

HOW TO USE THE MICROSOFT AUTHENTICATOR APP | CELL PHONE

1. Connect your cell phone to the CMSSGuest Network to use the RECEIVE NOTIFICATIONS option through the Microsoft Authenticator app.
2. Open the *Settings* app on your cell phone.

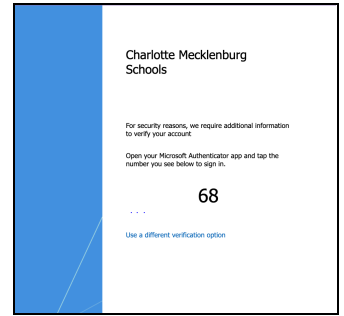

3. Click *Wi-Fi/Connections*

4. Choose the CMSSGuest Network.

5. Login to your CMS account on your laptop.
6. A notification asking to open your Microsoft Authenticator app will appear on your laptop.

7. A notification on your cell phone will prompt you to open the Microsoft Authenticator app.
8. Click the notification.

9. Type in the number you see on your laptop into the *Are you trying to sign in?* Box.
10. Click Yes.
