DEDICATION

Since its completion in 1957 Eastlake North High School has been under the competent and progressive guidance of Mr. Farrar who was appointed its first principal at that time.

In the intervening years the continual and sometimes surging growth of not only enrollment, but also overall school facilities and varieties of educational experiences offered has been one of its most outstanding ear marks.

The smoothness and farsightedness with which this acceleration has been guided is the finest testimonial to the firm and knowledgeful guiding hand of Mr. Farrar.

It is with gratitude as a co-beneficiary of this constructive administration that the staff of the 1964 North High Lens dedicates this issue to Mr. Farrar.

OUR last high school football game. Winter . . . frozen feet . . . "No School!" . . . Snowflakes . . . "Snowball." Basketball games—victory parties . . . Spirit Jug . . . Semester exams . . . panic! Spring, 1964 . . . graduation just around the corner . . . The Alma Mater

To our own dear Alma Mater
This our song we raise
Ascends from hearts that love her

Oh may we strive to do her honor
And live by her rule
So come and join us while we cheer
For dear old North High School.

Midway in the fall the N.H.S.A.B.P.C. (North High School All Boys Pep Club) was formed with Mr. Jarvella as sponsor.

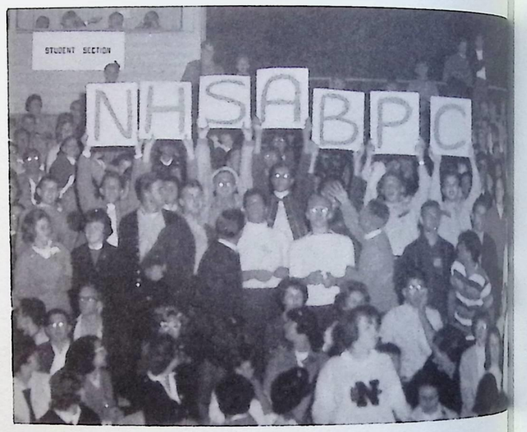

It quickly earned the nickname Fabists because of its association with the word "cheer" as both a verb and a detergent.

Its effect on enthusiasm at athletic contests was both immediate and noticeable.

Those who followed the season will always remember that in Gary's case it also stood for "Guttiest Court Competitors."

