APPENDIX A: Removal of Disruptive Student by Teacher (flowchart)

INTRODUCTION

The Board of Education has a long-standing set of expectations for conduct on school property and at school functions. The Board is committed to providing a safe and orderly school environment where staff, parent/guardians and administrators work to deliver personalized, quality educational services to students without disruption or interference.

The main objective of the school is education in all forms. Students, staff, teachers, administrators and parent/guardians should work to provide an environment where problems can be initially settled by using cooperatively developed and agreed upon procedures for the benefit of the entire school community. The foundation for building this environment is the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

The Board of Education recognizes the need to clearly define the expectations for acceptable conduct on school property, identify the possible consequences of unacceptable conduct and to ensure that discipline, when necessary, is administered promptly and fairly. To this end, the Board adopts this Code of Conduct.

In accordance with the Dignity for All Students Act, School District policy and practice must ensure that no student is subject to discrimination or harassment, based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender/gender identity or sex by school employees or students on school property, on a school bus, or at a school function.

Test proctors, monitors and school officials have the right to collect prohibited electronic devices prior to the start of the test and hold them while the test is being administered, including break periods. Admission to any assessment will be denied to any student who refuses to relinquish a prohibited device.

ACADEMIC INTEGRITY

Academic integrity is honest and responsible scholarship, with each student holding themselves to the highest standards of academic conduct and personal integrity. Students who do not act with integrity are depriving themselves of the chance to think, grow, and learn. Lack of integrity also damages relationships and creates mistrust between teachers and students. Academic integrity is accomplished with hard work and good study habits, avoiding any hint of academic misconduct. Faculty members are available to assist students with proper citation methods and research skills.

Examples of academic misconduct are listed below and include but are not limited to:

Cheating: copying or trying to copy from other students during an exam or assignment, sharing answers during an exam, hiding materials or prepared answers during an exam, purchasing papers from online sellers, submitting the same work for more than one class without approval from the teachers, taking an exam for another student, or having someone take an exam on your behalf.

Altering School/Waterloo Central School District Records: forging signatures, altering transcripts and electronic student records, or altering a teacher's grade report or comments.

Disrupting the Classroom: interfering in the process of instruction to the detriment of other students, disrupting class to silence differing viewpoints, or creating a fake emergency such as a fire alarm or bomb threat to ensure class is cancelled.

Improper Use of Computers, Calculators and Other Technology: preprogramming a calculator or other device to contain answers during an exam, using a cell phone or other device to photograph or copy an exam, or violating the Waterloo Central School District's AU

HARASSMENT, BULLYING AND DISCRIMINATION

The Waterloo Central School District seeks to create an environment free of harassment, bullying, and discrimination, to foster civility in its schools, and to prevent conduct which is inconsistent with its educational mission. The Waterloo Central School District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The Waterloo Central School District further prohibits discrimination against students, including but not limited to those acts based on a person's actual or perceived race (including traits historically associated with race, such as hair texture and protective hairstyles like braids, locks, and twists), color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or other students on school property and at school sponsored activities and events that take place at locations off school property. In addition, acts of harassment, bullying, and/or discrimination which can reasonably be expected to substantially disrupt the education process may be subject to discipline or other corrective action.

The Waterloo Central School District will take disciplinary measures for incidents involving harassment, bullying, and/or discrimination consistent with this *Code of Conduct*. Responses will be reasonably calculated to end the harassment, bullying, and/or discrimination, prevent recurrence, and eliminate any hostile environment.

The Waterloo Central School District may also avail itself of remedial responses to incidents of harassment, bullying, and/or discrimination to affect the end of this behavior. Remedial responses may include, but are not limited to: peer support groups; corrective instruction or other relevant learning or service experience; supportive intervention; or other research-based methods of harassment, bullying, or discrimination prevention

In accordance with the regulations of the Commissioner of Education, each DAC has been thoroughly trained in the areas of: human relations; harassment, bullying, and discrimination; and exclusion, bias, and aggression in the educational setting. The DACs are charged with coordinating and enforcing the requirements of the Dignity for All Students Act and its implementing regulations and policies.

Prohibition of Retaliatory Behavior

In accordance with Education Law any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, or discrimination by an employee or student, on school grounds or at a school function, who acts reasonably and in good faith and reports that information to school officials, the Commissioner of Education, or law enforcement authorities, or otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making the report, or from initiating, testifying, participating, or assisting in such proceedings. Furthermore, the Board prohibits any retaliatory action against any person who, acting reasonably and in good faith, either makes a report of harassment, bullying, or discrimination, or who otherwise initiates, testifies, participates, or assists in the investigation of a complaint of harassment, bullying, or discrimination.

REPORTING VIOLATIONS

All students are expected to promptly report violations of the *Code of Conduct* to a teacher, guidance counselor, the building principal or designee. Any student observing a student possessing a weapon, alcohol or illegal substance on school property or at a school function will report this information immediately to a teacher, the building principal, the principal's designee or the Superintendent. All Waterloo Central School District staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. Waterloo Central School District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the *Code of Conduct* to their supervisor, who will in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction. There is also a web reporting link for bullying at www.uek12.org.

