified Need

Oak Knoll continues to be strong in the area of curriculum and instruction, and we are focusing more on this work in 2022-2023. Our mission, to help all of our students become exemplary scholars, valued friends, and courageous citizens is embraced by all of our teachers and is the backbone of how we plan our curriculum. We have three dedicated rounds of PACT (Peer-Admin-Coach-Teacher), and incorporate it into our weekly schedule so that all teachers will benefit from regular opportunities to be both givers and receivers of ongoing feedback. We are increasing teacher-team release time for dedicated planning around math differentiation. We are increasing opportunities for teachers to add more diverse books and books with higher levels of student interest to their classroom libraries.

This year to continue our work with the social justice standards from Learning for Justice (formerly Teaching Tolerance) we have a 5 book Community Read with Author visits we are calling Writing Is An Act of Courage. We are bringing in 4 local authors of our books, and have chosen two male and 2 female authors, 3 of whom are BIPOC. Our new teachers will also receive training on community circles and restorative circles from our instructional coach, which will strengthen our classroom learning communities.

We believe that our work around equity, peer coaching and observation, and grade-level team collaboration will accelerate student growth.

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase student performance on local measures	See data report for 2021-2022	Increase % at or above on all local measures
Increase number of diverse heroes/storylines in classrooms	Each classroom will add at least 5 titles in addition to the 5 community read titles to their classroom library and the library will add at least 30 books with diverse heroes and storylines	Increase on Panorama survey results for connection to school, increased diversity on classroom libraries
3 completed rounds of PACT	All class room teachers will participate in at least 3 round of PACT, specialists and interventionists will participate in at least 1 round of PACT	More teachers reporting higher levels of competence and comfort on Panorama
Percentage of Oak Knoll staff participation in the annual Panorama focusing on Equity and Bias.	2021-22 64%% of Oak Knoll staff participation in the annual Panorama focusing on Equity and Bias.	2022-23 67%% of Oak Knoll staff participation in the annual Panorama focusing on Equity and Bias.

## Annual Review

### SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

2022-23 SPSA goals are directly aligned to the Local Control Accountability Plan Goals. Analysis of the 2022-23 SPSA goals will occur during the 2023-24 update cycle.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

2022-23 SPSA goals are directly aligned to the Local Control Accountability Plan Goals. Analysis of the 2022-23 SPSA goals will occur during the 2023-24 update cycle.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

## Goal Subject

Academic Achievement Goal

## LEA/LCAP Goal

Over a three-year period of time, MPCSD staff will focus greater attention on the individual learning and support needs of each child, using diagnostic and formative tools to address specific learning targets in reading, writing, mathematics, with the desired effect of increasing the percentage of students performing at or above grade level by nine (9) percentage points in each cohort and each subgroup\* of the cohort over the three-year period of time as measured by the Smarter Balanced Assessment. (An average of 3% growth each year, over three years.) Additionally, the overall percent of MPCSD's student population scoring at the "Standards Exceeded" performance band on the Smarter Balanced Assessment will increase in ELA and Math by 2% each year.

\* - SWD, SED, ELL, first-generation college students, race/ethnicity (H/AA/PI) and gender identity status

## Goal 2

2.1 Establish practices to ensure equitable access (including priority access, as appropriate) to academic supports such as tier 1 core programs, tier 2 supports, extended learning opportunities, and/or counseling for youth in foster care and homeless housing status.

2.2 Increase interventions in math targetting students who need remediation

2.3 Writing as an act of courage program/Community Reads and Author Visits. Bring in 4 local authors, two of each gender, from diverse backgrounds, three representing underrepresented populations to share about the writing process and how the act of writing is a courageous act. Tie this work to the Courageous Citizens portion of our Mission, and continue to support and provide feedback to our young writers to help them grow.

