

COMMUNITY RELATIONS

Volunteer Assistance

The Governing Board recognizes that volunteer assistance in schools can enrich the educational program, increase supervision of students, and contribute to school safety while strengthening the schools' relationships with the community. The Board encourages parents/guardians and other members of the community to share their time, knowledge, and abilities with students.

The Superintendent or designee shall develop and implement a plan for recruiting, screening, and placing volunteers, including strategies for reaching underrepresented groups of parents/guardians and community members. They may also recruit community members to serve as mentors to students and/or make appropriate referrals to community organizations. The Board prohibits harassment of any volunteer on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. (Government Code 12940)

As appropriate, the Superintendent or designee shall provide volunteers with information about school goals, programs, and practices and an orientation or other training related to their specific responsibilities. Employees who supervise volunteers shall ensure that volunteers are assigned meaningful responsibilities that utilize their skills and expertise and maximize their contribution to the educational program. Volunteer work shall be limited to those projects that do not replace the normal duties of classified staff. The Board nevertheless encourages volunteers to work on short-term projects to the extent that they enhance the classroom or school and comply with employee negotiated agreements.

The Superintendent or designee shall establish procedures for determining whether volunteers possess the qualifications, if any, required by law and administrative regulation for the types of duties they will perform.

Volunteers shall act in accordance with district policies, regulations, and school rules. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.

The Superintendent or designee shall periodically report to the Board regarding the district's volunteer assistance program.

Workers' Compensation Insurance

The Board desires to provide a safe environment for volunteers and minimize the district's exposure to liability.

Upon the adoption of a resolution by the Board, volunteers shall be entitled to workers' compensation benefits for any injury sustained while engaged in the performance of service for the district. (Labor Code 3364.5)

Criminal Background Check

Prior to assuming a volunteer position working with students in a district-sponsored student activity program, a volunteer shall obtain fingerprint clearance through the Department of Justice and Federal Bureau of Investigation. At their discretion, the volunteer may choose to meet this requirement by obtaining an Activity Supervisor Clearance Certificate from the Commission on Teacher Credentialing. Student activity programs include, but are not limited to, scholastic programs, interscholastic programs, and extracurricular activities sponsored by the district or a school booster club, such as cheer team, drill team, dance team, and marching band. Education Code 49024)

The District retains the discretion to deny volunteer/chaperone assistance based upon background check results or any other legitimate concerns related to the health and safety of students, parents/guardians, District employees, or other participating members of the school community.
