2. Each classified employee shall be evaluated in writing by his/her immediate supervisor.
3. The employee's ability to fulfill his/her job description shall be the basis of evaluation.
4. The employee shall have the right to review written evaluations and shall sign the evaluation to verify the review of the evaluation through the TalentEd portal.
5. A copy of the evaluation will be provided for the employee and a copy will be placed in the employee's personnel file on the TalentEd portal.

## **SECTION II - PROCEDURES**

### **Working Conditions**

Kansas does not have any meal or rest break laws. However, work breaks can be given if agreed upon by the building principal, director, or supervisor.

### **Inclement Weather - School/Office Closing/Delayed Start**

At times, the starting time for the school day/workday may be delayed or canceled due to inclement weather. In addition, the superintendent may close offices at his/her discretion. When it is necessary to close offices due to inclement weather or other reasons, the day for 12-month employees becomes a "non-work paid day." 12-month employees who are required to work on such days will be paid additional straight time for the hours worked during an inclement weather week. For example, if there is no

school due to a snow day, and a maintenance employee is asked to come in to work 4 hours, he/she will receive his/her 8 hours of pay for the snow day, plus 4 hours that they worked on the snow day. (Overtime compensation pay will be paid to employees who work over forty (40) hours per week. The employee must have worked forty (40) hours before overtime will be paid.) All work paid time must be approved by the supervisor.

When it is necessary to close schools due to inclement weather or other reasons, the day for less-than-12-month employees becomes a “non-work paid day,” unless the Board requires the time to be made up.

The decision as to whether the non-work paid day(s) will be added at the end of the school year will be determined by the Board of Education.

### **Injury/Accident Report**

It is the responsibility of the classified staff member to report immediately any accident or injury occurring on the job to their supervisor. If an injury occurs at work, the classified staff member must report this incident within 5 calendar days. Any injury reported after 20 calendar days cannot be legally turned into a workman's compensation claim. Injuries that an employee does not wish to seek care for must be reported to their supervisor.

If medical treatment is required, the employee will be taken to Workplace Health Services at the Community Health Clinic of Southeast Kansas for evaluation. After-hour injuries will be treated in the emergency room at Mercy Hospital. The district accident forms are available at the district website under STAFF RESOURCES - Workers' Compensation and Accident Reporting.

It is the employee's responsibility to review the procedure for work-related injuries located on the district website. The district accident forms are available at the district website under STAFF RESOURCES - Workers' Compensation and Accident Reporting.

The board, through its designated workers' compensation coordinator, may require employees who claim or are involved in an accident in the course of employment to submit to a post-injury chemical test. This includes instances where the district administration or workers' compensation coordinator has actual knowledge of an accident, whether the employee has or has not requested medical treatment. If an employee refuses to submit to an employer-requested post-injury chemical test, the employee forfeits all related workers' compensation benefits as provided in K.S.A. 44-501(b)(1)(E). Testing and the procedures used, therefore, shall conform to all relevant Kansas statutes.

### **Required Physicals**

If an annual physical is required for employment or to perform a job duty, the employee will use the Community Health Clinic of Southeast Kansas Workplace Health Services provided by the district for this evaluation.

## **Grievance Policy**

Any employee may file a complaint with their supervisor concerning a school rule, regulation, policy, or decision that affects the employee. The complaint shall be in writing, filed within ten (10) calendar days following the event complained of, and shall specify the basis of the complaint. The supervisor shall meet with the employee and provide a written response within ten (10) calendar days. If the employee disagrees with the decision, the employee may appeal to the superintendent. The superintendent's decision shall be final.

## **Classified Council Committee**

The classified council will meet 5 times a year to review any concerns or needs within the school district. The committee members are made up of classified staff members, principals, directors, the chief operations officer, and one school board member. There is a least one committee member from each classified employee department on this committee. (Please see Appendix 2 for committee members).

## **Medication (administration of) in Pittsburg USD 250**

### **Policy**

Regulations for the administration of medication will be developed with the safety of school children being the primary consideration. The regulations will minimize the administration of medication to children during the school day or school-sponsored events.

