

Villa Heights Elementary School

Design Only Project

The 2023 general obligation bond referendum presents us with a unique opportunity to enhance the learning environment and educational opportunities for our students. It aims to offer more academic options, alleviate overcrowding, and support safe schools. Here are the highlights of the project that will impact our school communities:

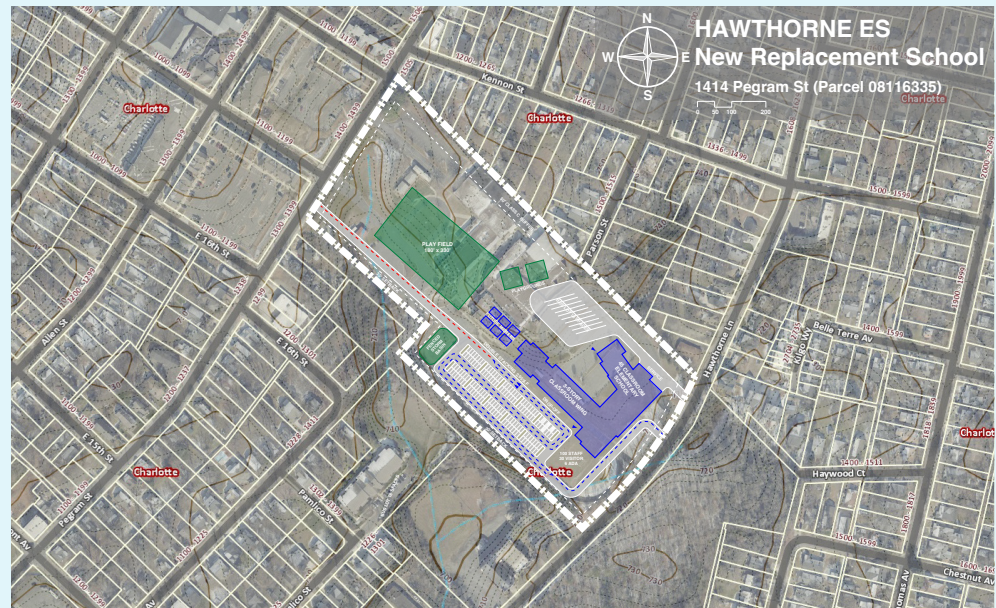

School Board Member District 4

The Villa Heights Elementary design-only bond project involves the creation of a new 45-classroom baseline school at the Hawthorne High School site. This initiative aims to provide a modern and well-equipped learning environment for students. As part of the project, the existing Villa Heights Elementary School will be demolished, making way for this innovative new facility that is poised to enhance the educational experience and opportunities for the students of Villa Heights Elementary.

Estimated Cost: \$6,247,870

Questions for CMS?