The building principal or designee must notify the appropriate local law enforcement agency of those Code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but in *no* event later than the close of business the day the principal or designee learns of the violation. The notification may be made by telephone, followed by a letter mailed on the same day as the telephone call is made. The notification must identify the student and explain the conduct that violated the *Code of Conduct* and constituted a crime.

REPORTING WEAPONS OR SUBSTANCE ABUSE VIOLATIONS

Any student or staff member observing a student possessing a weapon, alcohol or other illegal substance on school property or at a school function, will report this information immediately to the building principal or designee. Any weapons, alcohol or illegal substances found will be confiscated immediately, followed by notification of the parent/guardian of the student involved and the appropriate disciplinary action taken, up to and including permanent suspension and referral for prosecution. All confiscated weapons, alcohol, illegal substances, and paraphernalia will be given to law enforcement for disposal.

DISCIPLINARY CONSEQUENCES, PROCEDURES AND REFERRALS

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use appropriate disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline. Disciplinary action will be firm, fair and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- 1) The student's age.
- 2) The nature of the offense and the circumstances that led to the offense.
- 3) The student's prior disciplinary record.
- 4) The effectiveness of other forms of discipline.
- 5) Information from parent/guardian, teachers and/or others, as appropriate.
- 6) Student disability.
- 7) Information from parent/guardians, teachers and/or others, as appropriate.
- 8) Other extenuating circumstances, including emotional/mental health and trauma-related concerns.

Generally, discipline will be progressive and will include measured, balanced, and age-appropriate remedies and procedures that make appropriate use of prevention, education, intervention and discipline. This means that both the number of violations and severity of the behavior will be considered when determining consequence. For example, a student's first violation will usually merit a lighter penalty than subsequent violations.

Disciplinary Consequences

Students learn socially appropriate behavior by being allowed to experience both positive and negative consequences for their actions. In addressing student behaviors that may impede learning, the Waterloo Central School District uses a variety of appropriate classroom management techniques including:

- 1) Positive supports, strategies, and interventions to improve students' motivation, social skills, problem solving abilities, anger management, and conflict resolution abilities;
- 2) Environmental modifications to support students' abilities to maintain attention, stay on task, and control their behavior.
- 3) Building-wide behavior management systems to improve students' abilities to understand the connections between their behavior and more or less desired outcomes.

As a general practice and whenever possible, these interventions are used in combination before imposing more severe disciplinary consequences.

Students who violate the *Code of Conduct* may be disciplined as follows:

DISCIPLINARY CONSEQUENCE	PERSONNEL IMPOSING THE CONSEQUENCE
1) Restorative Practices/Interventions, including opportunities to build positive relationships with peers and staff	Any staff member
2) Oral Warning	Any staff member
3) Written Warning/Referral	Educational program staff and bus drivers
4) Written notification to parent/guardian	Teachers, student support services personnel, principal or designee.
5) Suspension of other privileges	Principal or designee
6) Detention	Principal or designee
7) In-School Suspension	Principal or designee

9) Short-term (five days or less) suspension	Principal
10) Long-term (more than five days) suspension from school	Waterloo Central School District officials
11) BOCES Program exclusion	Officials of the BOCES and the student's home District
12) Permanent suspension from school	District officials

Students may be required to reimburse the Waterloo Central School District as restitution for costs or damages incurred resulting from any misconduct.

Parent/guardians are powerful partners in a student's behavioral growth, and in their child's development of acceptable social skills. The Waterloo Central School District realizes that good communication and informal relations between parent/guardians and educators are critical to resolving discipline issues. The use of sustained, multiple, coordinated intervention at home and in school provide students with the consistency they need to develop appropriate behaviors. Parent/guardians must help the school staff by reinforcing positive behavior and disciplinary consequences. The Waterloo Central School District recognizes that parent/guardian involvement in the behavioral process is required for the student to develop the behaviors that will ensure success in the school setting and life. Therefore, it is our philosophy to provide the parent/guardian with regular and early notification by phone or writing when a student's behavior is becoming problematic in addition to the required procedural notifications specified below.

Procedures

The amount of due process a student is entitled to receive before a penalty is imposed depends on the circumstances. In all cases, regardless of the penalty imposed, the authorized school personnel must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts before the penalty is imposed.

Students who receive penalties other than an oral warning, written warning or written notification to their parent/guardians are entitled to additional rights before imposition of the penalty which are explained below.

Detention

Teachers, principals and the Superintendent may use after school detention as a penalty for student misconduct in situations where removal from the classroom or suspension would be inappropriate. Detention will be imposed as a penalty only after the student's parent/guardian has been notified.

