ACTION #1: UNRESTRICTED RESERVE POLICY

At the recommendation of the Financial Oversight Committee, the Board of Education has a proposed Unrestricted Reserves Policy, P3460, up for action tonight. This policy provides accountability, transparency, and oversight of the district's cash reserves.

OVERVIEW OF POLICY 3460

MINIMUM THRESHOLD

No less than the annual average
of one state aid payment

MAXIMUM THRESHOLD

Up to two months of regular
operating budget revenues or
two months of regular operating
budget expenditures and
transfers, whichever is greater.

If unrestricted cash balance exceeds the maximum threshold:

- One-time investments to areas that do not create recurring obligations
- One-time taxpayer relief measures
- Reallocation to restricted reserves for future anticipated obligations

OVERVIEW OF POLICY 3460: WHY WE NEED CASH ON HAND

OVERVIEW OF POLICY 3460: WHY WE NEED CASH ON HAND FEDERAL FUNDS UPDATE

Unforeseen legislative action is another reason why WPS has to keep cash on hand.

FEDERAL FUNDS UPDATE

KSDE Guidance: “Budget like you will receive it, but spend it like you won’t.”

District’s Response: In light of recent developments at the federal level, we want to reassure all staff in grant-funded FTE positions that there is no cause for concern regarding your pay. The district has sufficient cash reserves to continue supporting these positions without interruption.

Additional information regarding non-salary spending from impacted federal grants will be shared in the near future as more guidance becomes available.
