Steilacoom Historical School District provides developmental screenings for children between the ages of **three and five** to identify possible delays in language, motor, cognitive, or social emotional development.

If you have questions or concerns about your preschooler's development, or to refer a child for evaluation, contact our Student Services Department to schedule a screening.

For children ages **five through 21** who may have a suspected disability, call your neighborhood school and ask for the school psychologist or the school counselor.
