Dr. Shawna Dinkins Honored at Lynwood City Council Meeting

Black History Month

In honor of Black History Month we wanted to honor the historic events that have taken place in our nation this year. We celebrate the 20-21 theme of representation, identity, and diversity. The United States has the first female vice-president of Asian and African-American descent. The District will celebrate year long the many contributions of African Americans to our country.

Scholarship Essay Writing

- Create A Strong Introduction**
Instead of starting off with a general overview, why not hook your reader with a surprising first line?
- Keep Good Structure**
It's important to make sure that your reader can follow along with your essay without too much effort. To create an outline, first organize your thoughts.
- Show Emotions**
Showing your emotion is a great way to do that and to get the reader personally invested in your essay. Showing emotion can help the reader see you as a person, rather than a faceless author.