WRESTLING

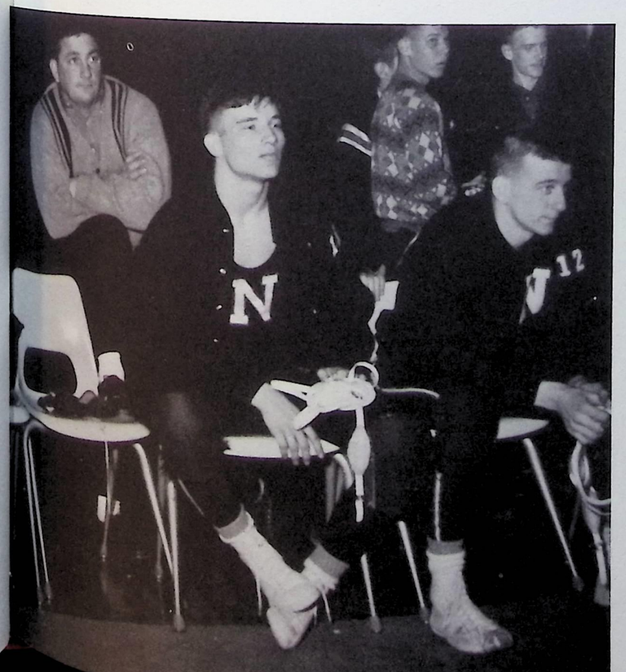

Rangers Take 5th In State - Win District, Sectional Titles

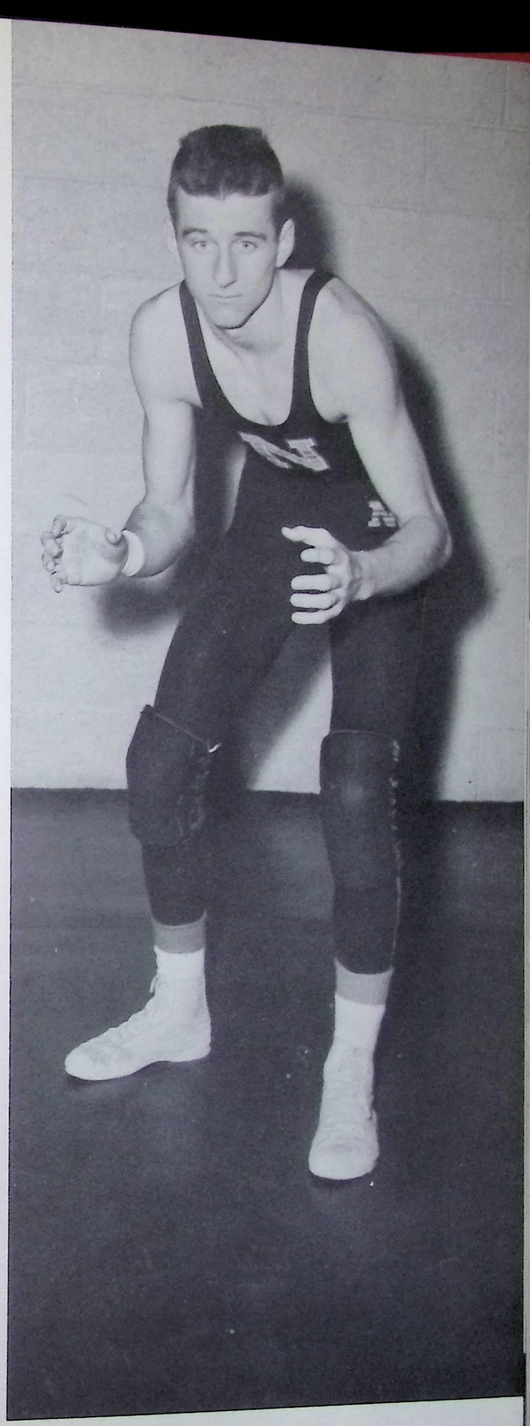

For the second consecutive year the 127 pound Ohio State wrestling championship went to a student from Eastlake North High. By defeating Jerry Baumgartner of Stow, 6-3, on the night of March 14th at St. John's Arena in Columbus, Carl Tomsic, Class of '64, won the title vacated by Roger Anderson, Class of '63. Junior, Jon Dobre, almost won the 133 pound crown, losing a decision in the finals a few minutes later. Together Carl and Jon totaled enough points to give North a 5th place team finish in the state finals.

This ranking, following last year's third place finish helped to further establish North as a state wrestling power.

In the past six years Coach Matteucci has developed three state champions in John Price ('60), at 112 pounds, Anderson and, now, Tomsic. In addition he has coached six other finalists in Bill Futchi, ('59) at 165; Price again in '61 at 112; Dick Bliss at 145 in '61; Anderson as a junior at 127 in '62; Brian Nordstrom at 105 last year—and Dobre this year.

Coach Matteucci, Mike Kovalchik (154 lbs.) and 127 pound state champion-to-be, Carl Tomsic, watching the Harvey match.

TWO VIEWS OF A STATE CHAMPION IN ACTION—Prior to the State Tournament the highlight of the North High wrestling season came on the night of Feb. 1st. On that evening the Rangers upset a previously unbeaten South High squad in a wild, emotion filled match. The only pin, and definite turning point, of that match was earned by Carl Tomsic in a furious and dramatic battle with South's Carmen Aquila.

At the right an inspired Tomsic has lifted Aquila completely into the air on his shoulders with the first period only second old. Tomsic then lost a point for failing to deliver him safely to the ground and trailed in the match. Undaunted he immediately followed with his pin. He is seen below driving home the pin which meant victory for him and eventually his team. The bout lasted a minute and fifty seconds.