Suspension from Transportation

Students who become a serious disciplinary problem while on a school bus may have their riding privileges suspended by the building principal or the Superintendent or their designees. In these cases, the student's parent/guardian will become responsible for seeing that his or her child gets to and from school safely. Should the suspension from transportation amount to a suspension from attendance, the Waterloo Central School District will make appropriate arrangements to provide for the student's education. A student subjected to a suspension from transportation is not entitled to a full hearing in accordance with Education Law Section 3214. However, the student and the student's parent/guardian will be provided with a reasonable opportunity for an informal conference with the building principal or designee to discuss the conduct and the penalty involved. Students with disabilities who receive "special transportation" as a service on their individualized education programs ("IEPs") or Section 504 Plans will be entitled to the separate requirements of this Code of Conduct for disciplining students with a disability as appropriate.

Suspension from Athletic Participation, Extracurricular Activities and Other Privileges

A student subjected to a suspension from athletic participation, extracurricular activities or other privileges is not entitled to a full hearing in accordance with Education Law Section 3214. The student and the student's parent/guardian will be provided with a reasonable opportunity for an informal conference with the Waterloo Central School District official imposing the suspension to discuss the conduct and the penalty involved.

In-school Suspension

The school must balance the need of students to attend school and the need for order in the classroom to establish an environment conducive to learning. Therefore, building principals and the Superintendent may place students who would otherwise be suspended from school as the result of a violation of the *Code of Conduct* into in-school suspension.

A student subjected to an in-school suspension is not entitled to a full hearing in accordance with Education Law Section 3214. The student and the student's parent/guardian will be provided with a reasonable opportunity for an informal conference with the Waterloo Central School District official imposing the in-school suspension to discuss the conduct and the penalty involved.

Removal of Disruptive Students by a Teacher

A student's behavior can affect a teacher's ability to teach and can make it difficult for other students in the classroom to learn. In most instances, the classroom teacher can control a student's behavior and maintain or restore control over the classroom by using good classroom management techniques. These techniques may include practices that involve the teacher directing a student to briefly leave the classroom to give the student an opportunity to regain his or her composure and self-control in an alternative setting. These practices may include, but are not limited to:

- 1) Short-term "time out" in an elementary classroom or in an administrator's office;
- 2) Sending a student to the principal's office for the remainder of the class time only; or
- 3) Sending a student to a guidance counselor or other Waterloo Central School District staff member for counseling. Time-honored classroom management techniques such as these do not constitute disciplinary removals for purposes of this Code.

On occasion, a student's behavior may become substantially disruptive. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom rules.

A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only. The teacher will follow the procedure in Appendix A.

If the disruptive student does not pose a danger or ongoing threat of disruption to the academic process, the teacher must provide the student with an explanation for why he/she is being removed and an opportunity to explain his/her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.

The teacher must complete a District-established disciplinary referral and meet with the principal or designee as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to review the referral. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the principal or designee prior to the beginning of classes on the next school day.

Within 24 hours after the student's removal, the principal or designee must notify the student's parent/family/caregiver, in writing, that the student has been removed from class and why. The notice must also inform the parent/family/caregiver that he/she has the right, upon request, to meet informally with the principal and teacher to discuss the reasons for the removal.

The written notice must be provided to the last known address for the parent/family/caregiver by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure

receipt of the notice within 24 hours. Where possible, notice should also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parent/family/caregiver.

If at the informal meeting the student denies the charges, the principal or the principal's designee must explain why the student was removed and give the student and the student's parent/family/caregiver a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal. The timing of the informal meeting may be extended by mutual agreement of the parent/family/caregiver and principal.

The principal or the principal's designee may overturn the removal of the student from class if the principal finds any one of the following:

- a. The charges against the student are not supported by substantial evidence.
- b. The student's removal is otherwise in violation of law, including the District's Code of Conduct.
- c. The conduct warrants suspension from school pursuant to Education Law § 3214 and a suspension will be imposed.

The principal or designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires, whichever is less.

Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he/she is permitted to return to the classroom.

Each teacher must keep a complete log (on a District-provided form) for all cases of removal of students from his or her class. The principal must keep a log of all removals of students from class.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student's placement. Accordingly, no teacher may remove a student with a disability from his/her class until he/she has verified with the principal or the Pupil Personnel Services Office that the removal will not violate the student's rights under state or federal law or regulation.

Suspension from School

Suspension from school is a more severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others.

The Board may suspend students, but places primary responsibility for the suspension of students with the Superintendent and the building principals.

Any staff member may recommend to the Superintendent or the principal that a student be suspended. All staff members must immediately report and refer a violent student to the principal or the Superintendent for a violation of the *Code of Conduct*. All recommendations and referrals will be made in writing unless the conditions underlying the recommendation or referral warrant immediate attention, in which case, a written report will be prepared as soon as possible.

The Superintendent or principal, upon receiving a recommendation or referral for suspension or when processing a case for suspension, will gather the relevant facts and record them for subsequent presentation, if necessary.

1) **Short-term (5 Days or Less) Suspension from School**

When the Superintendent or principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct for five days or less in accordance with Education Law § 3214(3), the suspending authority must immediately verbally notify the student. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parent/guardians in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parent/guardians. Where possible, notice will also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting the parent/guardians.

The notice will provide a description of the charges against the student, a description of the incident for which suspension is proposed and will also inform the parent/guardians of the right to request an immediate informal conference with the principal. Both the notice and informal conference will be in the dominant language or mode of communication used by the parent/guardians. At the conference, the parent/guardians will be permitted to ask questions of complaining witnesses under procedures established by the principal.

