

Chandler Unified School District #80

Immunization Information

Dear Parent/Guardian,

I am writing to inform you of vaccines required from the Arizona Department of Health Services that will affect your child.

- Students 11 years of age and older will be **REQUIRED** to have one dose of Tdap vaccine if 5 years has passed since their last dose of Tetanus/diphtheria containing vaccine.
- Students 11 years of age and older will be **REQUIRED** to have one dose of Meningococcal (Meningitis) vaccine.

Per board policy 5-403.A, all students must have proof of adequate immunizations, a state immunization exemption form, or confirmation in writing from your child's licensed health care provider, stating a plan of immunizations.

Please make appointments now with your physician to avoid being medically excluded from attending school due to noncompliance.

Please bring documentation into the school health office as soon as the immunizations are received or email/fax records to _____.

If you have any questions regarding immunization requirements, please contact the Division of Public Health Services or visit their website at:

<https://www.azdhs.gov/preparedness/epidemiology-disease-control/immunization/index.php#schools-immunization-forms>

Please contact your school's health office if you have any questions.

Thank you,