### **Regulations**

1. Medication will be administered by the personnel of USD 250 to students when expressly authorized by the building principal, but only under the following conditions:
  - a. Written authorization from a parent/guardian and the attending physician or dentist must be delivered to the building principal. Said authorization shall contain detailed directions for the administration of the medication and shall be substantially in the same form as the form attached hereto and entitled "Authorization of Medication."
  - b. The medication must be in the container bearing the label of the pharmacist, and the said medication, along with the aforementioned written authorization.
  - c. Only oral and injected medications may be administered by classified personnel with signed authority.

- d. The building principal shall be responsible for assigning the administration of medication to the most appropriate staff member. The name of the staff member so assigned shall be available to all building personnel and interested parents.
  - e. An individual record shall be kept of each medication administered by school personnel. Said record shall contain the information outlined in the form attached hereto entitled "Medication Given at School."
  - f. A licensed healthcare professional shall be responsible for the supervision of the administration of medications, and persons administering medication shall seek professional advice whenever in doubt.
2. All prescription medication, whether or not the same is to be administered by USD 250 personnel, shall be delivered to the building principal as soon as the student arrives at the school. Students may be in possession of nonprescription medications, only if the student possesses parental authorization for such medication, or if such possession is expressly authorized by the building principal.
  3. All medication which is delivered by the building principal, whether prescription or nonprescription and including (but limited to) medication requiring refrigeration, shall be kept in a locked container under the supervision of the building principal and such medication shall be inventoried each semester by a licensed health care professional. Out-of-date medication shall be returned to the parent or shall be destroyed.
  4. Schools are strongly encouraged to provide an educational program for students aimed at the resolution of problems without medication at school, and proper identification of the student to receive the medication should be emphasized. It is also recommended that students be observed for reactions to medication for twenty minutes after administration. Furthermore, information on those to consult for unfamiliar medication should be made available to the person administering the medication.
  5. The district policy and regulations should be shared with all local physicians and dentists. Forms should also be made available to the health care providers in the community.
  6. As with any regulations established for the safety of students, emergency situations may arise in which strict adherence to a particular regulation is not appropriate; in such situations, good judgment must prevail.

## **PAYMENT METHODS**

All classified employees will be paid over 12 months in equal payments, with exceptions noted below.

The following positions will be paid by actual hours worked each month:

All classified employees are subject to 29 USC 201 et seq. (Fair Labor Standards Act) and the applicable administrative rules and regulations as may from time to time be promulgated or amended.

As of (PLACE DATE HERE), compensatory time will no longer be given to district employees. For those current employees who have compensatory time available, this time needs to be used up by June 30, 2024.

Overtime compensation pay will be paid to employees who work over forty (40) hours per week. The employee must have worked forty (40) hours before overtime will be paid. Sick days, vacations, holidays, and snow or heat days do not count as days worked, even if paid by the employer (according to the Fair Labor Standards Act). All overtime work must be authorized by your immediate supervisor.

## **PURCHASING PROCEDURES**

## **Authorization of Incidental Supplies**

Incidental supplies needed during the month for the various schools not previously authorized by the Board of Education may be authorized by the director of business operations. The superintendent may delegate authority to home economics teachers and lunchroom managers to order groceries. All supplies authorized must be purchased by an order to be issued by the purchasing agent of the Board of Education. Any employee purchasing supplies without authorization may be held personally responsible for the costs.

## **Purchase Orders**

Supplies, materials, and equipment needed in the operation of the schools of Unified School District 250 must be requested by the appropriate persons on a district purchase order. If the administration in charge of the account approves the request, the purchase order is forwarded to the Director of Business Operations who will check to ensure there are adequate funds available in the appropriate account to cover purchases.

The use of a credit card also requires a PO to ensure funds are available. It is preferred that the purchase order be obtained ahead of time or within 48 hours after the purchase.

