

VISION

Our vision is to continuously provide our students with a quality education and prepare them for 21st century skills and to be proactive in community solutions, while creating a community of global awareness. Additionally, we see the importance of personalization as the foundation of any successful high school experience, therefore we will continue to embed this culture into our school community.

MISSION

The mission of Nova High School is to teach our culturally diverse student population to be literate, productive citizens, using a seamless K-12 curriculum, in collaboration with parents, the community, and partners in higher education.
