

STUDENTSHealth Screening For School Entry

Comprehensive Health Screening for Grades K-1

The parent/guardian of a student in kindergarten or first grade shall submit to the Superintendent or designee a certification form developed by the California Department of Health Care Services (DHCS) and signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. (Health and Safety Code 124040, 124085)

(cf. 5111 - Admission)

(cf. 5141.3 - Health Examinations)

(cf. 6173 - Education for Homeless Children)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

(cf. 6173.3 - Education for Juvenile Court School Students)

The Superintendent or designee shall notify parents/guardians of all kindergarten students of the requirement to obtain a health screening and of the availability of the Child Health and Disability Prevention (CHDP) program established pursuant to Health and Safety Code 124025-124110 to assist eligible low-income families in obtaining the health screening. (Health and Safety Code 124100)

(cf. 5145.6 - Parental Notifications)

The notice and certification form shall be included with the notification of immunization requirements provided to parents/guardians prior to their child's enrollment in kindergarten and shall encourage completion of the health screening simultaneously with immunizations. The notice shall also be provided to the parent/guardian of any student who is enrolling in first grade without having attended kindergarten in the district.

(cf. 5141.31 - Immunizations)

In lieu of the certification, the parent/guardian may submit a waiver on a form developed by DHCS indicating that he/she does not want or is unable to obtain a health screening. If the waiver indicates that the parent/guardian was unable to obtain the services, the reasons should be included in the waiver. (Health and Safety Code 124085)

The completed certification form or the waiver shall be maintained in the student's health file or cumulative record. (5 CCR 432)

(cf. 5125 - Student Records)

During the first 90 days of the school year, the Superintendent or designee may contact any parent/guardian of a first-grade student who has not provided either the certification form or the

waiver to ensure that the parent/guardian understands the health screening requirement and, if appropriate, his/her possible eligibility for the CHDP program.

The Superintendent or designee shall exclude from school, for not more than five school days, any first-grade student who does not present evidence of a health screening or a waiver on or before the 90th day after entering first grade. The exclusion shall begin on the 91st day after the student's entrance into the first grade, or if school is not in session, then on the next succeeding school day. (Health and Safety Code 124105)

The Superintendent or designee may exempt a student from exclusion when his/her parents/guardians have been contacted at least twice between the first day and the 90th day after the student's enrollment in first grade and the parents/guardians refuse to provide either a certification form or a waiver. (Health and Safety Code 124105)