## **Reimbursements**

Employees who submit a receipt for reimbursement must supply the itemized receipt to ensure the proper use of school funds. The receipt must show the items purchased on the receipt.

## **RELEASE OF PERSONAL DATA**

It is extremely difficult to establish procedures that will serve the legitimate interests of credit bureaus, credit unions, banks, retailers, finance companies, and collection agencies and at the same time protect the necessary confidential relations between school and family and between the school district and employees. However, due to the increase in the number of requests, some guidelines will be established for school administrative personnel to follow in responding to them.

## **STUDENT PRIVACY RIGHTS**

District employees may have ongoing opportunities to access confidential information or records that are required to be kept confidential. Much of the student information processed by the district employees is confidential, and state and federal law limits its release; for example. Driver record and vehicle registration information, confidential student records, criminal history background check information, information obtained pursuant to Social Rehabilitation Services (SRS) interventions, social security number information, and professional misconduct background checks.

Employees are prohibited from divulging information contained in the student records and files of the district, except to other, authorized employees who may need such information for an educational purpose in connection with their duties and to authorized persons or agencies only in accordance with the law, district policies, and administrative rules.

If an employee is approached to provide information inappropriately, the employee must refuse to release the requested information unless authorized by his/her supervisor or otherwise be required to release the information under law or court order. In all cases, the employee's immediate supervisor shall immediately be informed, of any requests.

Any employee who inappropriately releases information, or uses confidential information obtained in the course of his/her employment with the district will be disciplined in accordance with the board policies and district procedures. Disciplinary action may include penalties, up to, and including termination.

## **SECTION III - BENEFITS**

### **Holidays**

All full-time, twelve-month classified employees are entitled to the following holidays with pay:

Independence Day

Labor Day

Thanksgiving Day, and the day after Thanksgiving

Christmas Day, the day before and the day after Christmas

New Year's Day

Martin Luther King Day

Memorial Day

Optional Day to coincide with a non-school day at the superintendent's discretion

If a holiday should fall on a Saturday or Sunday, the actual day off for any department will be noted on the work calendar assigned to the employee.

In addition, the superintendent may take a holiday and place it elsewhere (i.e., one of the two Christmas Holidays may be substituted for the day before Thanksgiving).

### **LEAVE**

#### **Adoption Leave**

Any regular, full-time employee of the district may use a maximum of three (3) days of accumulated PTO leave because of the adoption of a child.

### **Catastrophic Leave**

From time to time, an employee may experience life events (illness, accident, natural disaster, etc.) that may cause him/her to be unable to complete the duties of their work. Employees who experience these events and who use their accrued PTO leave availability may apply to the district for catastrophic leave benefits.

It is the intent of this leave to provide solutions for employees who may be threatened by events that are beyond their control and provide a financial safety net for employees against such events.

Application for these benefits shall be made to the Superintendent who shall present the application for consideration to a committee consisting of the Classified Council, the employee's supervisor, and a member of the Board of Education.

This committee may recommend to the Board an extension of the employee's leave for any part of the remainder of the school year or until the employee is eligible for KPERS disability benefits. This recommendation will include the continuation of the employee's full salary and benefits or a partial continuation of the employee's salary and benefits. The committee's recommendation will be forwarded to the Board for consideration and action.

### **Legal Leave (Jury Duty)**

1. Legal leave shall be granted to employees without any deduction of days or pay for the purpose of fulfilling one's obligation to a jury summons.
2. In the case of being issued a court subpoena, the employee will notify the Superintendent who will enlist the assistance of the board attorney to submit a written deposition in place of a court appearance on the part of the employee. There will be no charge to the employee for this service. If submitting a deposition is not acceptable to the court, the employee will be given paid legal leave to meet this obligation.

### **Leave of Absence - Short Term**

All requests for a leave of absence, with or without pay, which extend six days or longer must be brought to the Board of Education for approval or disapproval. The superintendent has the authority to approve or disapprove a leave of absence, with or without pay that is five days or less in duration. Guidelines that will be used by the superintendent in determining the merit of each request include:

1. Past history of the absences used by the employee.
2. The extent of educational benefits will be lost.
3. Personal leave will not be used in conjunction with the leave request.

