CONSENT ITEM

DATE: September 4, 2018

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services

SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

SUBJECT: APPROVE AGREEMENT WITH LEVEL DATA TO PROVIDE A TWO-WAY SYSTEM FROM THE FOOD SERVICES (ETRITION) SOFTWARE TO THE STUDENT INFORMATION SYSTEM (POWERSCHOOL)

Background: The District receives thousands of lunch applications every year. The lunch status (free, reduced, or paid) is manually entered into software that uploads for State funding. Every year the District is required to reconcile the data input to the California Basic Educational Data System (CBEDS) and the California Longitudinal Pupil Achievement Data System (CALPADS). Errors in reporting to these systems can result in the District's not receiving its full funding for the year.

Rationale: The District recommends entering into an agreement with Level Data to provide connectivity between PowerSchool and eTriton software. This communication will automatically import the meal eligibility status and perform the necessary reconciliation to accurately report to the State. Additionally, the District will receive an exception report by household classification to help maximize free and reduced lunch counts.

Funding: The amount not to exceed \$22,145 will be paid from the General Fund.

Recommendation: Approve agreement with Level Data to provide a two-way system from the Food Services (eTriton) software to the student information system (PowerSchool).

SUBJECT: **ADOPT RESOLUTION #18/19-10 PROCLAIMING OCTOBER 22-26, 2018, AS “RED RIBBON WEEK” FOR THE FULLERTON SCHOOL DISTRICT**

Background: “Life is Your Journey, Travel Drug Free” is the message of this year’s Red Ribbon Week. The choice of a drug-free lifestyle and respect for the memory of Drug Enforcement Agent, Enrique Camarena, has been at the heart of Red Ribbon Week since its inception in 1986, resulting in celebrations nationwide. This year, Red Ribbon Week again gives us the opportunity to demonstrate commitment to those values.

Students will receive red wristbands from the Orange County Sheriff’s Department. Each school site’s P.T.A. can select and purchase goods to reinforce the message, depending on the P.T.A.’s budgets and level of activities they want to provide. Schools usually calendar a week of Red Ribbon Week events and activities for this celebration. With the importance of this celebration in mind, the Board is asked to declare October 22-26, 2018, as Red Ribbon Week in the Fullerton School District.

Rationale: The “Life is Your Journey, Travel Drug Free” campaign is designed to inspire parents and other family influencers to connect with their children in ways that persuade them not to use drugs.

Funding: Not applicable.

Recommendation: Adopt Resolution #18/19-10 proclaiming October 22-26, 2018, as “Red Ribbon Week” for the Fullerton School District.

2018 - 2019

It is hereby agreed by and between the Centralia School District (hereinafter referred to as the "Provider District") and the Fullerton School District (hereafter referred to as the "Sending District,") and collectively referred to herein as the "Parties," mutually agree as follows:

1. Basis of Agreement

This Agreement is effective for the period beginning **July 1, 2018** and ending **June 30, 2019**.

3. Acknowledgment of Special Education Funding Formula

It is acknowledged that, in accordance with Part 30 of the Education Code, Chapter 7.2, Section 56836 et seq., the California State funding formula for special education programs, services and administration generates an entitlement based on the average daily attendance of pupils in the local education agencies that comprise a Special Education Local Plan Area (SELPA).

4. Scope of Program and Referral Process to GASELPA

The Provider District shall conduct special education programs and services for those eligible pupils of the Sending District referred by their Individualized Education Program (IEP) Teams when it is jointly determined by the Sending District and the Provider District that the pupil's educational needs as specified in the pupil's IEP can be appropriately met by the programs and services operated by the Provider District. Prior to offering placement in any Provider District Program, the Sending District shall contact the appropriate Provider District Program Specialist and/or Provider District Director to discuss a possible referral and the appropriateness of the Provider District Program placement. If the referral seems appropriate, the Sending District shall obtain from the parent authorization to release information to the Provider District staff and

submit a Provider District referral packet to the appropriate Provider District Director as well as schedule a visitation with the parent. Provider District referral packets can be obtained by contacting the Provider District Director and/or Program Specialists of the Provider District where the Program is located.