The notice and opportunity for an informal conference will take place before the student is suspended unless the student's presence in school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process. If the student's presence poses a danger or threat of disruption, the notice and opportunity for an informal conference will take place as soon after the suspension as is reasonably practicable.

After the conference, the principal will promptly advise the parent/guardians in writing of his or her decision. The principal will advise the parent/guardians that if they are not satisfied with the decision, they must file a written appeal to the Superintendent within ten business days, unless they can show extraordinary circumstances precluding them from doing so. The Superintendent will issue a written decision regarding the appeal within ten business days of receiving the appeal. If the parent/guardians are not satisfied with the Superintendent's decision, they must file a written appeal to the Board with the Waterloo Central School District Clerk within ten business days of the date of the Superintendents' decision, unless they can show extraordinary circumstances precluding them from doing so. Only final decisions of the Board may be appealed to the Commissioner within 30 days of the Superintendent's decision.

2) **Long-term (More Than 5 Days) Suspension from School**

When the Superintendent or building principal determines that a suspension for more than five days may be warranted, he or she will give reasonable notice to the student and the student's parent/guardians of their right to a fair hearing. At the hearing the student will have the right to be represented by counsel, the right to question witnesses against him or her and the right to present witnesses and other evidence on his or her behalf.

The Superintendent will personally hear and adjudicate the proceeding or may, at his or her discretion, designate a Hearing Officer to conduct the hearing. A record of the hearing will be maintained, but no transcript will be required. A tape recording will be deemed a satisfactory record. The Hearing Officer will make findings of fact and recommendations as to the appropriate measure of discipline to the Superintendent. The report of the Hearing Officer will be advisory only, and the Superintendent may accept all or any part.

An appeal of the Superintendent's decision may be made to the Board that will make its decision based solely on the record before it. All appeals to the Board must be in writing and submitted to the Waterloo Central School District Clerk within 10 business days of the date of the

Superintendent's decision. The Board may adopt in whole or in part the decision of the Superintendent. Final decisions of the Board may be appealed to the Commissioner within 30 days of the decision.

3) Permanent Suspension

Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

Minimum Periods of Suspension

Students Bringing or Possessing Certain Weapons on School Property

Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing in accordance with Education Law Section 3214. Students with disabilities will be entitled to the applicable procedures provided by law and set forth through this Code of Conduct. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis considering appropriate factors. In deciding whether to modify the penalty, the Superintendent may consider the following:

- 1) The student's age;
- 2) The student's grade in school;
- 3) The student's prior disciplinary record;
- 4) The Superintendent's belief that other forms of discipline may be more effective;
- 5) Input from parent/guardians, teachers and/or others; and
- 6) Other extenuating circumstances.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

Violent Acts Other Than Bringing or Possessing Certain Weapons on School Property

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, will be subject to suspension from school for at least five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parent/guardians will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent/guardians will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the appropriate factors considered in modifying a one-year suspension for possessing a weapon.

Repeatedly Substantially Disruptive of the Educational Process or Repeatedly Substantially Interferes with the Teacher's Authority Over the Classroom

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for at least five days. For purposes of this *Code of Conduct*, "repeatedly is

substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) in accordance with Education Law Section 3214(3-a) and this Code on four or more occasions during a semester, or three or more occasions during a trimester. If the proposed penalty is the minimum five-day suspension, the student and the student's parent/guardian will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student's parent/guardian will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In deciding whether to modify the penalty, the Superintendent may consider the appropriate factors considered in modifying a one-year suspension for possessing a weapon.

Referrals

Counseling

The Counseling Office will handle all referrals of students to counseling.

PINS Petitions

The Waterloo Central School District may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who:

- 1) Does not attend school;
- 2) Behaves in a way that is incorrigible, ungovernable, or habitually disobedient;
- 3) Is beyond the control of a parent/guardian, guardian, or the school;
- 4) Is suspected of drug abuse; or
- 5) Requires supervision or treatment
- 6) Appears to be a sexually exploited child under Social Services Law §447-a(1)(a), (c), or (d), and the student consents to filing the PINS petition.

The Waterloo Central School District will follow all PINS procedures required by the Family Court in their jurisdiction.

Juvenile Delinquents and Juvenile Offenders

The Superintendent is required to refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

- 1) Any student under the age of 16 who is found to have brought a weapon to school, or
- 2) Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law Section 1.20 (42).

The Superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

ALTERNATIVE INSTRUCTION

When a student is removed from class by a teacher or a student of compulsory attendance age is

suspended from school in accordance with Education Law Section 3214, the Waterloo Central School District will take immediate steps to provide alternative means of instruction for the student. The Board of Education expects students, administrators, teachers, and parents to make every effort to maintain student academic progress in the event of removal or suspension and support student re-entry to the classroom at the conclusion of the disciplinary action.