4. A competent substitute, the opinion of the administration, can be secured for the days missed.
5. There is adequate time for planning by the administration and substitutes.
6. It is not an extension of paid time off as scheduled on the official school calendar.

The superintendent will report to the Board of Education all requests for a leave of absence submitted and the outcome rendered.

**Paid Time Off (Approved by BOE - March 2025)**

**Purpose**

Recognizing that work constitutes a significant part of an employee’s life, balancing work and personal activities is crucial to ensuring high performance and a positive work environment. To support this philosophy, Pittsburg Community Schools USD 250 has developed a paid time off (PTO) plan that combines vacation, personal, and sick leave into a single program. PTO is designed to cover leave for vacation, personal sickness, family sickness, and personal or family activities. On July 1st, the annual PTO accumulation begins.

**Accrual Rate**

Full-time, twelve-month employees will accrue PTO according to the following schedule. PTO accrues monthly based on hours worked according to the employee’s work agreement.

**12-Month Employees**

<u>Years of Service</u>	<u>Days per Month of Employees Work Agreement</u>	<u>Days per Year</u>
1 - 10 years	2 days	24 days
11+ years	2.42 days	29 days

Employees who work less than twelve months and more than 4 hours per day will accrue 12 days of PTO per year. PTO accrues monthly based on hours worked according to the employee’s work agreement. **Employees who work less than 4 hours per day will not accrue PTO.**

<u>Years of Service</u>	<u>Days per Month of Employees Work Agreement</u>	<u>Days per Year</u>
1 + years	1 day	12 days

**New Hire**

New employees cannot use PTO until they have completed their 90-day probationary period. New hires who start their position at the beginning of the school year will accrue PTO according to the following schedule.

<u>Years of Service</u>	<u>Days per Month of Employees Work Agreement</u>	<u>Days per Year</u>
0 - 1 years	1 day	12 days

New hires who start their position at a time other than the beginning of the school year will earn one day of PTO for each month worked, up to a maximum of 10 days. Days are calculated and accrued based on the months remaining in the employee's work agreement.

### **Procedure**

PTO must be preapproved by and prescheduled with the employee's supervisor. It must be taken in quarter-hour (15-minute) increments and may not exceed the number of hours the employee is scheduled to work. In case of an emergency, however, employees shall be allowed to take up to three consecutive days of unscheduled PTO with less than 48 hours' notice, regardless of the applicable workload.

Supervisors may deny leave requests based on the department's staffing needs, even if employees have a sufficient leave balance. We recommend that employees submit leave requests at least two weeks in advance to allow supervisors adequate time to assess staffing levels and make necessary arrangements. **Requests for leave without pay must be submitted in writing to the Superintendent for approval.**

Employees can carry over accrued and unused PTO time from one calendar year to a maximum of 135 days. Upon termination of employment, employees will be compensated for a maximum of 10 days of their earned but unused PTO.

**Provided the employee ends the school year with at least 130 days of accumulated PTO, the employee may submit a request in writing to Human Resources by June 1st for reimbursement of, at most, five unused PTO days at \$50.00 per day. Payment will occur with the June payroll.**

### **Transitioning to the Paid Time Off policy (for the 2025-2026 and 2026-2027 School Year)**

Classified employees can carry over unused vacation days earned during the 2024-2025 academic year. Before the end of the school year, the employee will receive their annual accumulation for the 2024-2025 academic year.

For the 2025-2026 academic year, employees whose start date was before June 30, 2025, will receive 50% of their annual Paid Time Off (PTO) accumulation on July 31, 2025. The remaining amount of their annual PTO will be accrued every month.

Example: Employees who work less than twelve months and more than 4 hours per day earn an annual PTO accumulation of 12 days. Six days will be front-loaded and available on July 1, 2025. The remaining six days will be accrued at .5 days per month.

