--- End of Addendum No. 2 ---

Hopkinton Hayden Rowe St Roadway

PRE-BID RFI LOG

RFI #	Contractor / Sub	Date	Question	Answer
10	J.H. Lynch and Sons, Inc.	6/26/2025	Were any cores taken within the roadway that show the thickness of the existing pavement?, Were any borings taken on the project which would indicate the presence of rock or groundwater?	No cores or borings were taken in the vicinity of the roadway. Groundwater is assumed to be at approximately elev. 499.
11	J.H. Lynch and Sons, Inc.	6/27/2025	Please clarify where the proposed edge of the roadway is at the NE corner of the school driveway +/-Sta 9+50 RT, On the pavement marking plan it looks like the SWL is on the edge of the roadway? The cross sections at Sta 3+20 make it appear that the roadway is coming up 4' from the existing. However, the elevations show it coming up 0.01 of a foot. Please clarify	See plans issued with Addendum No. 1 for clarification regarding the edge of roadway at Sta 9+50 +/- The defined edge of road is expected to extend from the curb at the corner of the Marathon School Driveway to match the proposed edge of guardrail millings at Sta 10+00 +/- No significant profile changes are proposed. The elevation at Sta 3+50 should be raised at 0.01'.
12	Caracas Construction Corporation	7/2/2025	1.The spec refers and makes mention to MassDOT numbers for items, however there are no bid items listed. Is this a unit price job or Lump sum? 2.How will rock excavation be paid? 3.Will permits or fees be waived if needed? 4.How will police be paid? 5.Is there a SWPPP required? 6.The week leading up to the Boston marathon ,will construction have to be stopped? 7.Are there any hour restrictions in the morning? 8.Does a license electrician have to install the conduit or can the GC? 9.Are there any borings available? 10.On the left-hand side, the plans call out to saw cut the road but leave the curb and sidewalk. What is the purpose of this?	1. Item numbers are referenced to provide the Contractor guidance in identifying the correct Subsections within the MassDOT Standard Specifications. 2. As part of the lump sum cost. 3. Town permits (road opening, etc) would be waived. 4. As part of the lump sum cost. (See Addendum 1). 5. Should not be one required based on square footage of disturbance. 6. We're not expecting work to start until next June 2026, which I believe was in the full bid package. 7. No, unless they are working when school is in session. 8. GC can install. 9. There are no borings available. 10. The sawcut line is intended to show the limits of mill & overlay.
13	Caracas Construction Corporation	7/7/2025	The specs on page 81-160 refer to a planting list of Nine separate sub species of plantings. Addendum One only shares seven sub species, of which some are different. Are we supposed to go off the Addendum one plantings list only?	Yes, Addendum #1 plant list only.