DISCIPLINE OF STUDENTS WITH DISABILITIES

It may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or inappropriate behavior. Students with disabilities enjoy certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This *Code of Conduct* affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

Authorized Suspensions or Removals of Students with Disabilities

For purposes of this section of the *Code of Conduct*, the following definitions apply.

- 1) A “student with a disability” means a student who falls within one of the classifications set forth in the Individuals with Disabilities Education Act (IDEA) and section 200.1(zz) of the Commissioner of Education regulations, and who, because of such classification, needs special education or related services. This also includes students who qualify as a student with a disability pursuant to Section 504 of the Rehabilitation Act, and who, because of such qualification, have a Section 504 Plan.
- 2) A “suspension” means a suspension in accordance with Education Law Section 3214.
- 3) A “removal” means a removal for disciplinary reasons from the student's current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an Impartial Hearing Officer because the student poses a risk of harm to himself or herself or others.
- 4) An “Interim Alternative Educational Setting (“IAES”), means a temporary educational placement, other than the student's current placement at the time the behavior precipitating the IAES placement occurred. A student who is placed in an IAES will continue to receive educational services so as to enable him or her to progress in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's individualized education plan (IEP), and receive, as appropriate a functional behavioral assessment and behavioral intervention services and modifications that are designed to prevent the behavior from recurring.

School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:

- 1) The Board, the Superintendent, or a building principal may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior, except when such short-term suspension will result in a change of placement as identified below (i.e., due to a pattern of removals/suspensions in one school year that cumulate to more than 10 nonconsecutive days

of removal/suspension).

- 2) The Superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to ten consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior. If the Superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior. Such suspension cannot be determined to result in a change in placement as identified below. Students with disabilities who are suspended for more than five consecutive school days pursuant to a finding of guilt at a superintendent's hearing shall be entitled to a manifestation determination review ("MRD") at the second phase of that hearing. Should a manifestation be found at that MDR, the student is entitled to return to school immediately, even if the student has not served the full period of suspension.
- 3) When a student with a disability is found guilty at a long-term suspension hearing and the misconduct is determined to be a manifestation of the student's disability by the MDR team, the Superintendent may order the placement of a student with a disability in an IAES to be determined by the CSE for the same amount of time that a student without a disability would be subject to discipline, but not more than forty-five (45) days, if the student inflicts serious bodily injury, carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the same of a controlled substance while at school or a school function or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.
 - "Serious bodily injury" means bodily injury, which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.
 - "Weapon" means the same as "dangerous weapon" under 18 U.S.C. § 930(g)(w) which includes "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except...[for] a pocket knife with a blade of less than 2 1/2 inches in length."
 - "Controlled substance" means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.
 - "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

Subject to specified conditions required by both federal and state law and regulations, an Impartial Hearing Officer may order the placement of a student with a disability in an IAES setting for up to 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others. Placement in an IAES by an impartial hearing officer would require the District to first initiate a special education impartial due process hearing. Disciplinary proceedings are not required prior to the District initiating such a hearing.

Change of Placement Rule

A disciplinary change in placement means a suspension or removal from a student's current

educational placement that is either:

- 1) For more than 10 consecutive school days; or
- 2) For a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.
- 3) However, the District may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals if the manifestation determination team (“MDR”) has determined that the behavior was not a manifestation of the student’s disability. Students whose behavior was determined to be a manifestation of their disability may be placed in an IAES by the Superintendent according to the requirements provided above when their behavior involves serious bodily injury, weapons, illegal drugs, or controlled substances. Students may also be placed in an IAES by an impartial hearing officer as a result of an impartial due process hearing according to the procedures provided above when the student’s current educational placement poses a risk of harm to the student or others

School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

However, the Waterloo Central School District may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals if the CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

Special Rules Regarding the Suspension or Removal of Students with Disabilities

The Waterloo Central School District's MDR team shall:

- 1) Conduct a review of the relationship between the student’s disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability; and such review must be made as immediate as possible, but in no case later than ten (10) school days after:
 - a. A decision is made by the Superintendent of Schools to change the placement of a student to an IAES; or
 - b. A decision is made by an impartial hearing officer to place a student in an IAES; or
 - c. A decision is made by the Board of Education, building principal, or Superintendent to impose a suspension that constitutes a disciplinary change in place.
- 2) The MDR team will determine whether the conduct in question was caused by or had a direct and substantial relationship to the student’s disability or the conduct in question was the direct result of the District’s failure to implement the student’s IEP or Section 504 Plan.
- 3) For students with disabilities who are found guilty of misconduct at a superintendent’s disciplinary hearing for a long-term suspension, the MDR will be conducted during phase two of the hearing.

The Waterloo Central School District's CSE will:

- 1) Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the Waterloo Central School District is first suspending or removing a student with a disability for more than ten school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than ten school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE will review the behavioral intervention plan and its implementation to determine if modifications are necessary.

If one or more members of the CSE believe that modifications are needed, the Waterloo Central School District will convene a meeting of the CSE to modify the plan and its implementation, to the extent the Committee determines necessary.

- 2) Conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his or her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

The parent/guardians of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, will have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the Waterloo Central School District is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the Waterloo Central School District is deemed to have had knowledge as described, the student will be considered a student presumed to have a disability for discipline purposes.

