

Senior Privileges and Parking Application

Congratulations and welcome to the Senior Class of 2026. Information regarding senior privileges and parking application requests will be located on the home page of the Realtime Student Portal in August. Please log on, read the information carefully, and complete the necessary tasks required in order to receive senior privileges.

- Parking on campus is open to approved seniors only and is a senior privilege not a right. You must obtain a parking tag and administrative approval **before** you park your car on school property.
- To be eligible for senior privileges and senior parking you must have completed a minimum of 90.0 credits and be eligible to graduate in June 2026.
- All disciplinary obligations must have been satisfied and completed by June 2025 to be eligible for privileges.
- All financial obligations must be cleared with the cafeteria, check your [PaySchoolsCentral](#) Account balance
- All material (books, uniforms, computers, past obligations) must be returned to your teacher by the close of the school year. Check the Realtime Student Portal for “Fines (\$)”.
- Information and applications for senior privileges will be posted and available on the Student Realtime Portal in the third week of August.
- You **MUST** have a license and a car to obtain a senior parking tag (no exceptions). We will have enough parking spaces for every senior. If you get your license after the distribution date, see Mr. Jandoli, Assistant Principal, once you get your license and he will give a tag if you meet the criteria.
- Parking will be given out on August 27, 2025, from 12:00 p.m. – 3:00 p.m. in the high school across from the greeter’s desk. If you are away, see Mr. Jandoli, Assistant Principal, upon after school starts on September 4th.
- Scheduling: All seniors must have their schedules (course requests) finalized with Guidance by August 22, 2025. Should a senior drop a course or change his/her schedule after that date, all off-campus study hall privileges will be held and processed October 1, 2025.