2.4 Reestablish pre-pandemic math practices that provide hands-on, differentiated support and extensions, supporting students to show accelerated growth in mathematics. These practices include but are not limited to: counting collections, choral counting, math talks, target number, Problem of the Month, MARS tasks, Dreambox & Reflex math, use of rubrics for mathematical problem solving, progressive assessments, and more

2.5 Provide supplemental curriculum resources in ELA, Math, and science

2.6 Kinder Strong Start

2.7 Tutoring during Spanish for grades K-1 and 4-5

2.8 Math aides focus on grades 2-3

2.9 Professional Development opportunities and training on MPCSD MTSS Framework and General Education interventions and supports

2.10 Individualized assessment time for kinder and first-grade teachers to increase the efficacy of differentiated and targetted instruction

2.11 Admin, ELL, Literacy specialist collaboration to monitor student progress and align best practices on student supports

2.12 Using research-based methods create a site based Spelling and Word Work articulation team to provide necessary alignment supporting asset-based age-appropriate student growth plans K-5

2.13 Increase student engagement in mathematics: pilot mini-mira assessment through Math Annex - asset-based assessment for students in grades 3-5

## Identified Need

These identified needs paired with those in goal area 1, 3, and 4 will all contribute to the goals listed in this section. It is clear to us, and reflected in our data across the past four years, that WHAT we choose to spend our time, energy and resources on impacts our outcomes. One of our biggest accomplishments this past year was bringing the number of LTELS to zero (goal area 3). Our identified needs for 2022-23 are to keep many of our strategies and actions in place and to reestablish practices from before the pandemic. We will increase the amount of time we spend talking about all students, monitoring benchmark data along the way, and continuing to improve our instructional practices through increased collaboration time, professional development, and feedback. We continue to question ourselves and continually reflect on our practice. We are increasing our focus on teacher collaboration.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

English Language Development Goal

## LEA/LCAP Goal

Over a three-year period of time, bring to zero the number of "long-term" English Language Learners who have been in MPCSD since Kindergarten and/or at least 5 years.

...Reclassify all English Language Learners by their 6th concurrent year in MPCSD.

## Goal 3

3.1 Professional development for new EL teacher

3.2 Bring to zero the number of "long-term" English Language Learners (who have been in MPCSD longer than five years)

3.3 RFEP student group ELA data will at least mirror overall school data on SBAC

## Identified Need

This year we have a new EL specialists and will focus on ensuring that the teacher has professional development. We are also increasing the amount of time our EL specialist works directly with the classroom teachers, to collaboratively work to accelerate the progress of our EL students. The EL teacher will also do more group work to focus on oral language development.

We plan to increase the amount of time the EL Specialist is observing EL students and working collaboratively with the classroom teacher. We also plan to include a round of Teacher, Peer, Admin specifically for EL strategies. Our EL specialist schedule has time dedicated to working with groups to increase oral language.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Student's from Low Income Families Goal

## LEA/LCAP Goal

Over a three-year period of time, MPCSD will increase by 3% our students' sense of belonging and engagement in learning for our students of Low SED families as measured by the annual Panorama student, parent survey results, and feedback from focus groups.

## Goal 4

- 4.1 Increase the number of diverse storylines and heroes in our classroom libraries based on student interest and identity in each classroom
- 4.2 Increase home-school connections for students of Low SES families
- 4.3 Principal rides the bus days
- 4.4 Provide specific and targeted scholarships to families who need additional support in collaboration with PTO. District Family Engagement Coordinator will work with School Counselor to identify families in need of support
- 4.5 Continue community circles in each classroom
- 4.6 Offer Universal meals program for breakfast and lunch service as well as scholarships for Outdoor Ed
- 4.7 RULER program implementation of Class Charter in all classrooms
- 4.8 Collaborate with 5th grade students to run Squads providing our 5th graders with a sense of ownership over Oak Knoll
- 4.9 Principal and PTO family book club for the book How to Raise an Adult

## Identified Need

2021-22 quantitative and qualitative data reflects Oak Knoll's theory of action: If our students feel safe, have a strong sense of belonging, and feel connected to their teachers and peers, they will do well academically and socially. We saw a dip in our sense of belonging in our fourth-grade cohort, and then a dip in our fourth grade data for SBAC. Oak Knoll is unique, always pushing against the pressures of Silicon Valley which have increased during the pandemic to preserve childhood and well-being. We will focus our work on creating a sense of belonging and create opportunities for students to contribute to legacy projects on our campus. We also asked students about the teaching they have experienced in the areas of our mission. Teaching the elements of our school mission continues to be a school priority and therefore we will continue to gather evidence of this instruction, as well as student feedback. Many of our actions in this area are around student ownership, a sense of belonging, and compassion. The positive and strong climate at Oak Knoll school is evident on every measure and we will continue to create a place where students, teachers and parents love to be.