- 1) The Superintendent, building principal or other school official imposing a suspension or removal will be responsible for determining whether the student is a student presumed to have a disability.
- 2) A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the Waterloo Central School District had knowledge the student was a student with a disability, the Waterloo Central School District either:
 - a. Conducted an individual evaluation and determined that the student is not a student with a disability, or
 - b. Determined that an evaluation was not necessary and provided notice to the parent/guardians of the determination, in the manner required by applicable law and regulations.

If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made while the non-disabled student is subjected to a disciplinary removal, an expedited evaluation will be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student will remain in the educational placement determined by the Waterloo Central School District, including suspension.

The Waterloo Central School District will provide parent/guardians with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his or her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement.

The procedural safeguards notice prescribed by the Commissioner will accompany the notice of disciplinary removal.

The parent/guardians of a student with disabilities subject to a suspension of five consecutive school days or less will be provided with the same opportunity for an informal conference available to parent/guardians of non-disabled students under the Education Law.

Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days will be divided into a guilt phase and a penalty phase in accordance with the procedures in Commissioner's regulations.

The removal of a student with disabilities other than a suspension or placement in an IAES will be conducted in accordance with the due process procedures applicable to the removal of non-disabled students, except that school personnel may not impose a removal for more than ten consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student's disability. During any period of suspension or removal, including placement in an IAES, students with disabilities will be provided with services as required by Commissioner's regulations.

Expedited Due Process Hearings

An expedited due process hearing will be conducted in the manner specified by the Commissioner's regulations incorporated into this *Code*, if:

- 1) The Waterloo Central School District requests a hearing to obtain an order of an Impartial Hearing Officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during the proceedings.
- 2) The parent/guardian requests a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including, but not limited to, any decision to place the student in an IAES.
 - a. During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs, or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in an IAES, the student will remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parent/guardians and the Waterloo Central School District agree otherwise.

- b. If school personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student will remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.

An expedited due process hearing will be completed within 15 business days of receipt of the request for a hearing. Although the Impartial Hearing Officer may grant specific extensions, he or she must mail a written decision to the Waterloo Central School District and the parent/guardians within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

Referral to Law Enforcement and Judicial Authorities

In accordance with the provisions of IDEA and its implementing regulations:

- 1) The Waterloo Central School District may report a crime committed by a child with a disability to appropriate authorities, and the action will not constitute a change of the student's placement.
- 2) The Superintendent will ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student to punish that student. The Waterloo Central School District strictly forbids corporal punishment of any student by any Waterloo Central School District employee.

Corporal punishment does not include the use of reasonable physical restraint to:

- 1) Protect the student, another student, teacher, or any other person from physical injury, when alternative procedures and methods not involving the use of physical restraint cannot reasonably be employed to achieve these purposes;.
- 2) Physical restraint will not be used to prevent property damage, except in situations where there is imminent danger of serious physical harm to the student or others and the student has refused to refrain from further disruptive acts.

The Waterloo Central School District will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

STUDENT SEARCHES AND QUESTIONING OF STUDENTS

The Board is committed to providing an atmosphere for a positive, safe, and orderly school environment.

In all instances, any search of students or their property must be justified at their inception; there must be reasonable grounds for suspecting the search will produce evidence that the student has violated or is violating the law or the Waterloo Central School District *Code of Conduct*. The search must also be reasonably related in scope to the circumstances that justified the search in the first place.

The Waterloo Central School District will consider these factors in determining whether a search

is reasonable at its inception:

- 1) Nature and reliability of the information received regarding the proscribed activity: An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individual(s), other than the Waterloo Central School District employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, they make an admission against their own interest, or they provide the same information that is received independently from other sources. Waterloo Central School District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.
- 2) The existence of observable phenomena, such as the direct observation of use or the physical symptoms of using or being under the influence of illegal controlled substances or alcohol such as slurred speech, disorientation, a pattern or abnormal conduct, or erratic behavior.

The measures adopted in searching a student will be considered reasonable in scope when they are reasonably related to the objectives of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

Before searching a student or the student's belongings, the authorized school official will attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the *Code of Conduct*, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought. Whenever practicable, searches will be conducted in the privacy of administrative offices, and students will be present when their possessions are being searched.

Student Lockers, Desks, and other School Storage Places

Students may be assigned lockers in which they are allowed to store their personal property. These lockers are school property and can be inspected or searched at any time. While students are assigned a lock or combination, this lock is for the purpose of protecting the students' property and does not create an expectation of privacy. Lockers, like all parts of a school building, including desks and other areas in which students are allowed to store their personal property, remain School District property and are subject to inspection and search at any time. This also applies to desks, computer files, vehicles on school property, backpacks, and any other school storage.

Questioning of Students by School Officials

School officials have the right to question students regarding any violations of the *Code of Conduct* or illegal activity. In general, administration may conduct investigations concerning reports of misconduct which may include, but are not limited to, questioning students, staff, parent/guardians/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private by the appropriate school administrator. The student's parent/guardian/guardian may be contacted; the degree, if any, of parent/guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning/interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right/responsibility of school officials to contact appropriate law enforcement agencies, as may be necessary, with regard to such statements given by students to school

officials.

