# Chromebooks and Google Workspace

## Google Drive

Google Drive is where all of your work will be stored. When you log into your Chromebook, you are also logging into your Google Drive. When you create a Doc, Slide, or any other G-Suite file on a Chromebook, it automatically saves to your Google Drive.

Google Docs

## Google Docs

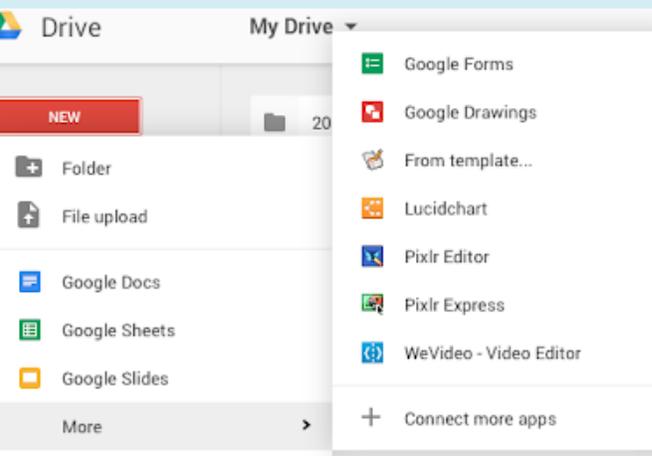

Google Docs is a word processor, similar to Microsoft Word. You can type essays, complete classwork, and even collaborate with peers by sharing your document with others.

## Slides

Google Slides is a presentation tool, similar to Microsoft Powerpoint. You might use it to take notes, to participate in a virtual lecture, or to create presentations with your classmates.

Google Slides

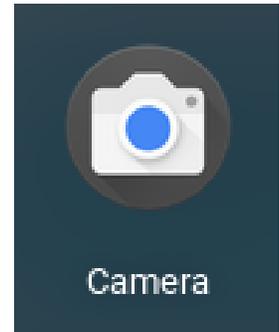

## More Tools

Google Drive includes more tools you might use to view or complete work. Remember, when using a Google Drive tool for work, it's automatically saved in your Google Drive cloud.
