TO: Board of Education, Superintendent and Cabinet
FROM: Vanessa Cruz, ASB President
SUBJECT: Student Board Report

Board President Ms. Renteria, Members of the Board of Education, Superintendent Paul Gothold, Lynwood Unified School District officials, fellow students, friends, and family members. Good evening.

My name is Vanessa Cruz, and I am the Associated Student Body President at Lynwood Community Adult School.

On Thursday, October 13, 2016, the Adult School hosted its first ever Halloween themed Back To School Night Community Event at the Atlantic site. This event attracted over 250 community members. This evening would offer a unique opportunity for student's children as they could visit different tables to see what their parents were learning and to check on their parent's progress. After taking care of the serious business of children/teacher conferences, the children participated in a costume contest and played a variety of fun and spooky games. The kids ended the night by Trick or Treating through the different academic departments. During the event, there were many questions about our programs from community members who live near the Atlantic site but only thought we were open during the day. They were delighted to know we offered the same programs and courses during the evening at the Imperial (LHS) site. Finally, thanks to the food truck that remained busy an hour after the event was over.

In October, the Adult School received a report from Pearson Vue which stated that the Adult School had tested over 100 examinees for the month of September. That means that since August 2016, the Adult School has tested over 210 examinees in its Pearson Vue computer lab. In addition to Pearson Vue testing, the Adult School offers the HiSET which is also recognized by the California Department of Education as being equivalent to a High School Diploma. The HiSET is a paper/pencil version of the High School Equivalency exam and is offered by the Adult School once a month.

This concludes the Lynwood Adult School Student Board Report.
