Instead of a high school diploma, a student who has met all local graduation requirements may be awarded a certificate of completion if the student has satisfactorily completed a prescribed course of study approved by the Governing Board of the district in which the student attended school.

(cf. 6146.11 - Alternative Credits Toward Graduation)
(cf. 6146.2 - Certificate of Proficiency/High School Equivalency)

Exemptions from District-Adopted Graduation Requirements

Prior to the beginning of grade 10, the individualized education program (IEP) team for each student with disabilities shall determine whether the student is eligible for exemption from all coursework and other requirements adopted by the Board in addition to the statewide course requirements for high school graduation, and if so, shall notify the student's parent/guardian of the exemption. A student with disabilities shall be eligible for the exemption, if the student's IEP provides for both of the following requirements: (Education Code 51225.31)

1. That the student take the alternate assessment aligned to alternate achievement standards in grade 11 as described in Education Code 60640
2. That the student complete state standards aligned coursework to meet the statewide coursework specified in Education Code 51225.3

In addition, a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, or migrant student who transfers into the district or between district schools any time after completing the second year of high school, or a newly arrived immigrant student who is in the third or fourth year of high school and is participating in a newcomer program, shall be exempted from any graduation requirements adopted by the Board that are in addition to statewide course requirements. This exemption shall not apply if the

Superintendent or designee makes a finding that the student is reasonably able to complete the additional requirements in time to graduate by the end of the fourth year of high school.

Within 30 days of the transfer into a school by a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student, or of the commencement of participation in a newcomer program, as applicable, the Superintendent or designee shall notify any eligible student, and others as required by law, of the availability of the exemption from local graduation requirements and whether the student qualifies for it. (Education Code 51225.1)

The Superintendent or designee shall not require or request a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student participating in a newcomer program who is exempted from district-established graduation requirements and who completes the statewide coursework requirements before the end of the fourth year of high school, and would otherwise be entitled to remain in school, to graduate before the end of the student's fourth year of high school. (Education Code 51225.1)

If a foster youth, student experiencing homelessness, former juvenile court school student, child of a military family, migrant student, or a newly arrived immigrant student participating in a newcomer program was not properly notified of an exemption, declined the exemption, or was not previously exempted, the student or the person holding the right to make educational decisions for the student may request the exemption and the Superintendent or designee shall exempt the student within 30 days of the request. Any such student who at one time qualified for the exemption may request the exemption even if the student is no longer eligible. (Education Code 51225.1)

Annually, the Superintendent or designee shall report to the California Department of Education, in accordance with Education Code 51225.1, the number of student's graduating from the fourth or fifth year of high school who, for the prior school year, graduated with an exemption from district-established graduation requirements that are in addition to statewide coursework requirements.

Any student who completed grade 12 in the 2003-04 through 2014-15 school year and met all applicable graduation requirements other than the passage of the high school exit examination shall be granted a high school diploma. (Education Code 51413)

In addition, the district may retroactively grant high school diplomas to: (Education Code 48204.4, 51430, 51440)

1. Persons who departed California against their will while in grade 12 and did not receive a diploma because the departure interrupted their education, provided that they were in good academic standing at the time of the departure

Persons may be considered to have departed California against their will if they were in custody of a government agency and were transferred to another state, were subject to a lawful order from a court or government agency that authorized their removal from California, were subject to a lawful order and were permitted to depart California before being removed from California pursuant to the lawful order, were removed or were permitted to depart voluntarily pursuant to the federal Immigration and Nationality Act, or departed due to other circumstances determined by the district that are consistent with the purposes of Education Code 48204.4.

In determining whether to award a diploma under these circumstances, the Superintendent or designee shall consider any coursework that may have been completed outside of the United States or through online or virtual courses.

2. Former students who were interned by order of the federal government during World War II or who are honorably discharged veterans of World War II, the Korean War, or the Vietnam War, provided that they were enrolled in a district school immediately preceding the internment or military service and did not receive a diploma because their education was interrupted due to the internment or military service in those wars

Deceased former students who satisfy these conditions may be granted a retroactive diploma to be received by their next of kin.

3. Veterans who entered the military service of the United States while in grade 12 and who had satisfactorily completed the first half of the work required for grade 12 in a district school

Honorary Diplomas

The Board may grant an honorary high school diploma to: (Education Code 51225.5)

1. An international exchange student who has not completed the course of study ordinarily required for graduation and who is returning to the home country following the completion of one academic school year in the district

(cf. 6145.6 - International Exchange)

The honorary diploma shall be clearly distinguishable from the regular diploma of graduation awarded by the district. (Education Code 51225.5)
