Model Schools Pricing - 2025-2026

PARTICIPATION FEES:
District with less than 2,000 students: $4,444
District with 2,001 students or more: $9,258

Model Schools has two pricing options.

ED TECH COACH SUPPORT:
Option #1:
$1,109/day for Education Technology Coach support

Option #2:
1/5th FTE - $40,200 annual per 1/5th FTE, 40-day unit

Option 2 allows districts to utilize a Model Schools Education Technology Coach, starting on August 1st, over a series of pre-established days of the week, to do the following:

1. Work with district central office administrators, building principals, and department leaders to identify instructional technology initiatives and priorities as well as an implementation plan and evaluation measures.
2. Customize professional development to be implemented and evaluated over the coming year.
3. Deliver summer professional development including new teacher institutes and administrative leadership academies.
4. Update and align instructional technology work and resources as defined in the district's technology plan.

Districts are requested to:

1. Commit to FTE model by May 20th via Shared Services Guide or Contract Modification Request.

2. Commit to the day(s) of the week by the third Friday in July. The day(s) will remain consistent until June 30th of the current year except when determined by both the district and the ETC's.

DISTRICT COST ANALYSIS:

District	
# of professional development days 25/26	40
Purchase of 1 40-day unit (1/5th FTE)	1
Cost to district with 1/5th FTE price model	$40,200
Cost to district with $1,109/day model	$44,360
Difference - (additional cost) or savings	$4,160
