JIS Learning Center

A Life-Centered Education Program

Empowering Every Child to Thrive

Welcome to the JIS Learning Center (JLC)

At Jakarta Intercultural School, we recognize that every child is unique. For students with neurodiversity who benefit from more intensive support, the JIS Learning Center provides specialized, individualized instruction that nurtures each child's full potential. Our goal is simple: empower every learner to grow, thrive, and live as independently as possible—both in and beyond the classroom.

How We Make a Difference

We know families want what's best for their children—and so do we. That's why the JLC focuses on developing life skills, building confidence, and nurturing talents through a highly personalized and supportive approach. Whether it's academic progress, communication, social development, or motor development, every child's journey is unique—and celebrated.

Our Program at a Glance

Tailored Education Plans

- Individualized Learning Plans (ILPs) target academic, social, language, motor, and life skills.
- Instruction is adapted in core areas like literacy, numeracy, daily living, and social interaction.
- Specialized interventions are integrated into each student's daily routine.

Small Class Sizes & Individual Attention

- A low student-to-teacher ratio ensures personalized guidance and consistent support.
- Self-contained classrooms are structured to reduce distractions and support sensory regulation.

Inclusion with Peers

- Students participate, when appropriate, in multiage classrooms and specialist subjects such as art, music, and sports. Students will also share the same break times with their same age peers — ensuring a sense of belonging and community.

Specialized Therapy & Interventions

- On-site therapists provide occupational, speech, and behavioral support.
- Adaptive programs promote motor skill development, self-regulation, and communication.

Stories of Growth

“My favorite part of the JLC program is the dedicated teachers who know my child and genuinely care for him. They ensure that he gets the personalized attention and encouragement that he needs.”

- JLC Parent

What Sets Us Apart

- **Highly Trained Staff:** Teachers and specialists with advanced degrees and extensive experience in supporting students with learning needs and neurodiversity.
- **Family-Centered Approach:** We work closely with families to ensure continuity between home and school—partnering with parents every step of the way.
- **Outcome-Driven:** Our focus is on building toward lifelong independence, with every step of progress recognized and celebrated.

Let's Build a Brighter Future Together

We know choosing the right program can be challenging. That's why we're committed to partnering with you every step of the way—helping your child grow, succeed, and thrive.
