He also informed Mrs. Lopez and the community that he is working on having the Board of Education visit school sites.

MINUTES
REGULAR MEETING
OF THE BOARD OF EDUCATION
THURSDAY, February 25, 2021

Mr. Hardie thanked the District for the thorough presentation on the breakdown of the disbursement of funds. He suggested keeping this information on the disbursement of funds separate from other COVID updates; this in turn, will make the information available as reference of the expenses incurred due to the pandemic and help keep the transparency between the District and the community.

Ms. Renteria inquired about the District's communication with the community as far as making the safest learning environment for the students. Ms. Renteria would like to see a video made from each school site to show the families that every school is ready to bring students back.

Superintendent Crosthwaite shared that a videographer is scheduled to create a sample video of the safety protocols that principals can use as a template. He stated that parents are encouraged to contact school sites to personally see the measures being taken to prepare for the reopening of schools.

Ms. Renteria informed the District of the frustration the parents are feeling when it comes to technology. She made the District aware that parents are having a hard time reaching out for assistance with technology. Ms. Renteria suggested having a clearer website where parents can access links to the different activities being held throughout the schools. She would like to see a better representation as a task force by school site. She would like to see principals included and to open it up for more parents to participate.

Superintendent Crosthwaite informed Ms. Renteria and the community that parents can visit school sites and/or the District during our normal working hours for assistance.

Mr. Hardie posed the interest of the community in wanting to know the allocated funds for technology for each school site. Mr. Hardie would like to see a grading rubric for the reopening of schools. He would like to see this process every year and across the board throughout the District.

Mr. Fromm shared that funds were allocated to each school site for administrators to spend according to the needs of the students.

Dr. Castro echoed Ms. Renteria's opinion on having better communication with our parents. She would like for the District staff and school sites to work together to build a streamline website that improves communication across the District for parents.

Mr. Morales would like to know when the classrooms will actually look as ready as what has been shown on the presentation slides. He suggested having parents participate in walk-throughs at school sites in preparation of bringing back students. He stated this would make the community feel safe in sending students back to school.

Vaccine Update

Superintendent Crosthwaite introduced Dr. Lucas to provide an update on the COVID vaccines based on an Emergency LACOE meeting, held at the Los Angeles Department of Public Health, for Superintendents.

Dr. Lucas, Assistant Superintendent of Human Resources, shared that starting March 1st, in partnership with St. John's, all educational sectors are eligible for the vaccine. He shared that unfortunately there are not enough vaccines for everyone. Therefore, the County has set aside dedicated appointments for educators, this includes food service, custodial, and school staff as well as administrators. Dr. Lucas shared that depending on the number of appointments scheduled, they will move on to the next level of prioritization for vaccination. He stated that until we can get St. John's at one of our facilities, the first vaccines will most likely take place at one of St. John's facilities.

Mrs. Lopez appealed for an increase in vaccines in the city.

Superintendent Crosthwaite reassured everyone that the District is doing their part by partnering with St. John's to increase access to the community.

Mr. Hardie would like to see St. John's work in conjunction with Lynwood Community Adult School vocational nursing program.

Dr. Lucas informed the Board of Education that clerical staff and the Licensed Vocational Nursing program would be available to assist St. John's during the vaccination process at our sites as needed. St. John's has been a valuable and trusted partner for the County in working to reach the entire region. Dr. Lucas answered Dr. Alma Castro's question in regards to transportation for employees to and from the vaccination facility.

Mr. Morales suggested the adoption of a resolution for staff to be vaccinated prior returning to work for the protection of both the students and staff.

Superintendent Crosthwaite closed the Superintendent's presentation session stating that the District's employees are anxiously waiting to get vaccinated.

10.C. Board Members' Reports

Dr. Castro greeted and thanked the Superintendent, Cabinet, and staff for all of the work they have done leading up to the informational sessions. She invited the community to continue to reach out and ask questions on the use of funds and provide suggestions on the transition of the Lynwood High students to Lynwood Middle School.

**MINUTES
REGULAR MEETING
OF THE BOARD OF EDUCATION
THURSDAY, February 25, 2021**

Mr. Hardie will be joining the State's Senate for a talk during a Black History Month where he intends to speak on the history of people of color being at the end of the line when it comes to resources which fall in line with the racial disparity.

Mr. Hardie shared his frustration with the Lynwood High School situation and would like for the District's next phase of communication to be explained to the community as to how we got to the situation that we are facing at this moment. He would like for multiple ways of transmitting the Board meetings. Mr. Hardie explained the malfunction, at times, with the virtual transmission of the meetings; therefore, he suggested to send out a newsletter or to use other forms to communicate information out to the community. He thanked Mr. Fromm for his presentation, however, he feels that parents might not have heard it all.

Mr. Hardie addressed the District's staff community and assured them that there is no rush to open up school. He stated that the Board of Education, as well as the District's main focus is the safety of the students.

Mr. Morales echoed the sentiments of his colleague on the issue of the lack of the vaccinations within our community. He is happy to know that the vaccine will be available for staff in mid March. He would like for the community to have access as-well to the vaccine. Mr. Morales recalled a post of a substitute teacher saying that returning to work could potentially mean coming to their death, which is something this substitute teacher is willing to do. He hopes that the District and the school Board could afford the protection that the employees need to continue to educate our community.

Ms. Renteria echoes the importance of leveraging the resources throughout the District. She shares the frustration to be able to do more for the community. Ms. Renteria asks for the District to follow the resources necessary to assist our staff and our community in getting vaccinated. She states there is a need to act and that it needs to happen fast. She would like to see more clarity and consistency when it comes to explaining to the community how the District makes their decisions such as the priority list for vaccinating.

