**AGENDA ITEM: REQUEST APPROVAL FOR A TEACHER COLLABORATION PROGRAM
SUPPORTED BY THINK TOGETHER FOR KINDERGARTEN TO SIXTH
GRADE STUDENTS AT ALL ELEMENTARY SCHOOLS FROM OCTOBER
10, 2016 THROUGH MAY 12, 2017**

BACKGROUND INFORMATION:

The administration requests approval for LUSD to contract with THINK Together to support a teacher collaboration program in order to release teachers during the school day to engage in Data Reflection Sessions and guided planning for the 2016-2017 school year. By collaborating with THINK Together for a pilot program in the 2015-2016 school year, LUSD was able to significantly reduce the cost of subbing teachers out of the classrooms to support these programs.

THINK Together staff will be used to sub out teachers who are then able to meet with peers to collaboratively design lesson plans, analyze student data, and identify and plan specific interventions for students. All K-6 teachers will have dedicated time for data reflections sessions as well as guided planning while limiting the need for substitute coverage. During these sessions, THINK Together staff will work side-by-side with a credentialed lead substitute teacher for each grade level to provide 100 minutes of physical education curriculum and instruction to K-6 students as required by California Education Code. Cost for the program includes staffing to ensure appropriate student-teacher ratios.

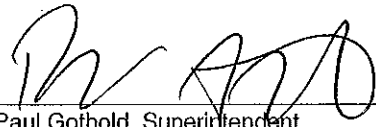

Cost includes \$740 for each day of service, which includes a flat daily rate of \$240 per credentialed teacher, and five program leaders at \$100 each. Materials and equipment costs will be funded by the District.

BACKGROUND INFORMATION:

The administration requests approval to extend the agreement with Southern California Crossroads to continue intervention programs for middle school students and AdvancePath students from September 28, 2016 to June 30, 2017.

Through this partnership, LUSD secondary students will continue to receive mentoring, mental health group sessions, leadership skill development and explore filmmaking through sophisticated theory and practice. These experiences provide students with hands-on opportunities to video capture, edit, and create a short video presentation about making a positive change in their own community. They will provide community intervention workers in each middle school to prevent and address student related issues which stem from community violence and gang related issues. Additionally, Crossroads will provide administration and staff with resources and strategies to increase their capacity of addressing community related issues.

**AGENDA ITEM: REQUEST APPROVAL TO CONTINUE PARENT PROJECT PROGRAM
AT LYNWOOD HIGH SCHOOL DURING THE 2016-17 SCHOOL YEAR**

BACKGROUND INFORMATION:

The administration requests approval to continue to provide the Parent Project Program for parents during the 2016-17 school year at Lynwood High School.

The program, now in its fourth year of implementation, provides strategies and techniques for parents with at-risk youth on how to deal with strong willed and/or out of control children.

The Parent Project Program is a court-approved parenting class which could be mandated for parents to attend if they have a SART/SARB contract or if they have mandated interventions through the Los Angeles County Courts. At LHS, teachers recommend families whom they have identified as needing additional assistance because their situations may be impeding their ability to succeed academically. Some teachers also recommended students and their families who may benefit from learning how to foster positive relationships in the academy.

Classified staff members of the School Attendance Recovery Team have been trained to facilitate the sessions, in both English and Spanish. Childcare and light refreshments will be provided. Each session is concluded by a culminating activity, where participants are recognized for their accomplishments.

Two sessions (English and Spanish) will be provided. Approximately eighty five parents will participate in each session.

Cost includes consultant fees, instructional materials, child care and refreshments.

Support for Proposition 55

RESOLUTION NO. 16-17/04

***In Support of PROPOSITION 55:
The California Children's Education and Health Care Protection Act of 2016***

WHEREAS, the Lynwood Unified School District's Board of Education is committed to making policy and financial decisions that enable the school district to provide quality educational programs and services to the school-age children of our community; and

WHEREAS, during the recent recession, the state cut more than \$56 billion from education, healthcare and other critical services; and public schools statewide experienced unprecedented funding reductions and apportionment deferrals; and

WHEREAS, California public schools rank 42nd out of the 50 states in per-pupil spending;

WHEREAS, many of California's schoolchildren come from low-income families that lack access to the health care services needed to keep those children in school and learning; and

