

# University Park Creative Arts

## Replacement Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

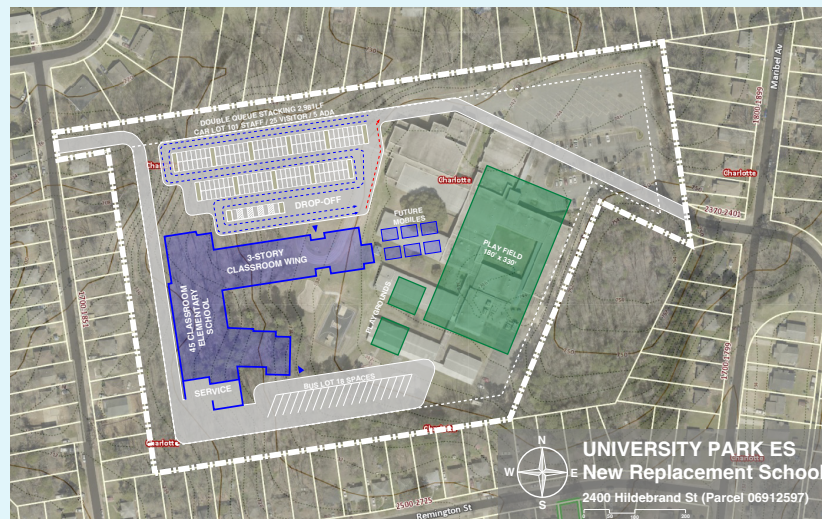

## School Board Member District 2

The University Park Arts School project envisions the onsite replacement of the existing facility with a modern 39-classroom baseline school. This initiative places a strong emphasis on arts education by incorporating dedicated arts-specific spaces that support the school's unique program. The project aims to provide students with a creative and innovative learning environment, equipped with state-of-the-art amenities to nurture their artistic talents. Through this renovation, University Park Arts School aspires to cultivate a vibrant arts community within the school, enriching the overall educational experience for its students.