Upon review of the referral packet and site visit by parent, the Provider District Program Specialist and/or representative will coordinate an IEP team meeting for purposes of discussing possible placement in a Provider District Program. Provider District shall maintain and provide special education programs for Sending District pupils during the 2018-2019 school year. Class size ranges and student-adult ratios shall be maintained in a manner which allows Provider District to meet the programmatic, health and safety needs of the pupils.

5. Responsibility of School District of Residence

The Sending District and Provider District acknowledge that the Sending District, as the pupil's district of residence, maintains primary responsibility as the local education agency (LEA) to ensure the pupil receives a free appropriate public education. In the event a pupil participating in a Provider District Program moves out of the Sending District, the Sending District shall immediately provide the Provider District written notice of the pupil's change in residence, including the new school district of residence, if known. Similarly, the Provider District shall immediately notify Sending District in the event a parent reports a change in residence, including the new school district of residence, if known.

6. Annual and Triennial Reviews

The Provider District shall be notified of annual reviews scheduled for its pupils participating in a Provider District Program and may provide a representative who will participate in the development of the annual IEP. For initial placement, triennial review, recommendation for home instruction, or a change in eligibility or services specified on the current IEP, a Sending District representative who is authorized to approve or disapprove the allocation of specified Sending District resources necessary for the implementation of the pupil's IEP shall attend the IEP team meeting. For all other pupils enrolled in a Provider District Program, the Sending District agrees to provide a general education teacher at IEP team meetings unless otherwise waived in writing by pupil's parent in accordance with the IDEA and State law. Subject to approval by the pupil's parents, the general education teacher and/or other IEP team participants may use alternative means of meeting participation, such as video conferences and conference calls.

Progress reports relating to goals and objectives in a pupil's IEP shall be sent by the Provider District to parents per the pupil's IEP schedule for progress reporting and to the Director of Special Education of the Sending District upon request. When requested by Sending District or parent, an updated report shall be provided if there is no current progress report whenever a pupil is scheduled for an IEP review or when pupil's enrollment in Provider District Program is terminated.

7. Assessments/Independent Educational Evaluations

In the event a request is made for an Independent Educational Evaluation (IEE), Provider District and/or District Provider school site shall immediately forward such request to the Sending District, in collaboration with the Provider District, shall determine how to respond to the request for an IEE. If the Sending District receives a request for assessment or IEE for a student referred to or enrolled in a Provider District Program, the Sending District shall immediately notify Provider District of the request and collaborate with Provider District as to how to respond. Provider and/or Sending District may also schedule an IEP team meeting to further discuss the requested IEE or assessment.

The Sending District is responsible for all matters related to the IEE including but not limited to the ultimate decision whether or not to grant the IEE, whether or not to file for a Due Process Hearing or other legal proceeding, and all costs related obtaining and conducting the IEE. The Provider District and Provider District school site are not responsible for any costs or legal proceeding such as a Due Process hearing and/or Attorney Fees related to the IEE.

8. Pupil Count

A count shall be taken of the number of pupils enrolled in GASELPA's Special Schools Program as of the first day of each calendar month, July 2018 through June 2019. A pupil shall be counted as "enrolled" in a Provider District Program on the first day of attendance in the program or fourteen (14) days after the IEP team has met and an approved IEP has been executed for the pupil's educational placement in a Provider District Program, whichever occurs sooner. Pupils continuing in a Provider District Program from the previous school year shall be counted as "enrolled" on the first school day in September unless written notification of withdrawal is received from either the parent or Sending District. If a continuing pupil has not attended school by the eleventh (11th) day of the first school month, Provider District shall notify the Sending District and a determination shall be made regarding continuing enrollment. In the event either Provider District or Sending District are informed that a pupil has been withdrawn by the parent from a Provider District Program, each agency shall immediately notify the other of such withdrawal. Any pupil withdrawn by the parent from a Provider District Program is no longer counted as "enrolled" or considered a continuing pupil for the following school year.