VOCATIONAL

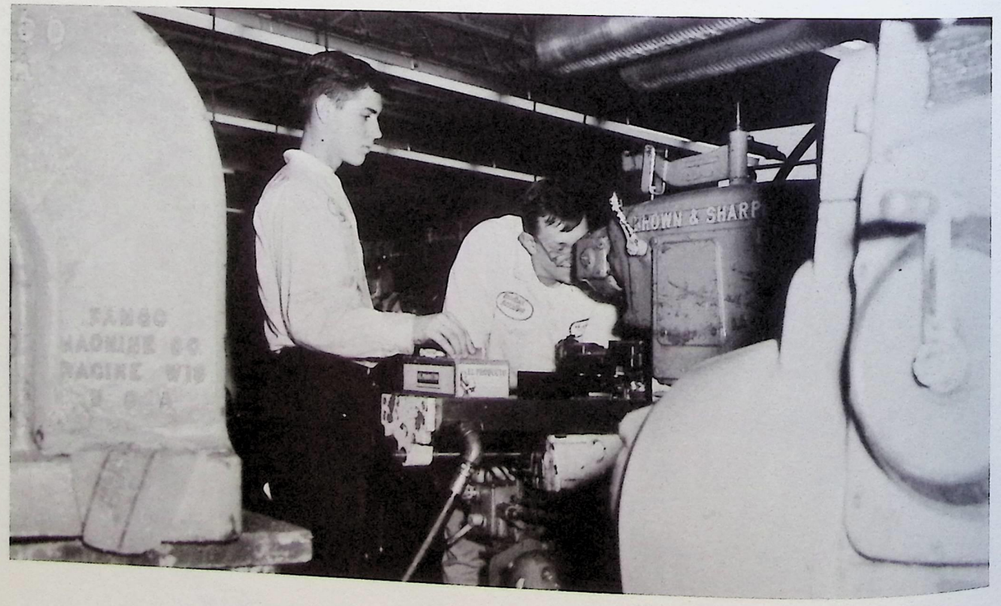

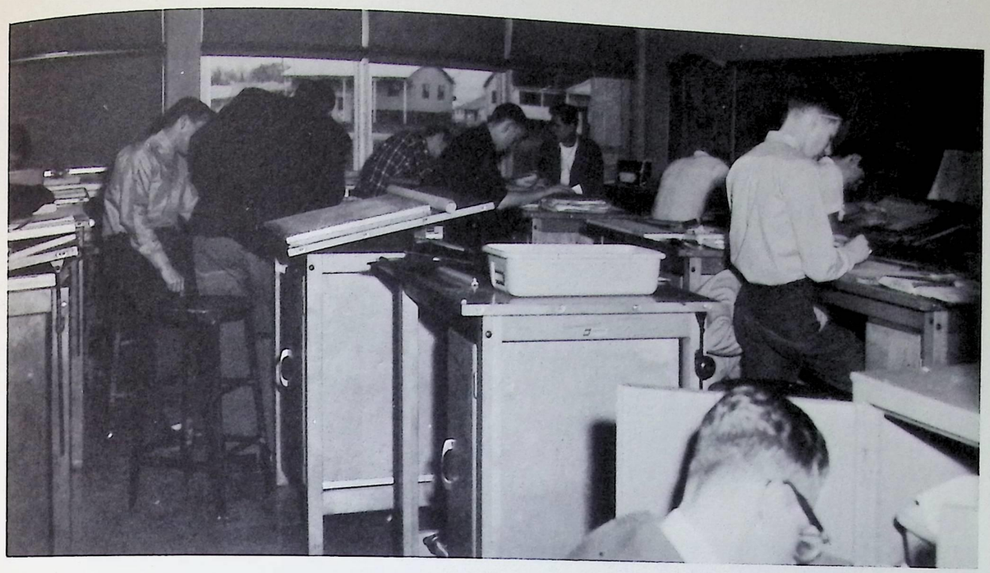

R. Langer

Machine shop is only one of six different vocational divisions. The equipment in this one shop alone is valued at thousands of dollars. These pictures make it easy to see exactly why North is one of the best vocational schools in our area.

