HS Supply Info

The High School does not have a set school supply list which students are required to purchase because of the wide variety of classes.

Students are encouraged to: purchase general school supplies such as a backpack, pencils, pens, highlighters, and notebook paper, flash cards etc, have access to a flash/jump drive, and a pair of earbuds for occasional use.

Teachers who have specific supply requests will communicate this in the first week of school on their syllabus, or provide the materials to the students.