School officials acting alone and on their own authority, without the involvement of or on behalf of law enforcement officials are not required to give "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him/her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

Law Enforcement Officials

The Waterloo Central School District will maintain a cooperative effort with law enforcement agencies. Law enforcement officials may be summoned to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned to maintain or restore order when their presence is necessary to prevent injury to persons or property. Administrators have the responsibility and the authority to determine when the assistance of law enforcement officers is necessary.

Interrogation of Students by Law Enforcement Officials

Generally, law enforcement officials may only interview students on school premises without the permission of the parent/guardian/guardian in situations where a warrant has been issued for the student's arrest (or removal) or where there is probable cause to believe a crime has been committed on school property or at a school function. In all other situations, if law enforcement officials wish to speak to a student without a warrant, they should directly contact the student's parent/guardian/guardians.

When law enforcement officials wish to question a student on school property or at a school function, administration will attempt to notify the student's parent/guardian/guardian. If the student's parents/guardian cannot be contacted prior to the police questioning or search, the questioning or search will not be conducted unless the student is 16 years of age or older. If possible, questioning of a student by police should take place in private and outside the presence of other students, but in the presence of the building principal or designee.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

- 1) They must be informed of their legal rights.
- 2) They may remain silent if they so desire.
- 3) They may request the presence of an attorney.

Child Protective Services' Investigations

Occasionally, Child Protective Services (CPS) may wish to conduct interviews of students on school property. These interviews generally pertain to allegations of suspected child abuse or neglect. The Board encourages cooperation with CPS with respect to access to records and access to any child named as a victim, any of the victim's siblings, or any other child residing in the same home as the named victim, in accordance with applicable law. A Child Protective Services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if not he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent/family/caregiver's consent.

VISITORS TO THE SCHOOLS

The Board encourages parent/guardians and other Waterloo Central School District citizens to visit the Waterloo Central School District's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for

such visits. The building principal is responsible for all persons in the building and on the grounds. For these reasons, the following expectations apply to visitors to the schools:

- 1) Anyone who is not a regular staff member or student of the school will be considered a visitor.
- 2) All visitors to school must report to the Main Office or the office of the principal (or designated extension of the principal's office, such as a security sign-in desk) upon arrival at the school. There they will be required to sign the visitor's register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the office before leaving the building.
- 3) Visitors during the school day may be escorted by a staff member to and from their destination at the discretion of the building principal.
- 4) Visitors attending school functions that are open to the public, such as parent/guardian-teacher organization meetings or public gatherings, are not required to register.
- 5) Parent/guardians or citizens who wish to observe a classroom while school is in session must arrange these visits in advance through the principal's office, so that class disruption is kept to a minimum.
- 6) Teachers will not take class time to discuss individual matters with visitors.
- 7) Any unauthorized person on school property will be reported to the principal. Unauthorized persons will be asked to leave. The police may be called if necessary.
- 8) All visitors are expected to abide by the rules for public conduct on school property contained in this *Code of Conduct*.
- 9) All visitors are expected to abide by any public health recommendations in place at the time of the visit.

PUBLIC CONDUCT ON SCHOOL PROPERTY

The Waterloo Central School District is committed to providing an orderly, respectful environment that is conducive to learning. For purposes of this section of the Code, "public" means all persons when on school property or attending a school function including students, teachers and Waterloo Central School District personnel.

The restrictions on public conduct on school property and at school functions contained in this Code are not intended to limit freedom of speech or peaceful assembly. The Waterloo Central School District recognizes that free inquiry and free expression are indispensable to the objectives of the Waterloo Central School District. The purpose of this Code is to maintain public order and prevent abuse of the rights of others.

All persons on school property or attending a school function will conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school function are expected to be properly dressed for the purposes for which they are on school property.

Penalties

Visitors

Visitors are subject to immediate ejection and, as the facts may warrant, precluded from returning to school property or functions. The Waterloo Central School District may involve law enforcement officials for assistance. The length of the suspension will be determined by the severity of the violation and the violator will receive written notice of the determination.

Teachers and Other Staff

Teachers and staff may be disciplined in accordance with this *Code of Conduct*, applicable law or collective bargaining units and due process requirements.

Contractors and Vendors

The Waterloo Central School District will take appropriate action, consistent with the terms of any applicable contract, to ensure the offense is remedied and will not recur. The failure of a contractor or vendor to abide by the terms of this *Code of Conduct* may affect the renewal of existing agreements or the awarding of future contracts.

Enforcement

The Superintendent is responsible for enforcing the conduct required by this Code. The Superintendent may designate other Waterloo Central School District staff that are authorized to take action consistent with the Code.

When the Superintendent or designee sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property, the designated school official will tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the designated school official will have the individual removed immediately from school property or the school function. If necessary, local law enforcement authorities will be contacted to assist in removing the person.