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
100% of classrooms will have a RULER Charter and Mood Meter	New	100% of classrooms will have a class charter and use the mood meter at least once per week

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Integrated-Well being Goal

## LEA/LCAP Goal

Broad Goal: Over a three-year period of time, MPCSD staff will support the social-emotional development of each child, paying close attention to our underrepresented students, with a particular focus on increasing student emotional regulation skills with the desired effect of building student resilience, communication, compassion, and persistence. This will be evidenced by a ten (10) percentage point increase in the overall score of the Panorama Student SEL Survey's "Emotional Regulation" composite score.

\* - SWD, SED, ELL, Homeless, Foster Youth, first-generation college students, race/ethnicity (H/AA/PI), and gender identity status

## Goal 5

5.1 Implement RULER in all classrooms with all four components of the RULER program

5.2 Pilot a Brave Room for grades 3-5

5.3 Create a new school wide incentive program and redesign the focus on the school yard to provide students with more avenues to resolve their conflicts

5.4 KNOL

5.5 Provide Counselor directed lessons monthly to all students focused on emotional regulation and Kimochi lessons in grade K

## Identified Need

At Oak Knoll, we believe parent engagement is key in creating a school where students feel connected and thrive. Having parents feeling welcome and connected at Oak Knoll is always a school priority and we will continue to provide ways for parents to engage without necessarily having to volunteer. We will continue to offer Thursday morning Community Coffees each week to welcome and connect our families. Additionally, we are reimaging our school yard. We will create a school yard charter using the RULER protocol, have new yard vests that say "How May I help?" and create a school wide positive incentive program called Otterly Awesome.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

Parent Engagement Goals

## LEA/LCAP Goal

Over a three-year period of time, increase by 20% the total level of underrepresented parent participation in school programs and district events with the intent to create opportunities for learning, feedback, and governance (either by increased levels of participation in existing programs or by increasing the number of programs).

Parent connections, sense of belonging

## Goal 6

6.1 100% of all under represented families will have a conference with their child's teacher

6.2 K-2 College Bound tech night

6.3 Friends and Family Day in February

6.4 Build on pilot program from 2021-2022 to offer Parent Circles to all families with children in K-1 to increase the school-home connections

6.5. Continue consistent use of Parent Square and Seesaw to communicate regularly with families using the parent's choice of format (phone, text, email)

## Identified Need

Our underrepresented families have traditionally been less involved as volunteers in the school. Volunteering is one way that parents feel connected to the school. With positive outreach and efforts we hope that parents who do not volunteer still feel connected to Oak Knoll and their child's teacher. We are intentionally offering some options such as the Principal's book club over zoom to provide greater access for families who might live further away or struggle to find child care.

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Percentage of families who complete the panorama survey	2021-2022 Baseline: 255 families responded	Mirror average percentage of Oak Knoll Families within 10%
Percentage of families who are underrepresented to have at least one conference with their child's teacher	New	100%

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 2 Other School Staff
- 7 Parent or Community Members

Name of Members	Role
Laura Webb	Parent or Community Member
Becky Bullard	Parent or Community Member
Christina Larsen	Parent or Community Member
Prachi Shah	Parent or Community Member
Corey Binns	Parent or Community Member
Anna White	Parent or Community Member
Meredith Nonenburg	Parent or Community Member
Alicia Payton-Miyazaki	Principal
Cathy Petersen	Other School Staff
Karen Clancy	Other School Staff
Alison Ziff	Classroom Teacher
Michelle Tom	Classroom Teacher
Megan Jagelka	Classroom Teacher
Alison Howard	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 9/21/22.

Attested:

Handwritten signatures in blue ink. The top signature is 'AAM' and the bottom signature is 'LMW'.

Principal, Alicia Payton-Miyazaki on 10/7/22

SSC Chairperson, Laura Webb on 10/10/22

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

**The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.**

## Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

## Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **Specific**, **Measurable**, **Achievable**, **Realistic**, and **Time-bound**. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

- II. The SPSA shall include the following:
  - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
    - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    - b. use methods and instructional strategies that:
      - i. strengthen the academic program in the school,
      - ii. increase the amount and quality of learning time, and
      - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
      - i. strategies to improve students' skills outside the academic subject areas;
      - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
      - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
      - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
      - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
  2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
