2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

“Leonardo da Vinci K-8 School is a community dedicated to the development of the whole child as a literate, curious, and inventive person, responsible for the preserving and creating beauty in our cultural and natural environments. We will foster this Renaissance child of the Arts and Sciences through Integrated Thematic Instruction.”

Leonardo da Vinci K-8 School has rigorous gate level curriculum that extends the Common Core Standards. We teach the standards through the use of board adopted texts, thematic instruction (Highly Effective Teaching formerly called Integrated Thematic Instruction), and projects. In addition, we intertwine the following into each thematic unit: field trips, large end-of-unit

2024-25 School Description and Mission Statement

projects, research projects at every grade level, science instruction, social science curriculum that connects to the English Language Arts Program, and math that is conceptual and functional. We are dedicated to visual and performing arts and the arts in integrated into our units of study. Students participate in site and district tests and assessments.

Program highlights: We are a Parent Participation school. We have five evening teacher/parent meetings so that parents have an understanding of the upcoming curriculum, projects, field trips, and volunteer opportunities. We offer a range of programs that extend our school mission of educating the Renaissance child: Mathletes, GATE level curriculum K-6, Honors/GATE math and ELA classes 7-8, After-school GATE Program, 4th-8th Grade Band and Orchestra, Drama Enrichment Class, Student Government, K-6 Art Lab, K-6 Art Links Program, 7-8 Art Lab and Visual Art Elective, K-8 Science Lab, Morning Sing K-3, Art Rotation 1-3, 8-9 Field Trips, per year (every grade level), Competitive Athletic Program, Organic Garden, Library, Computer Labs, Culturally Inclusive Assembly Program, Young Author's Competition, and Science Fair. Our students of the Renaissance participate in regional and local academic competitions: MESA, History Day, Speech and Debate, and Mathletes. We encourage our students and families to be active with round rounded activities to develop every aspect of their child's growth and development.

There are several family and community nights: two annual science nights, Winter Fair, Harvest Hoedown, Renaissance Fair, Formal Family Dance, and Mother-Son Sock Hop. LdV Hosts High School Prep Event, Middle School High Summer Preparation event Dolphinpalooza, and District Athletic Events.

Parents of students at Leonardo da Vinci are encouraged to contribute 40 hours a year of volunteer time to the educational program. Parent participation allows teachers to offer centers, workshops and small group instruction for both academic and enrichment exercises. We have several active parent leadership groups: PTC, ELAC, and SSC. Additionally, we have several parent sub committees: arts, culturally inclusive education, arts committee, science committee, historian and yearbook committee. We have several parent leadership roles, per classroom that include: class manager, field trip coordinator, garden chair, art links, treasurer and library.

We are dedicated to our mission and vision.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

District adopted instructional materials are available for all students in grades TK-12. Each year, instructional materials sufficiency is ensured via site visits by the Sacramento County Office of Education and site leader verification. This process occurred throughout the months of August and September 2024 and was approved by the board on September 18, 2024. The Curriculum & Instruction Department maintains a current list of all district-adopted instructional materials, with the intent of adopting new materials as adoptions expire. The standard adoption cycle was interrupted during the COVID-19 pandemic and is now being remedied with planned adoptions for Mathematics and English Language Arts phased over the next four years.

School Facility Conditions and Planned Improvements

Leonardo da Vinci K-8 School, located at 4701 Joaquin Way, was built in 1950. It sits on a 17 acre site and houses 41 classrooms.

The district governing Board has adopted cleanliness standards for all district schools to ensure that all schools are clean, safe, and functional. The district Operations Department takes great pride in following a work order process that provides efficient and timely services to all the sites. The principal works directly with the site custodial staff to develop cleaning schedules to ensure that the school is clean and safe.

The Sacramento City Unified School District award winning facilities master plan outlines the modernization of SCUSD schools and facility buildings, many of which are over 50 years old. The plan is a living document, reviewed regularly. It can be viewed at scusdplan.org.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

2023, will mark the 34 years of Leonardo da Vinci School. A California Distinguished School in 2008. A California Honorable Mention School for Civic Learning in 2017-2018. A Core School of Improvement in 2018-19. Over thirty years ago, Leonardo da Vinci School was founded as an Integrated Thematic Instruction. Gate level thematic curriculum and parent participation was considered an integral part of the school and this goal has continued. We encourage 40 hours of parent participation each year.

Parents participate in all the SCUSD clearances to be able to help volunteer in the classrooms and to drive on field trips. Parental involvement is an integral part of our school. Parents working in the classroom enable students to work in small groups and receive more individual attention.

The parent participation allows for many opportunities for student success. Parents support students with one-on-one help. Parents make it possible for teachers to bring more art and science projects into their classrooms. Parent drivers and chaperones make it possible for the children to experience many field trips to broaden their classroom learning. Parents

Parent involvement has brought many special programs to the school: On-Stage Acting Program, Solar Regatta Boat Making and Middle School Solar Regatta Competition, Grade Level Thematic Days, School Theme Days, Art Links, to name a few. Parent generated events such as our Renaissance Faire bring history alive and make learning relevant.

Parents at LdV are involved in many decision-making committees: PTC, SSC, and ELAC. Parents lead our Parent Teacher Council and several sub committees (garden, culturally inclusive committee, ways and means, garden an facility, newsletter, climate, athletics, and membership).

English Language Learner Parents may attend Parent Leadership classes led by SCUSD to gain parent tips, parent leadership information, English classes, job readiness, and GED information. We support an annual celebration at SCUSD to honor our EL Parent Leaders.

One weekend a month parents gather at the school to work on large projects, improving the grounds and working in the gardens.

School support staff members help to calculate parent volunteer hours, creates and publishes a weekly newsletter, and posts parent volunteer opportunities.

Teachers lead five parent meeting in which parents find out about the upcoming curriculum and standards for the month, special projects which need parent support, and volunteer opportunities (field trips, class workshops, class centers, class art projects).

Professional Development

To realize the vision of Sacramento City Unified School District, which is to fully prepare all students for college and career, it is imperative that the district provides meaningful and relevant opportunities to expand the professional repertoire of its administrators and teachers. To that end, the district strives to provide staff with professional learning opportunities that focus on ensuring that all students have access to and benefit from culturally responsive high-quality instruction, universally designed and differentiated instruction, and anti-bias/anti-racist practices in a robust multi-tiered system of support. District leaders and partners also provide professional learning and resources specifically focused on Literacy, English Learners, Mathematics, Science, Educational Technology, Physical Education, the Visual and Performing Arts, and Culture & Climate. The learning opportunities afforded through district professional learning deeply aligns with the needs of our individual schools, as well as our Local Control Accountability Plan, and connect to every aspect of school practice: student engagement, culture and climate, standards-aligned curriculum, universally designed and differentiated instruction, and assessment for teaching for learning. Professional learning opportunities are offered during school hours and outside of contracted hours. In addition to on-site coaching and regular professional learning opportunities, a designated collaborative Thursday time provides the opportunity for teachers to engage in collaborative professional learning at their respective schools focusing on deepening their content knowledge, strengthening their instructional repertoire, improving their assessment strategies, and fostering a shared sense of responsibility.

This table displays the number of school days dedicated to staff development and continuous improvement.