### **(Change to PTO Leave Pool)**

There is hereby established a pool of PTO leave for use by employees. The PTO leave pool shall be used in the event of prolonged illness or disability and will be implemented as follows:

Each employee shall be a member of the PTO leave pool and eligible for benefits therein.

1. Each employee shall contribute one (1) of his/her sick days per year to the PTO leave pool during the first three (3) years of employment. After the contribution of three (3) days, the employee shall be considered vested in the PTO leave pool.
2. All applications for use of the PTO leave pool shall be submitted to Human Resources.
3. Upon the contribution of one (1) day to the pool, the employee is eligible to request days from the pool.
4. If the accumulated days in the PTO leave pool are less than five hundred (500) days on September 1 of any year, all vested employees shall also contribute one (1) additional day to the pool.

5. If accumulated days in the PTO leave pool are less than one hundred (100) days at any time during any year, all vested employees shall contribute one (1) additional day to the pool in order to replenish the days.
6. Days contributed by an employee (member) become a permanent part of the pool and will not be refunded to that employee.
7. Any employee who wishes to use the PTO leave pool must provide evidence that the employee or eligible family member is under a doctor's care and present a written formal application to the PTO leave screening board which shall consist of:
  - a. The Superintendent or his/her designee;
  - b. The principal or supervisor where the applicant is employed;
  - c. A member of the Classified Council; and
  - d. The Clerk of the Board.
8. No screening board member shall vote on his/her own request. If the applicant is one of the foregoing, an alternate shall be appointed by the remaining committee members.
9. The application must include a written statement concerning the inability to work. The HR Director may require a statement from the employee's physician certifying that he/she is incapable of performing his/her duties as a result of the prolonged illness or disability. The physician may be asked to certify in writing the number of days of absence the given illness or disability requires.
10. A simple majority vote of the screening board shall be considered to be an affirmative vote for the applicant.
11. Written notification of approval or other disposition of the application will be made by the screening board to the applicant.
12. Before using the PTO leave pool, each employee shall have depleted his/her accumulated paid time off.

13. The PTO leave pool may not be used to cover employees who are receiving pay from workers' compensation.
14. At the end of each contract year, the unused days in the PTO leave pool shall be carried over into the PTO leave pool for the next contract year.
15. No employee may draw more than (30) contract days from the pool during any school year (July 1 - June 30).
16. The provisions of this section shall apply only to employees, his/her spouse, parents of the employee or spouse, and children or stepchildren of the employee. PTO leave benefits for families as defined in this section will be limited to a maximum of ten (10) days per employee per year.
17. The classified PTO leave pool may be used for bereavement pay if the employee has used all of their paid time off. The PTO leave pool for bereavement will be limited to (5) days and shall apply to his/her spouse, parents of the employee or spouse, and children or stepchildren of the employee.

(Please see PTO Leave Committee Members in Appendix 2).

### **Bereavement Leave**

1. A maximum of five (5) days shall be allowed in case of the death of a child, spouse, parent, grandchild, or corresponding in-laws.
2. A maximum of three (3) days shall be allowed in case of the death of a sibling, grandparent, or corresponding in-laws.
3. A maximum of one (1) day shall be allowed in case of the death of an aunt or uncle, nephew or niece, or corresponding in-laws.

4. Bereavement leave may be taken any time within thirty (30 days of the death of a family member. Days do not have to be taken in consecutive order.
  
5. Additional bereavement days may be granted by the superintendent of schools at the request of the staff member.

## **LEAVE WITHOUT PAY**

### **Emergency Leave**

Emergency leave will be granted for time lost due to natural disasters, legal obligations, family emergencies, and travel-related emergencies. Applications shall be made to the Superintendent. Emergency leave days that are granted will be charged to PTO leave.