S. Maznek, D. Evans

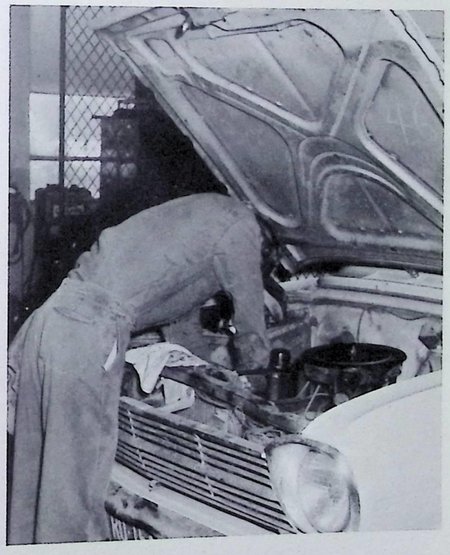

Drafting

Drafting is the (engineering) division of the vocational programs. Blueprints used in the vocational area are developed for other divisions so that projects can be completed precisely as they are in industry. Technique is emphasized in this particular shop.

Auto Mechanics

Instruction in Auto Mechanics is achieved by learning the basic fundamentals of the various components of an automobile. From the basic fundamentals students progress to repairs on automobiles as accomplished under actual shop conditions.

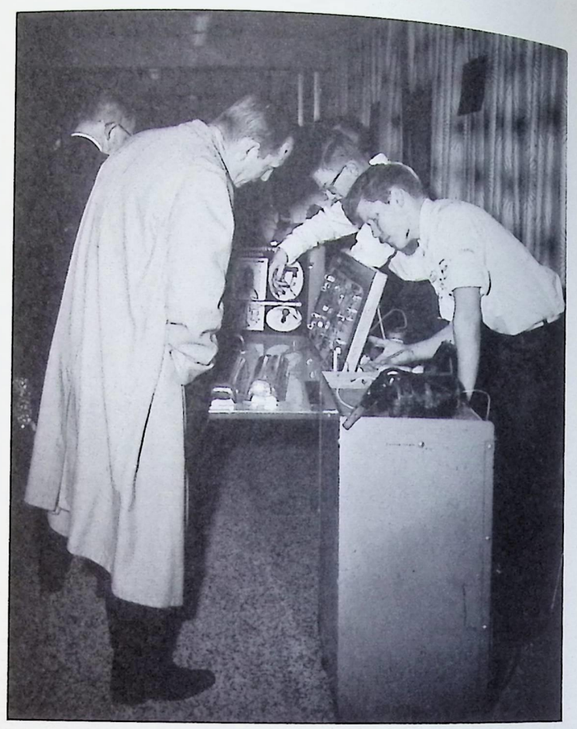

VOCATIONAL ON DISPLAY

Everyone has heard about the outstanding vocational education program North High has. However, surprisingly few know exactly what it is and even fewer have seen the vocational wing.

Our vocational program is designed for junior and senior boys interested in auto body, auto mechanics, drafting, welding, machine shop, and electricity. In addition to learning as much as possible about their particular areas, students in vocational must take certain required academic courses. As a whole our program is to produce a well rounded individual who can survive intellectually as well as economically.