9. Definitions

a. "Provider District Programs" are the special education classes and support services operated by Provider District for severely disabled and medically fragile pupils, pupils with low incidence disabilities, pupils with autism spectrum disorders, pupils with emotional disturbances and other eligible pupils.

b. "Special Education Program Income" shall be defined as the sum of all State and Federal funds generated by or on behalf of pupils transferred to regional programs operated by Provider District Programs under this Agreement.

c. "Special Education Program Expenditures" shall include Direct Costs, Direct Support Costs and Indirect Cost of Provider District Programs.

d. "Average Cost Per Pupil" shall refer to the Special Education Program Expenditures attributable to the program less Special Education Program Income divided by the average number of pupils enrolled during the year.

e. "Average Number of Pupils" shall refer to the total of the number of pupils counted on the first school day of each calendar month divided by the number of calendar months in the period specified.

10. Funding

In consideration of the enrollment of pupils in special education programs conducted by Provider District, the Sending District and/or Sending District SELPA transferring pupils to the regional programs operated by Provider District agree to pay the Provider District the costs of services based on the schedule attached hereto as Exhibit A.

a. Special Circumstance Assistant (SCA). The Sending District, as specified in its SELPA's Local Plan, shall be responsible for the full cost of additional personnel required for the benefit of and specified in the IEP for individual pupils who are residents of the Sending District.

11. Home Instruction

When a pupil is absent from school for more than ten (10) consecutive school days as a result of a medical condition and is expected to have an extended health related absence, the pupil's IEP team shall review the IEP and determine appropriate educational services. A Sending District representative who is authorized by the Sending District's Director of Special Education to approve or disapprove the allocation of specified Sending District resources necessary for the implementation of the pupil's IEP shall participate in the IEP team meeting when considering a placement for home or hospital instruction. When recommending placement for home or hospital instruction, the IEP team shall consider documentation from the pupil's treating physician indicating the pupil's condition, verifying that the condition prevents the pupil from attending school and providing a projected date for the pupil's return to school. Any in-home instruction, including other related services, shall be provided by the Sending District or as otherwise agreed to by Provider District and the Sending District. In the event the pupil is hospitalized in a facility located outside of the Sending District, it is the Sending District's responsibility to inform the parent that instruction will be provided in accordance with Education Code section 48207 and 48208. In either circumstance, it may be necessary to exit the pupil from Provider District Program in order for the Sending District to provide the necessary in-home instruction or for the pupil to receive hospital instruction. In the event the Provider District and the Sending District agree that the Provider District will provide in-home or hospital instruction to the pupil, the Provider District shall separately bill the Sending District for such services.

12. Transportation

Sending Districts transporting pupils to a Provider District Program shall ensure that buses arrive at the school site with sufficient time to unload students prior to the beginning of the instructional day and to load them at the end of the instructional day. Delays requiring either overtime supervision or causing portions of the instructional program to be missed and

subsequently made up may result in charges to the Sending District for additional costs incurred by the Provider District related to such delays.

13. Due Process and Complaints

Provider District and Sending District agree to collaborate and fully cooperate in any due process proceeding involving a pupil currently attending or formerly enrolled in a Provider District Program, including resolution sessions, mediations and hearings, as well as coordinating witness availability and producing documents regarding the pupil.

In the event Provider District is named as the sole LEA in a due process complaint, Provider District and Sending District agree that Sending District, as the pupil's school district of residence, is a necessary party to the due process proceedings.

a. Provider District and Sending District shall also fully participate in the investigation and provision of documentation related to any complaint filed with the State of California, the Office for Civil Rights, or any other State and/or federal governmental body or agency.

14. Quarterly Billing

The Provider District shall bill the Sending District quarterly invoices based on the estimated costs on Exhibit A.

15. Final Accounting

The final invoice will include the appropriate documentation supporting the Provider District expenditures and revenues for the Provider District Program. Final invoice will be sent to the Sending District by October 15th of the following fiscal year.

PREPARED BY: Julie Graham, Principal, Beechwood School

SUBJECT: APPROVE AGREEMENT WITH MCMILLAN EDUCATIONAL CONSULTING FOR SIX (6) PROFESSIONAL DEVELOPMENT DAYS AT BEECHWOOD SCHOOL EFFECTIVE AUGUST 30, 2018 THROUGH NOVEMBER 16, 2018

Background: Beechwood School is proud of the rigor of learning for all students in all subject areas. The Beechwood School community works together to ensure that each student receives a rigorous and balanced educational program in a caring environment where intercultural understanding and respect are valued. All students will develop critical skills that will allow them to effectively communicate, collaborate with peers, investigate and solve problems, and achieve their full academic and creative potential. The teachers have been trained in Readers and Writers Workshop and it is implemented with fidelity in every classroom.

