

Bilton School Sixth Form

ICT – Transition Work

A.P2 Produce a site map that partially meets the client's requirements.

A.M2 Produce a site map that mostly meets the client's requirements.

To prepare effectively for ICT you must work through the below tasks and bring these with you for your first day at Bilton Sixth form.

Pretend we are making a website for a local Table Tennis club.

Part 1:

Produce a site map for at least 10 webpages to make up the website

Ideally, I do not want all 10 pages accessible from the homepage. So, think about what the page titles could be and how some of those pages would only be accessible from certain sections and not from the homepage.

Part 2:

Design the CSS for the site

If you have any queries about the subject or the tasks.

Please contact: Subject Leader – pinnegar.s@stowevalley.com
