South Mecklenburg High School

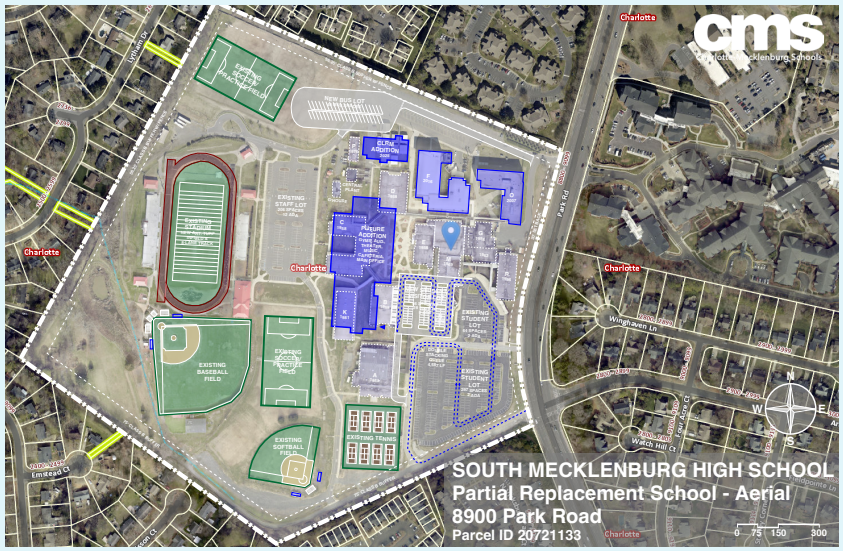
Replacement Project

School Board Member District 6

Estimated Cost: $127,909,253

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

The South Mecklenburg High School project represents the final stages of development, focusing on the onsite replacement of the remaining campus structures to accommodate around 100 classrooms as a baseline. The initiative also includes the implementation of a comprehensive athletics package, offering state-of-the-art sports facilities and amenities. Through these enhancements, the project aims to provide a modern and well-rounded educational experience for students at South Mecklenburg High School, fostering both academic and athletic growth in an enriched learning environment.



Questions for CMS?
If you have questions about the CMS construction projects or the CMS 2023 general obligation bond referendum, don't hesitate to reach out to CMS Communications Services at (980) 343-7450 or email your questions to cmsbond@cms.k12.nc.us.