We have chosen to focus on the area of Mathematics this year. The teachers have received District training in Cognitively Guided Instruction (CGI) in math and would benefit from extending their learning even more.

Rationale: Teachers in grades K-8 have all expressed interest in receiving more training in CGI in order to better meet the needs of all students. The consultant will give direct training to lower and upper elementary, along with middle school, and then return to evaluate how the application of the training is working. Having the time to debrief with colleagues and receive feedback from the consultant is a valuable tool in helping Beechwood School become more proficient educators in the area of mathematics. Together with the consultant, we have started a partnership with a school thriving in CGI, Escalona Elementary School. We will have the opportunity to visit their school and watch CGI in the classroom, and they are invited to Beechwood School to observe our teachers implementing reading and writing workshops with our students. We are excited about our collaboration with this school and look forward to a year of growth.

Funding: Total cost is not to exceed \$9,600 and is to be paid from Beechwood Foundation budget (#109). There will be no substitute requirements.

Recommendation: Approve Agreement with McMillan Educational Consulting for six (6) professional development days at Beechwood School effective August 30, 2018 through November 16, 2018.

SUBJECT: **APPROVE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND LITERACY PARTNERS FOR FOUR (4) PROFESSIONAL DEVELOPMENT DAYS TO PROVIDE ONGOING BALANCED LITERACY TRAINING EFFECTIVE SEPTEMBER 5, 2018 THROUGH JUNE 30, 2019**

Background: Woodcrest School has made significant investments this year to increase high-quality Tier 1 and Tier 2 instruction in reading and writing through our new Balanced Literacy program. Due to the investment in both our Writers and Readers Workshop programs, our preliminary CAASPP scores show an 8% increase. All staff members have been trained in both areas through our District training and the training through Momentum. The principal has also taken multiple staff members to opportunities provided by Cotsen to increase capacity in this area. Woodcrest has also invested significantly to create leveled libraries in each classroom to augment Reading Workshop.

Literacy Partners will build on teachers' balanced literacy knowledge base and help teachers plan high-level integrated units of study throughout the school year. They will also collaborate with teachers to align with the guaranteed and viable Common Core standards, as well as provide reading and writing workshop one-on-one coaching.

Rationale: Collaborating with Literacy Partners for the 2018/2019 school year, Woodcrest will build on its focus on balanced literacy. Literacy Partners will work with teachers to develop and implement strong, integrated units of study in Reading and Writing, while taking each teacher through multiple reflection cycles. Teachers will immediately implement the units of study they create and receive systematic feedback from Literacy Partners, other teachers, and the principal. Because of the current structure of PE-supported PLC time, there will be little need to supply substitutes for this ongoing, personalized training.

Funding: Total cost is not to exceed \$11,000 and is to be paid from site Title I budget (#212).

Recommendation: Approve Agreement between Fullerton School District and Literacy Partners for four (4) professional development days to provide ongoing Balanced Literacy training effective September 5, 2018 through June 30, 2019.

Assistant Superintendent, Business Services
SUBJECT: 2017/2018 UNAUDITED ACTUALS REPORT

The Unaudited Actuals Report is one of three financial statements school districts are required to report to the State and provide to the public annually. Each report presents the actual results of financial operations for the year-to-date. The report presents information so that the District, County Office of Education, and State can review the District's fiscal viability for the current and two subsequent fiscal years. The three reports and the fiscal period reported are as follows:

<u>Report</u>	<u>Period Covered</u>	<u>Filing Date</u>
First Interim	July 1 – October 31	December 15
Second Interim	July 1 – January 31	March 15
Unaudited Actuals	July 1 – June 30	September 15

The Unaudited Actuals Report presents the final financial results for the fiscal year. The report presents detailed financial statements for each fund and account group of the District. Also included in the report is information concerning attendance, revenue limit, long-term debt, and other accounting and statistical information. The Unaudited Actuals Report provides the financial information that will be audited by our independent auditors, and that will be the basis of our annual Audit Report.