### **Extended Leave**

Extended leave for a maximum of one year may be granted by the Board to employees who request such a leave. Such leave (if for a school term) shall be requested by February 1 for leave during the following school year. A request indicating the reason for a leave of absence shall be submitted to the Superintendent who shall present it to the Board for consideration. Leave may be requested for the following:

- 1) A leave of absence for one year will be granted to employees who welcome a new child to their family by birth or adoption.
- 2) A leave of absence will be granted to employees for other reasons that are approved by the Board. For leave periods of less than one year, the leave may be granted at the option of the Board.

An employee on a leave of absence will be required to notify the district by February 1 of the intent to return to the district the following year. Failure to notify the district of intent to return by this date will result in forfeiture of the right to return. Applications for leaves that do not correspond with the beginning of the school year may have different dates for consideration of applications and notification of return. When such dates differ from the standard dates, this will be noted in the application and subsequent approval.

A leave of absence year will not count toward accrued experience in the district for purposes of salary calculations or PTO leave. Returning employees will retain leave and salary placement accrued before the leave. Extended leaves of absence are without pay, however, the employee may remain in the district's medical insurance group by timely payment of premiums during the term of leave.

Employees returning to regular employment following a leave of absence will be placed in a position similar to the position vacated before the leave but are not guaranteed a return to the same position. An employee returning from Extended Leave is encouraged to be an attendant to relevant vacancies as they are posted and to apply for any position for which he/she desires to be considered. Employees making said application in a timely manner shall be granted an interview. Any employee not placed by April 15 will be placed in a position similar to the position vacated before the extended leave but is not guaranteed a return to the same position.

- B. The employee requesting the benefits shall notify the Superintendent in writing no later than the last workday in February. If the untimely request for retirement is granted, the approval shall include both the annual stipend and the payment for unused PTO leave as allowed in this provision.
- C. Eligibility. An employee is eligible to retire if he/she:
  - 1. has ten (10) or more years of continuous employment with the district and,

2. meets the KPERs guidelines for retirement and actually retires through KPERs.

If it is the intent of the Board to break the continuity of employment when granting leave, the employee will be notified in writing when the leave is approved.

Qualified rollover options may allow a terminated employee to defer taxation until a later date.

G. If any provision of this plan is determined to be in violation of Federal and State laws or regulations, and the plan cannot be brought into compliance by a practical and reasonable means, then the entire plan shall immediately terminate and shall be of no further force or effect unless re-adopted by the Board. The Board of Education will provide a Section 125 Cafeteria Employer Paid Plan for classified staff. Options will include Health Insurance, Group Term Life Insurance, Salary Protection Insurance, Cancer Insurance, Dental, Vision, Medical Reimbursement, and Dependent Care. The employee cannot change any options between October 1 and September 30, unless family status changes as follows: marriage, divorce, birth or adoption of a child, death of a spouse or child, or change of employment for the employee's spouse. The Board of Education retains the sole right to select all common carriers of all benefits.

Under these circumstances, the Board of Education reserves the right to alter, modify, or terminate the Section 125 Cafeteria Paid Plan in order to be in compliance with these rule changes.

Employees will be eligible to participate in the Section 125 Cafeteria Employer Paid Plan on the first of the month following the employee's probation period. Employees working less than 20 hours per week are not eligible for the board-paid benefit. The board-paid amount will be prorated for less than full-time employees using the following schedule:

Employees working 20 to 24 hours per week:	50% board-paid health benefit
Employees working 25 to 29 hours per week:	75% board-paid health benefit
Employees working 30 hours or more:	100% board-paid health benefit

### **Shared Board Benefit**

Employees who participate in the district-provided group health insurance through Greenbush Health and whose spouse is employed in another district or Interlocal that also participates in Greenbush Health may pool their fringe benefit dollars toward an employee/spouse or full family plan. The fringe may only be applied to the health insurance premium.

This arrangement shall require an agreement between the two districts and shall run from year to year until severed by either district. The employee may provide a preference as to which district carries the policy, but the final determination shall be made by the districts. Special consideration will be made to ensure districts meet minimum participation guidelines from the insurance carrier.