Mrs. Lopez thanked the Superintendent and staff for what is being done in the vaccination process. She encourages everyone to get inoculated for the safety of oneself and others. Mrs. Lopez would like for the District to continue promoting vaccination for the safe reopening of our schools and to avoid any District liability.

15.C.1. Review of Emergency Repairs and Consideration of Need for Continued Action at District Middle School Sites in Relation to the Transition of Moving Lynwood High School to Lynwood Middle School Campus

Rationale:

On February 11, 2021, the Board adopted Resolution No. 20-21/24, authorizing the emergency repair and replacement of facilities and procurement of equipment and services to enable timely transition of moving Lynwood High School to Lynwood Middle School campus. Because of the necessary relocation of students and reconfiguration of operations caused by the unavailability of Lynwood High School, repairs and equipment are needed at the District's middle schools and other District campus sites to provide adequately equipped facilities and available space for classroom instruction and essential educational services. Resolution No. 20-21/24 delegated to the District's Superintendent or designee the authority to execute contracts and take all actions necessary to execute and implement those contracts, such that one or more contractors may be selected to perform the necessary emergency repairs.

If a person with authority delegated under Public Contract Section 22050(b) orders action under Section 22050 without giving notice for bids, that person is required to report to the Board of Education within specified time periods the reasons justifying why the emergency will not permit a delay resulting from a competitive solicitation for bids and why the action is necessary to respond to the emergency. Actions listed in the Public Contract Code include the repair or replacement of a public facility, the procurement of necessary equipment, services, and supplies, or other related and immediate action required in the case of emergency.

The Board of Education also is required to review the emergency action and determine, by a four-fifths vote and at each regularly scheduled meeting, that there is a need to continue the action taken. When the Board of Education reviews the emergency action, it must terminate the action at the earliest possible date that conditions warrant so that the remainder of the emergency action may be completed by giving notice for bids for contracts.

School/Location: Lynwood High School

Description: Extra Duty Hours for Lynwood High School Teachers to Teach SEL Skills

Rationale: The administration requests approval for extra duty hours for Lynwood High School teachers to teach and participate in a SEL (Social Emotional Learning) course. Students acquire and effectively apply the knowledge, attitudes, and skills necessary to understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships. During social distance learning, SEL has become even more important as our students are feeling lonely and overwhelmed.

The SEL committee will develop SEL activities to re-engage students who are feeling disconnected and isolated during distance learning. The plan would include summer planning (must end by June 30 to use 2021 monies) for re-engagement upon return to in-person. As we all know, returning to in-person instruction will take some time to adjust. The SEL committee would plan activities to support staff/students during this process.

REGULAR MEETING OF THE BOARD OF EDUCATION

Thursday, March 11, 2021

Education Center 11321 Bullis Road, Board Room B-105, B-106, Lynwood, California, 90262

16.D.4. Request Approval of the 2020-2021 Second Interim Report

Rationale:

Staff requests Approval of the 2020-2021 Second Interim Report

Pursuant to Education Code (EC) 42130 and 42131, school districts are required to certify at least twice a year, the districts' ability to meet financial obligations for the remainder of the current fiscal year and the subsequent two fiscal years. This is referred to as the Interim Report. There are three types of certification:

- Positive - A school district, based on current projections will meet its financial obligations for the current and two subsequent fiscal years.
- Qualified - A school district, based on current projections may not meet its financial obligations for the current and subsequent two fiscal years.
- Negative - A school district, based on its current projections will be unable to meet its financial obligations for the current and subsequent two fiscal years.

The 2020-2021 Second Interim financial projections indicate that the district will meet its financial obligations in the current and subsequent two fiscal years and warrant a positive certification.

16.D.5. Request Approval of Board Approved E-Rate Contracts From 2021-2024 School Year

Rationale:

The administration requests approval for the contract listed below for fiscal years 2021-2024.

- BID # 010821-SM was awarded to SPECTRUM for 10GB District-Wide Area Network Services.

The District procurement staff conducted a BID to acquire a company that can provide District-Wide Area Network Services and obtained quotes for an Internet Service Provider. The recommended contract includes a three year term. The project will start in the summer of 2021 following approved funding commitments received through the E-rate program.

Thursday, March 11, 2021

Education Center 11321 Bullis Road, Board Room B-105, B-106, Lynwood, California, 90262

16.E.1. Request Approval to Renew an Agreement with the Lynwood Partners Educational Foundation for the 2021-2026 School Years

Rationale:

The administration requests approval to renew an agreement with the Lynwood Partners Educational Foundation for the 2021-2026 school years. The District has been in partnership with Lynwood Partners Educational Foundation since 2015.

Lynwood Unified School District and Lynwood Partners Educational Foundation (LPEF) have established and maintained a rewarding partnership that supports student success and District needs. Last year, the LPEF raised \$480,000 to support LUSD and provided over \$30,000 in scholarships for students, while raising \$50,000 to support LUSD families through its COVID Response Fund.

The Lynwood Partners Educational Foundation was instrumental in the District receiving grants from Kaiser Permanente, W.M. Keck Foundation and the California Community Foundation. These efforts yielded grants totaling \$140,000 for direct services to students.

The Lynwood Partner Educational Foundation supports LUSD through the following:

- Scholarships
- Grant Writing
- Teacher Grants
- Facility Improvement Efforts
- COVID Relief Support for Families

This updated agreement reduces Lynwood Unified's financial support for LPEF by 20% at years 4-5 that would pay for the Foundation's overhead, while also providing office space and furniture, clerical support and a license to develop and maintain an alumni database.