Report Format: The format for our annual financial reporting is dictated to us by the State. The State provides each district with a computer program to utilize their mandated format. The required format is very detailed; the actual report is over 100 pages long. For the purpose of this summary report, we have provided a comparative (prior year and current year) Statement of Revenue, Expenditures, and Changes in Fund Balance for each fund. This statement reports actual results of operations for the fiscal years ended June 30, 2017, and 2018.

District Funds: All District funds, except for ASBs, are reported on the Unaudited Actuals Report. The District operates the following funds:

General Fund: The main operating fund of the District. All activities that are not required to be recorded in another fund are reported here. The majority of the dollar transactions of the District are recorded in the General Fund.

Child Development Fund: Reports financial activity related to federal, State, local and parent-funded childcare programs run by the District.

Cafeteria Fund: Reports all financial activity from District Nutrition Services operations.

Deferred Maintenance Fund: Reports major District maintenance projects.

Building Fund: Reports receipts from sales of capital facilities bonds and expenditures for facilities projects. The District has completed its bond program, so this fund is being spent down in anticipation of closure.

Capital Facilities Fund: Reports revenues received from developer fees and capital expenditures made necessary by growth in student enrollment.

Special Reserve Fund for Capital Outlay Projects: Reports receipt of redevelopment fees. This fund exists to provide for the accumulation of general fund moneys for capital outlay purposes.

Capital Projects Fund-Blended Component Units: Reports revenues and expenditures from the District's two Community Facility Districts (CFDs): District No. 2000-1 (Van Daele, District 40) and District No. 2001-1 (Amerige Heights, District 48).

Bond Interest and Redemption Fund: Reports taxes collected and repayment of capital improvement bonds.

Self-Insurance Fund: Reports three sub-funds: Dental, Property and Liability, and Workers' Compensation. These funds account for the financial activities of these self-insurance risks assumed by the District.

The District is required to use Governmental Accounting Standards, which means that funds are kept on a modified accrual basis. In general, only current receivables and payables are accrued. Long-term assets and liabilities are accounted for separately in two account groups:

Long-Term Debt Group of Accounts: Records debt that entails a multi-year commitment.

Fixed Assets Group of Accounts: Records capitalized fixed assets (buildings, land, equipment) and associated depreciation.

Financial Summary: The total General Fund experienced a net decrease in the ending fund balance for the year. The unrestricted fund experienced an excess of expenditures and other financing sources and uses over revenues for the year. The restricted (Categorical) fund experienced an excess of expenditures over revenues for the year. Summary results were as follows:

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 4,137,205.09
- 2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)

C. Percentage of Plant Services Costs Attributable to General Administration

- (Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 3.56%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. _____
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>6,115,890.63</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>306,356.10</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.86%) times Part III, Line B18); zero if negative	<u>0.00</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.86%) times Part III, Line B18) or (the highest rate used to recover costs from any program (4.86%) times Part III, Line B18); zero if positive	<u>(532,554.28)</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>(532,554.28)</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>3.90%</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-266,277.14) is applied to the current year calculation and the remainder (\$-266,277.14) is deferred to one or more future years:	<u>4.09%</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-177,518.09) is applied to the current year calculation and the remainder (\$-355,036.19) is deferred to one or more future years:	<u>4.15%</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>(532,554.28)</u>

Approved indirect cost rate: 4.86%
Highest rate used in any program: 4.86%

SELPA: North Orange (MM)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2017-18 Expenditures by LEA (LE-CY) and the 2016-17 Expenditures by LEA (LE-PY) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-A worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2017-18 expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2017-18 expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-A worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: <http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls>.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: <http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls>

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

SELPA: North Orange (MM)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2018-19 Budget by LEA (LB-B) and the 2017-18 Expenditures by LEA (LE-B) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the eligibility standard. To meet the requirement of the Subsequent Years Rule, the LMC-B worksheet has been revised to make changes to sections 3.A.1, 3.A.2, 3.B.1, and 3.B.2. The revised sections allow the LEA to compare the 2018-19 budgeted expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2018-19 budgeted expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-B worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: <http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls>.