The amount forwarded from the first district to the second district shall be up to 100% of the fringe amount specified in this agreement. However, if the combined negotiated fringe amounts exceed the premium for the selected plan, then each district's contribution shall be reduced equally. For example, if the combined fringe amount for the two districts is \$725 and the selected employee/spouse premium is \$625, then each district reduced its fringe obligation by \$50 per month.

### **TUITION ASSISTANCE**

Classified employees having full-time employment status with the district are eligible for tuition assistance according to the following guidelines.

A tuition pool is established for classified employees who work at least thirty (30) hours per week and are taking level 300 courses or above.

- A. Up to \$2,500 will be set aside for each semester - Summer, Fall, and Spring.
- B. Employees are eligible for up to six (6) hours of tuition assistance per semester-summer, fall, and/or spring.
- C. In the event that requests exceed the amount available, tuition assistance will be provided in the order the requests were submitted, except that each employee shall only be eligible for up to three (3) hours of assistance granted per day. This is to ensure a more equitable distribution of the tuition assistance money. Requests beyond that limit will be acted upon the following workday, provided funds still remain.

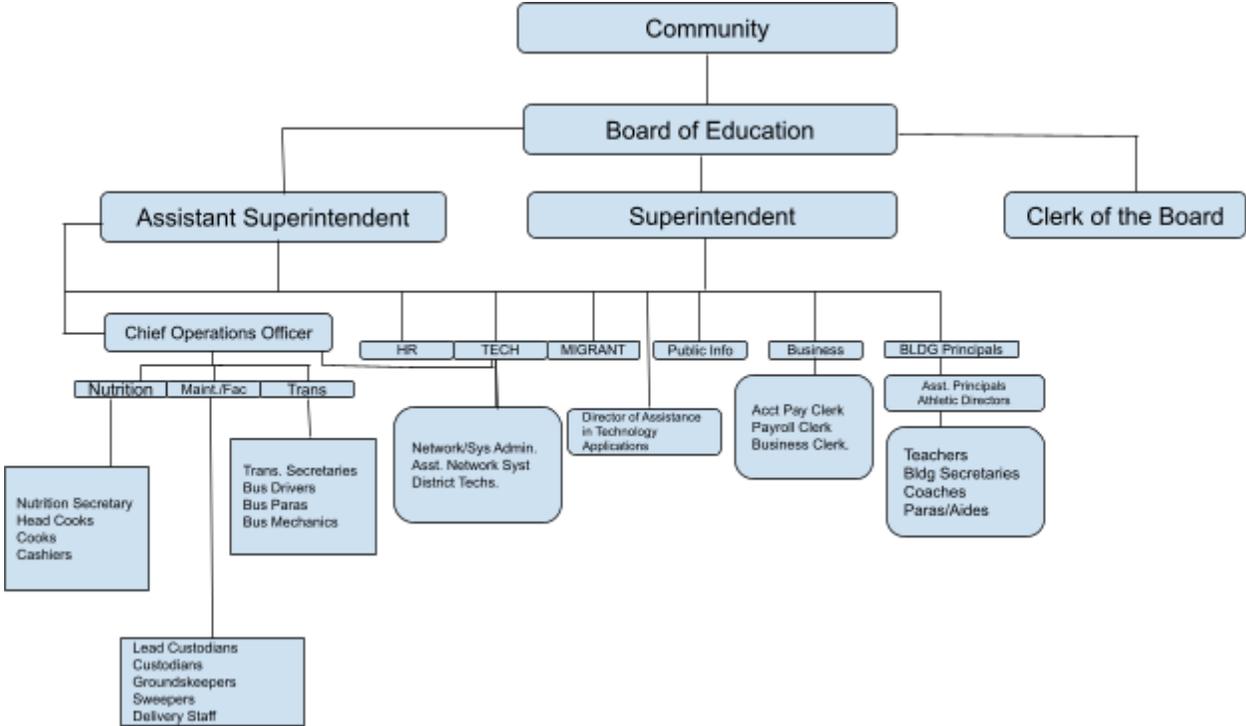

D. Classes must be taken, if offered, from Pittsburg State University to be eligible for reimbursement. Exceptions shall not exceed the Pittsburg State University course rate.