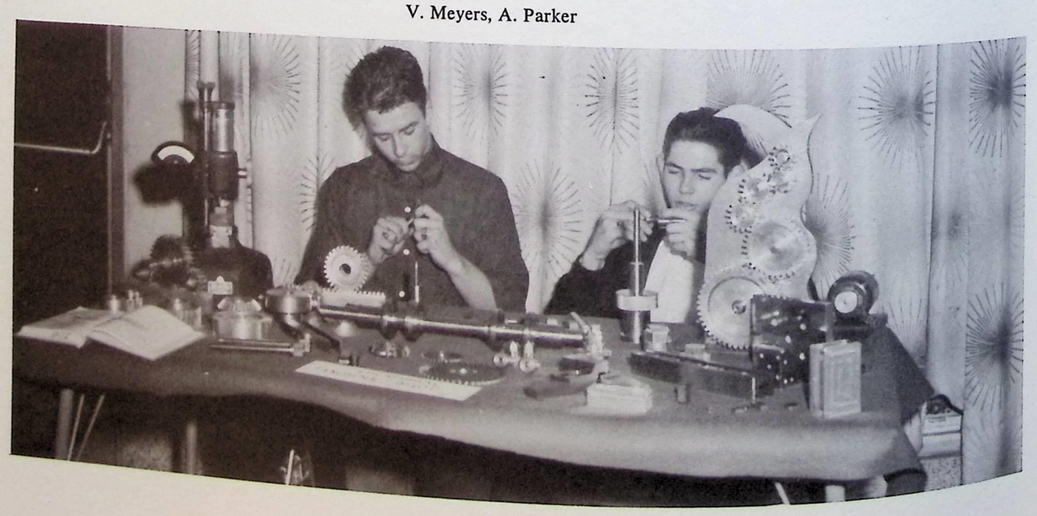

This program is not designed to produce qualified and skilled workmen. Its objective is to provide incentive and give a basis upon which the student is able to build. The growth and development of our vocational program helps not only our community but it helps North to grow.

Open house was not the only place where our vocational section was on display. At the 110th Ohio State Fair our boys were highly complimented for their performance and representation of North. This is just one illustration of the extensive and far reaching influence our program has.

AMERICAN FIELD SERVICE AT NORTH

Georgene Yuratovac: North High junior in Brazil

From North To Brazil

Georgene Yuratovac, a former junior at North High, left Willowick in February, 1964, for a year's stay in Brazil with the "Americans Abroad" program.

Georgene reports that the South Americans are "warm, kind, and loving," and have opened their hearts to her. While attending a private girls' school, she is having the new experience of learning the Portugese language.

She is living with Mr. and Mrs. Tome Santos, Fortaleza, Ceara, Brazil.

To North From Laos

An Open Letter to the Students of North High:

It has been the greatest experience for me in my whole life to be at North High in 1964. I never dreamed, never thought that I would come to North.

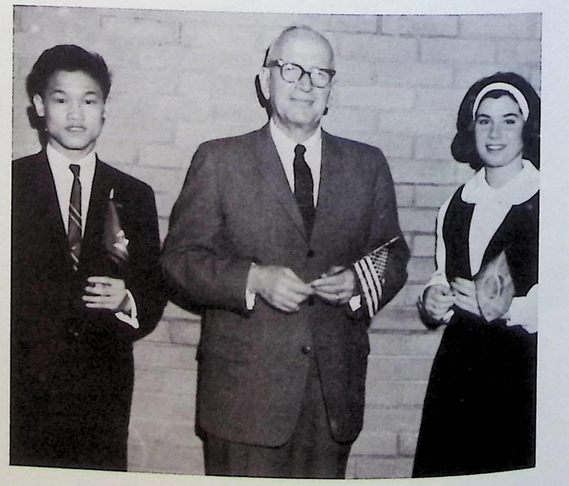

I'm very proud of you as you're so popular and nice. I'm so lucky to have passed my senior year with you, listening to your explanations, enjoying you, and exchanging opinions.

Next year, you'll have another exchange student from somewhere in another part of the world, who will be my successor and stay with you for nine months. Let him enjoy you, students at North, in whatever you do—teach him, lead him in the right way. I expect he won't have the same character and ideas as I. Your A.F.S. student is your close friend, so try to be very friendly, don't be afraid; he's of the human race, so are we.

Love North always,

Van Chongsith
