Final General Operating Budget For the Fiscal Year 2025-2026

June 9, 2025

Board of School Directors
Kennett Consolidated School District
300 East South Street
Kennett Square, PA 19348

Dear Board Members,

It is with great pride that we present the 2025–2026 General Operating Budget for the Kennett Consolidated School District. Each year presents its own unique set of challenges—strategically managing the ever-growing demands on a finite budget while addressing the evolving instructional needs of our wonderfully diverse student body. This year’s proposed budget reflects the Board of Education and administration’s commitment to meeting and exceeding those instructional needs while remaining fiscally responsible to our taxpayers.

The approval of the Preliminary Budget, which encompasses all of the District’s instructional, extracurricular, and athletic programs, is the culmination of a series of public Finance Committee meetings. The Superintendent and Chief Financial Officer assume responsibility for the accuracy and completeness of the data presented. This budget outlines the District’s financial position, proposed operational plan, and all necessary disclosures.

The 2025–2026 Preliminary General Operating Budget, in the amount of \$107,695,765, requires a millage rate of 34.9942 mills, representing a proposed increase of 4.00%, or approximately \$247 per year for the average residential property owner. The District will not seek referendum exceptions from the Department of Education, as the proposed millage does not exceed the 4.0% Act 1 Index.

Several key factors were considered during the budget development process. The District has budgeted state subsidies based on the Governor’s proposed 2025–2026 funding levels, which include the state’s share of contributions to the Pennsylvania School Employees’ Retirement System and Social Security. The preliminary budget recognizes \$666,350 in additional state subsidies. Approving the District’s budget prior to the finalization of the state budget presents challenges. Once state subsidies are finalized, the administration will adjust the general operating budget accordingly, with the goal of reducing the tax burden on our community.

The preliminary budget also recognizes an increase in local revenue sources of \$642,470, excluding real estate taxes. Areas of increased local revenue include delinquent real estate taxes, interest earnings, and property transfer taxes. The remainder of the funding necessary to balance the preliminary budget will be derived from the proposed real estate tax increase. However, district-wide assessed valuation showed minimal growth over the prior year. This remains a concern, as real estate revenue accounts for 65% of total revenues.

Adding to an already tight budget development cycle, the District’s final budget has been significantly influenced by two external factors: real estate tax appeals and a possible municipal enactment of an earned income tax. The District is currently involved in two major tax assessment appeals in the Borough of Kennett Square, resulting in a loss of \$323,570 in revenue. Additionally, East Marlborough Township is strongly considering implementing an earned income tax. If enacted, the District’s current collection of 1% from East Marlborough residents would be reduced by 50%, equating to an estimated loss of \$500,000.

The District’s cost drivers reflect our commitment to providing excellent educational opportunities and equity for all students. In addition to inflationary increases in salaries and benefits, the proposed budget incorporates several new Strategic Plan initiatives. These initiatives will be further defined as stakeholder committees evaluate the District’s strengths, weaknesses, opportunities, and threats. Other notable adjustments include our continued commitment to funding technology equipment.

With the exception of two additional special education teaching positions, any new staffing needs will be addressed through natural attrition or the reallocation of existing staff. The construction of the two new elementary schools, New Garden and Greenwood, was fully funded last year and, therefore, has no impact on this year's preliminary budget. The overall budget increase is \$3,508,363, or 3.37% over the current year.

With sincere gratitude to a School Board that gives so generously of its time and to the Kennett community that values strong schools, we are proud to develop, implement, and sustain an excellent educational program. It remains our distinct pleasure and privilege to educate your children.

Sincerely,

Kimberly Rizzo Saunders, Ed.D.

REVENUE

- 6111 Current Real Estate Taxes
Real Estate Tax is the main source of revenue for funding the operation of the Kennett Consolidated School District. It is based on the assessed valuation of all taxable property within the School District. This year's tax is based on an assessed valuation of \$2,161,575,153 and is estimated to be 96.38% collectable, resulting in a net budgetary value per mill of \$2,083,326. The total millage required for 2025-2026 is 34.9942 mills.
- 6112 Interim Tax
Interim Tax is revenue from the increase in assessed valuations of local property resulting from improvements or construction to that property during the school year. This year's estimate is based on historical data and the expected new construction in the area as determined by the number of building permits issued by municipalities.
- 6113 Public Utility Realty Tax
Lands and structures owned by public utilities and used in providing their services are subject to state taxation under Act 66 of 1970. - 6151 Earned Income Tax
Revenue received under Act 511 for taxes levied upon wages, salaries, commissions, net profits or other compensation of those who earn income within the taxing jurisdiction of the LEA. The School Board enacted an earned income tax effective October 1, 1997 in an effort to offset a portion of the real estate taxes.
- 6153 Transfer Tax
Transfer Tax is revenue collected by the County Recorder of Deeds on the value of all real estate property within the district boundaries sold during the year. This tax is equal to one half of one percent of the value of the property being sold and is paid at the time of the transfer. This year's estimate is based on historical data and anticipated housing trends for the area.
- 6411 Delinquent Real Estate Tax
Revenue received from taxes assessed and levied upon real property, which have become delinquent.
- 6510 Investment Earnings
Revenue received by investing school district money as it becomes available. This year's estimate assumes an average interest rate of 4% on investments plus additional earnings on invested cash balances in money market and savings accounts. Investments are made on a competitive basis with quotes obtained from major area banks, Pennsylvania Liquid Asset Fund pooled funds, and certificate placement programs.
- 6710 Admissions
Revenue from patrons of a school-sponsored activity, such as a concert or athletic event.
- 6800 Federal Revenue Received as Pass Through

5900 BUDGETARY RESERVE: This is not an expenditure function or account. It is strictly a budgetary account. In addition to the appropriations, it is a sound management practice to provide for operating contingencies through a budgetary reserve. Experience indicates that there are certain variables over which control is impossible regardless of the care with which the budget is prepared. These variables include unpredictable changes in the costs of goods and services, and the occurrences of events which are vaguely perceptible during the time of budget preparations, but which nevertheless, may require expenditures by the district during the year for which the budget is being prepared.

800 Other Objects: Money budgeted to this account will serve as a contingency when necessary funds will be transferred from this account of offset deficits.