E. The district will reimburse 50% of the tuition, excluding fees (since fees are included in their hourly tuition rate and will not be reimbursed), books, and materials, upon proof of the successful completion of the course and a "Pass" in a non-graded course.

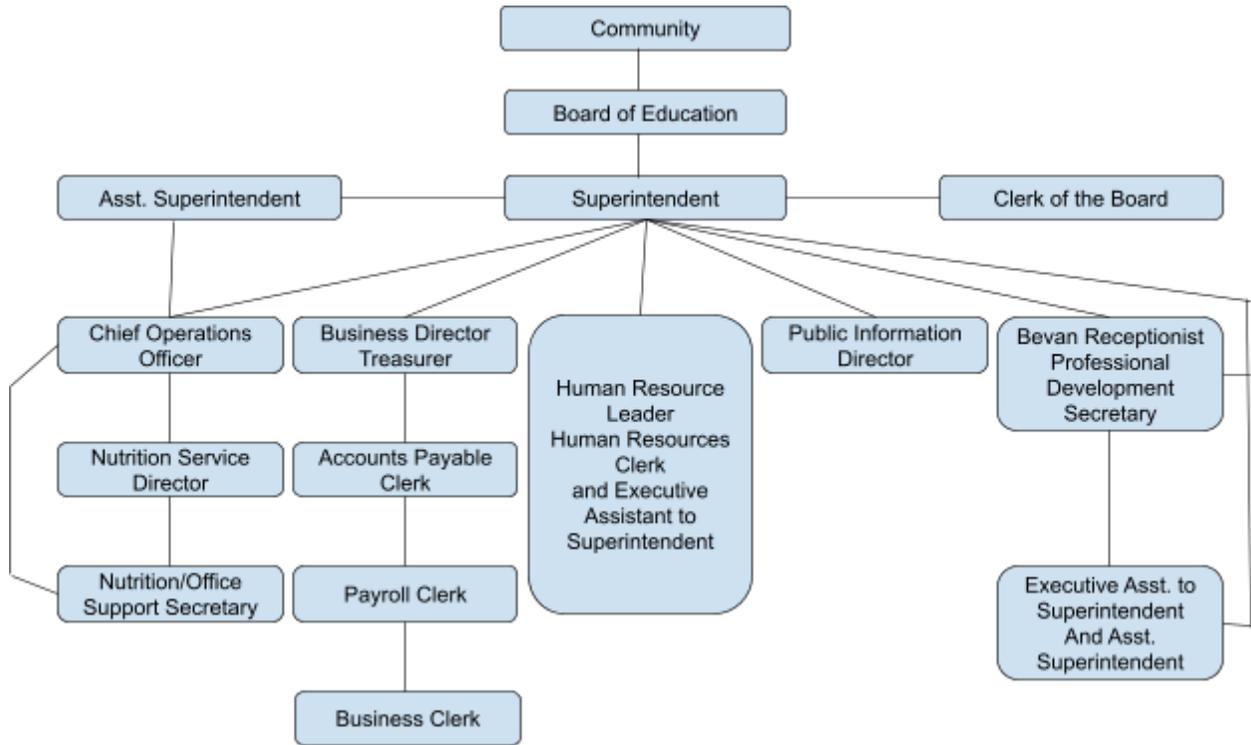

F. Proof of completion that includes the semester, course, hour passed, grade(s), and employee's name, in the form of the grade sheet or unofficial transcript, along with copies of receipts that indicate the cost of the tuition, fees, and lists any grants or scholarships received, shall be made within 30 days of the end of the class.

G. The tuition pool will be opened for requests no earlier than two weeks prior to the first day of classes for that session. The employee will receive written notification regarding the request within one week after the date of the submission. The tuition pool will remain open until one week after the first day of class or until funds are exhausted, whichever comes first.
