In a letter we received from CASL they said, "Lynwood High School student leaders have participated in professional training, provided their peers a voice in administration, united the campus with common experiences, used traditions to create a sense of pride and belonging, promoted achievement, offered safe and inclusive social opportunities, encouraged a culture of service, honored diversity, communicated vision clearly, concentrated on character education, and creating lasting connections among the students of their school." We are not only thankful for this recognition but also for our Activities Director Mrs. Camacho for her dedication to student leadership. Lynwood High School is truly privileged to have such a committed professional on their side. Your ASB kids love you very much. We are very honored and please to have been recognized by the CADA organization. As a Student Council we are committed and full of pride to making Lynwood High School a great school.
