

# **EASTAMPTON TOWNSHIP PUBLIC SCHOOLS**

## District Goals

### Communication

1. Continue to enhance and expand school and district communications through various platforms.
2. Seek input from school community stakeholders through meetings, focus groups, surveys, etc.
3. Develop a communication plan with a committee of stakeholders.
4. Strengthen the school district by including and encouraging interaction and support of the RVHS community.

### Curriculum

1. Use data supported strategies and resources to effectively address student learning loss and promote learning acceleration.
2. Continue to collect and analyze common assessment data/benchmarks to refine math and ELA instruction and curricula.
3. Explore opportunities to expand or improve intervention models for academic, behavioral and mental health supports in the district.

### Climate

1. Evaluate HIB Process: Conduct an evaluation of the Harassment, Intimidation, and Bullying (HIB) process to identify areas for enhancement.
2. Culture of Well-being: Survey staff, students and community members using a third party company regarding the area of School Climate and Culture . Utilize the results to create a committee and a culture that prioritizes the health and wellness of teachers, students and staff.
3. To implement and engage teachers in a growth focused teaching model utilizing the Danielson Framework for Teaching and Learning. The model is closely aligned to the NJ Teaching Standards. Professional development will be provided.