WHEREAS, California public schools are the most crowded in the nation, and California students have fewer guidance counselors and librarians per student than any other state in the nation; and

WHEREAS, passage of Proposition 30 in 2012 helped increase state revenues and prevented further cuts to schools, providing a significant boost to California's K-12 school spending and sending funds directly to school districts through the Education Protection Account; and

WHEREAS, the revenues from Proposition 30 will decline after 2016 and will disappear completely after 2018, the last year its provisions will be in effect; and

WHEREAS, Proposition 55, the California Children's Education and Health Care Protection Act of 2016 would extend the Proposition 30 temporary income tax rates for an additional 12 years, to continue funding the Education Protection Account and boost spending on health care for low income families; and

WHEREAS, unless Californians extend the Proposition 30 temporary tax increases, the state's schools most likely will receive relatively fewer dollars in the years ahead, raising the prospect that California's school spending will fall even further behind the nation, and as a result, students will be in danger of falling further behind their peers across the nation; and

WHEREAS, the District stands to lose millions of dollars currently provided in its Local Control Formula Funding allocation from the state should the Education Protection Account funds disappear; and

WHEREAS, the California School Boards Association, the California Teachers Association, the California School Employees Association, and the Service Employees International Union support Proposition 55, the California Children’s Education and Health Care Protection Act of 2016; and

WHEREAS, the Lynwood Unified School District, joins with other school districts within the State of California in support of Proposition 55 and the continued support, protection and funding of the Education Protection Account.

NOW THEREFORE BE IT RESOLVED, that the Lynwood Unified School District Board of Education joins the California School Boards Association and governing boards around the state in supporting Proposition 55, the California Children’s Education and Health Care Protection Act of 2016 and in urging the Legislature to work with the public education community to identify stable, long-term, adequate funding solutions for public schools.

BE IT FURTHER RESOLVED, that the Lynwood Unified School District Board of Education supports the passage of Proposition 55, the California Children’s Education and Health Care Protection Act of 2016, and urges the voters of California to inform themselves about this measure as it provides much needed revenue to public schools to meet the needs of our students to have a healthy learning environment, clean campuses, stocked libraries, healthy meals, arts and music programs, the path to 100% graduation, equity and access to the educational and health services they need to succeed in school.

Passed and Adopted by the Governing Board of the Lynwood Unified School District on September 27, 2016.

Item pulled for discussion and separate vote:

- 11.8 Request Approval to Renew Agreement with Principal's Exchange to Provide Professional Development Services from August 1, 2016 to June 30, 2017

Mrs. Lopez moved this item for discussion; seconded by Ms. Gonzalez.

Mrs. Lopez shared her observation that professional development (PD) trainings by outside consultants have been going on for quite a long time now. She expressed her opinion that the District no longer needs these services. Therefore, she does not support this agenda item. She recommends that administration pursue other options for training. Mrs. Lopez asked administrative staff to hold service providers accountable for what they are expected to deliver. She shared that not all feedback received positive. She added that if other Board members support the extension of this contract, there should be close monitoring and evaluation of services rendered.

Ms. Gonzalez asked what are the immediate plans for professional development training and how do they compare to past PDs. Mr. Gothold explained that the District brought in full service providers to ensure curriculum alignment with the Common Core standards. This agenda item reflects a significant reduction in service fees of approximately 75%. Continuity of this service will help ensure critical areas of instructional design and tools designed specifically for the District needs are captured and supported. The goal is slowly phase out this service provider, while in the meantime continue to provide much-needed support, especially at the administrative level. They will eventually serve the District at lesser capacity and not at the full extent of the original contract.

Mr. Morales agreed that there is a need to ensure continuity and smooth transition. He acknowledged the benefits that Principal Exchange brought to the District and cautioned against drastic change. He shared hearing from teachers who request for more PDs. He suggested that that another way not to lose the structure already established is to empower teachers to share what they learned. He also remarked that this discussion and sharing of different opinions is a healthy exercise and a display of everyone's desire to choose what is best for Lynwood teachers and students.

Ms. Renteria agreed with Mr. Morales' recognition of progress the District has achieved through the services of Principals Exchange. She has also received positive comments from teachers about the structure that was put in place.

Individual Votes:

Ms. Gonzalez	Yes	Ms. Renteria	Yes
Mrs. Lopez	No	Mr. Hardie	Abstained
