2025-2026 Dress Code

The goal of Malvern Prep's dress code is to instill pride, confidence, and unity in our students. A proper manner of dress signifies respect towards one's self and the academic community. This dress code should be simple to follow and flexible enough to allow individual expression. Additionally, we aim to prepare our boys for modern professional settings as well as formal occasions by requiring a more traditional dress code on Mass days and special events.