The Waterloo Central School District will initiate disciplinary action against any student or staff member, as appropriate, with the "Penalties" section. In addition, the Waterloo Central School District reserves its right to pursue a civil or criminal legal action against any person violating the Code.

DISSEMINATION AND REVIEW

Dissemination of Code of Conduct

The Board will work to ensure that the community is aware of this *Code of Conduct* by:

- 1) Providing a public hearing prior to its approval of the *Code of Conduct*.
- 2) Providing copies of a summary of the *Code* to all students at the beginning of each school year.
- 3) Posting the *Code of Conduct* on the Waterloo Central School District website www.waterloocsd.org for access by parent/guardians and community members.

- 5) Providing all new employees with a copy of the current *Code of Conduct* when they are first hired.
- 6) Making copies of the *Code* available for review by students, parent/guardians and other community members.

On an annual basis, the *Code of Conduct* will be publicized and explained to all students and a summary distributed, in writing either electronically or in the student handbook to parent/guardians of students. A copy of the Code will be filed in each school building, where it will be available for review by any individual.

The Board will sponsor an in-service education program for all Waterloo Central School District staff members to ensure the effective implementation of the *Code of Conduct*. The Superintendent will solicit the recommendations of the Waterloo Central School District's staff, particularly teachers and administrators, regarding the service programs pertaining to the management and discipline of students.

The Board will review this *Code of Conduct* every year and update it as necessary. In conducting the review, the Board will consider how effective the Code's provisions have been and whether the Code has been applied fairly and consistently.

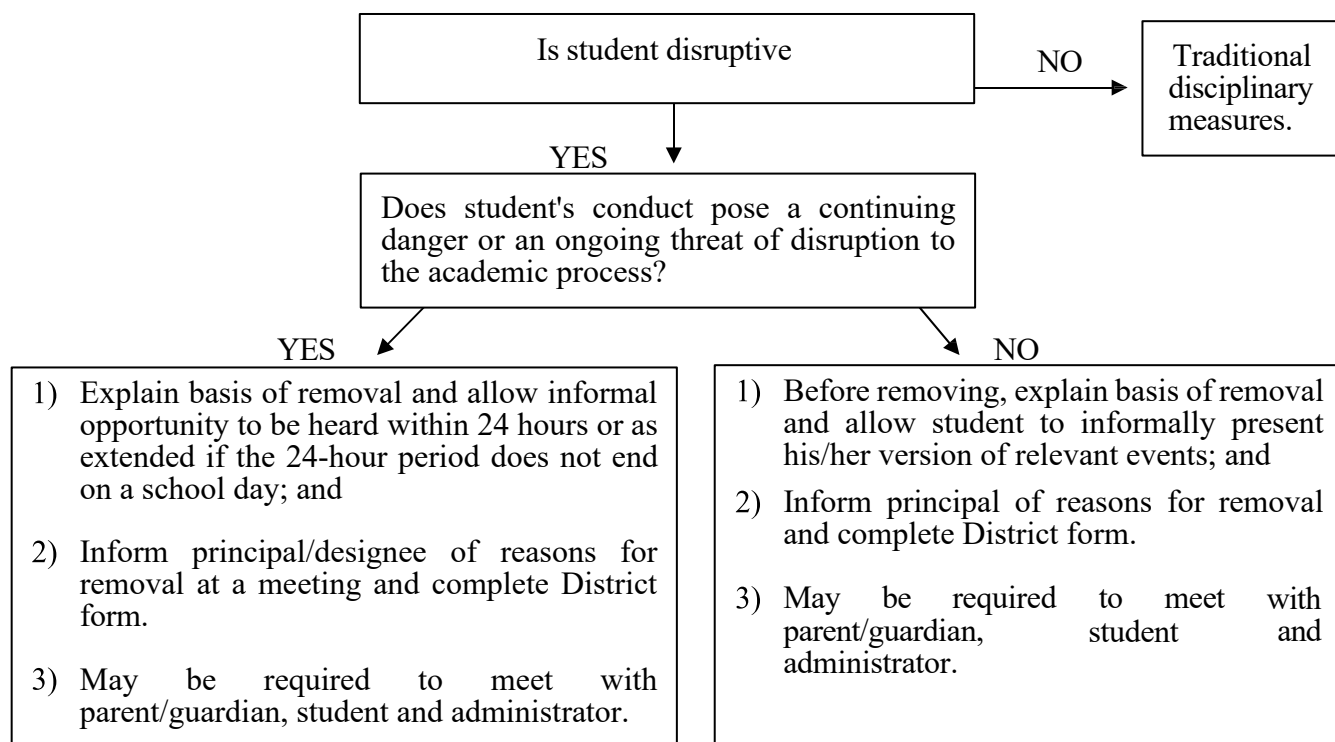

The Board may appoint an advisory committee to assist in reviewing the Code and the Waterloo Central School District's response to *Code of Conduct* violations. The committee will be made up of representatives of student, teacher, administrator, and parent/guardian organizations, school safety personnel and other school personnel.

Before approving any revisions to the Code, the Board will hold at least one public hearing at which school personnel, parent/guardians, students and any other interested party may participate.
