TO: Board of Education, Superintendent and Cabinet
FROM: Cheri Armstrong, ASB President
SUBJECT: Student Board Report

Members of the Board of Education, Superintendent Paul Gothold, Lynwood Unified School District officials, fellow students, friends, and family members. Good evening.

My name is Cheri Armstrong, and I am the Associated Student Body President at Lynwood Community Adult School.

Since the last Board of Education Meeting, the Adult has concluded its Second Trimester and I am happy to report the following encouraging results: 44 students successfully completed courses in the Adult Basic Education Program, 300 students completed courses in the ESL Program, 250 students completed courses in the Adult Secondary Program, and 48 students successfully completed courses in the Career Technical Education Program. Additionally as part of the Credit Recovery Program 230 students successfully completed classes that will enable them to graduate on time. Enrollment for the Third Trimester continues for the ESL, GED, and Career Technical Education Programs.

The future of Adult Education in California looks bright with the California Legislature's adoption of Assembly Bill 86. Funds have been committed to AB86 regional consortia of K-12 and community college districts to collaborate regionally to develop plans for expanding and improving adult education services by creating linkages between the two educational systems. This regional collaboration provides the opportunity for K-12 and community college adult education programs to find common ground to provide "seamless transitions" for adult students. Currently, representatives from the Adult School and Lynwood Unified School District have been attending the consortium that has been formed for this region. The consortium has been named the Southwest Los Angeles Adult Education Consortium. The participants include Lynwood Unified School District, Compton Unified School District, Paramount Unified School District, Compton Community College District, and El Camino College Compton Center. The Southwest Los Angeles Adult Education Consortium has been meeting bimonthly to develop plans for adult education.

Lynwood Community Adult School will host its Open House on Thursday, March 27th 9:30am at the Atlantic Site and 6:30pm at the Imperial Site.
