However, registration for English As a Second Language, GED, and Office Occupations will remain open. Through the Adult School's participation in the District's Credit Recovery Program, over 200 high school students have been pre-registered in a comprehensive schedule that includes classes such as Chemistry, Economics, Word History, and Geometry. Although registration will remain open for two more weeks, many academic classes are reaching maximum capacity. To date an additional 900 adult students have been enrolled in the ESL, Adult Basic Education, GED and Program for Older Adults (POA).

During the month of March, the Vocational Nursing Program will be entering its third phase. This phase includes clinical/practical experience in Advanced Medical Surgical, and Pediatrics and Oncology. There are 23 students who are involved in this clinical experience at St. Francis Hospital, and at Watts Health Care. This phase will later include observations at various child care centers throughout the city of Lynwood. The LVN Program at Lynwood Community Adult School is well received by the community and has trained help hundreds of residents become Vocational Nurses.

The Adult School is pleased to announce that it will be hold its Open House on Thursday, March 27th at the Atlantic Site. Students and staff are looking forward to this exciting community event.
