How does the bag policy improve public safety?

A clear bag is easily and quickly searched and greatly reduces faulty bag searches. It also supports the Department of Homeland Security's "If You See Something, Say Something" campaign. Additionally, it will allow staff to be more efficient and effective in checking bags that are brought into the stadium.

How many bags can each person bring into the stadium?

One (1) large clear plastic bag - either a one-gallon plastic storage bag or an 12"x6"x12" clear plastic bag - plus one small clear clutch, are permitted.

Can I carry cameras, binoculars, smart phones, or tablets separately from what I put in a clear bag?

Yes. Binoculars, phones, cameras, and tablets can be carried into the stadium so long as it is not in its own bag. This is not a restriction on items that fans have been able to bring into the stadium in the past. It is only a restriction on the type of container used to carry those items.

What happens if I show up at the gate with a bag that is not permitted?

There are no provisions to check items at the gates. Fans with prohibited bags will not be permitted inside the stadium. Those individuals with prohibited bags will need to return their bags to their vehicle and transfer their belongings to an approved clear plastic bag before entering the stadium.

If I have certain medical items or medical equipment that I need to bring into the stadium, what do I do?

Fans with medical items or medical equipment will need to enter at a 'Bag' entry line to have their items inspected by security personnel.

What about diaper bags?

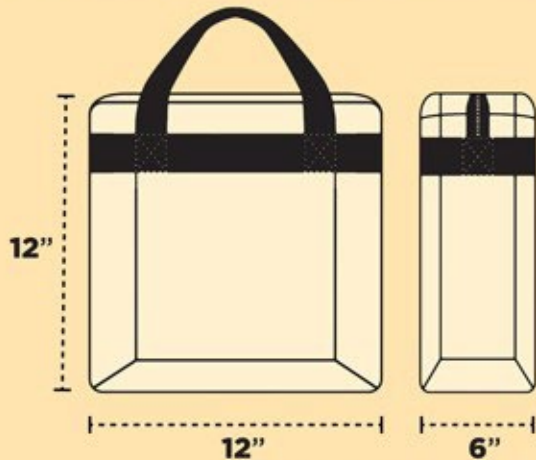

Diapers can be carried in a clear bag.

Do I have to put everything I'm carrying into the permissible bags?

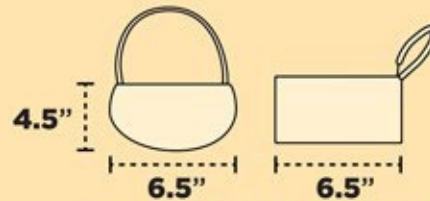

The bag policy limits only the type of bags carried into the stadium, not the items that you normally bring to a game. Fans can continue to carry items in their pockets such as keys, phones, wallets, credit cards, makeup, feminine products, combs, etc., if you choose not to put them in a clear bag or clutch. Items such as binoculars or cameras can be carried in your hands or around your neck. You cannot, however, bring into the stadium a binocular or camera case.