There are four methods that the LEA can use to demonstrate the eligibility standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: <http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls>.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
 - a. Has left the jurisdiction of the agency;
 - b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
 - c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

SECTION 2 Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

SUBJECT: **ADOPT RESOLUTION #18/19-09 FOR AUTHORIZATION TO APPLY FOR AND SECURE GRANT FUNDING FROM THE CALIFORNIA ENERGY COMMISSION SCHOOL BUS REPLACEMENT PROGRAM AND ALLOCATE FUNDS FOR ADDITIONAL COST IF NEEDED FOR INFRASTRUCTURE**

Background: This grant is for replacement of up to six 1998 Blue Bird diesel buses from the California Energy Commission School Bus Replacement Program. The grant application process for these buses requires that the Board of Trustees apply in advance through Board resolution for school bus grant funding and infrastructure.

The Fullerton School District operates six 1998 Blue Bird diesel buses that are eligible for replacement consideration.

Funding: The grant will cover the full actual price of the new electric bus including taxes. For the charging infrastructure, the grant will cover up to \$60,000 per bus for the installation of the charging system.

Recommendation: Adopt Resolution #18/19-09 for authorization to apply for and secure grant funding from the California Energy Commission School Bus Replacement Program and allocate funds for additional cost if needed for infrastructure.

FROM: Chanjira Luu, Director of Classified Personnel Services

SUBJECT: PUBLIC ANNOUNCEMENT ON THE BOARD OF TRUSTEES' INTENT TO APPOINT/REAPPOINT THE PERSONNEL COMMISSIONER AT THEIR SEPTMEMBER 4, 2018, BOARD OF TRUSTEES MEETING

Background: The Personnel Commission is comprised of three individuals who reside within the boundaries of the Fullerton School District, and are registered voters and known adherents to the principle of the merit system.

Appointment to the Personnel Commission consists of a three-year term and is made on a rotating basis with one Personnel Commissioner's term set to expire each year. One member of the Personnel Commission is appointed by the Board of Trustees, one member is appointed by the Board of Trustees upon the recommendation of the Classified employee organization (i.e., CSEA), and another member is jointly appointed by the other two Personnel Commissioners. The term starts on December 1 at noon.

The term of the Board of Trustees' appointee to the Personnel Commission, Ms. Janet McNeill, is set to expire on December 1, 2018. Ms. McNeill has served as the Board of Trustees' appointed Personnel Commissioner since 2009. Ms. McNeill has expressed interests to continue serving as the Board of Trustees' appointee to the Personnel Commission.

The Director of Classified Personnel Services' administrative report on the appointment process was presented to the Board of Trustees and the Superintendent at the Board of Trustees' public meeting on August 14. An announcement of the appointment was placed on the District's website to solicit the public's interest for appointment consideration.

SUBJECT: **ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS**

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

Please sit audience directly in front of Mark in a theater style setting. No seating behind or to the sides of Mark while he speaks.

In the event speaker would desire to make use of any special equipment such as video, computer (Power-Point), etc., we will give you ample notification to enable you to make the appropriate arrangements.

FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services
PREPARED BY: Scott Schlabsz, Director, Facilities, Maintenance and Operations
SUBJECT: AWARD CONTRACT FSD-17-18-GF-10 FOR INSTALLATION OF TWO MODULAR BUILDINGS ACCORDING TO DSA REGULATIONS FOR GOLDEN HILL ELEMENTARY SCHOOL TO ASTRA BUILDERS, INC.

Background: The Fullerton School District advertised for bids for Golden Hill Elementary School 2018 Modular Buildings, FSD-17-18-GF-10. Six contractors attended a mandatory job walk on June 28, 2018, and three contractors submitted bids on July 16, 2018.

Due to increased enrollment at Golden Hill Elementary School, the Board of Trustees authorized the purchase of two modular classroom buildings. The modular buildings will require the work of a licensed contractor to comply with DSA-imposed site improvements and regulations.

Pursuant to Public Contract Code section 20111(b), the current bid threshold for public agency construction contracts is \$15,000. The estimated cost of the project, including soft costs and contingency, is in excess of the current bid limit. Therefore, the District went out to bid for the contract. The successful low bidder was Astra Builders, Inc., with a base bid of \$789,546.

Rationale: In accordance with the California Contract Code, advertisement for this project was published in a newspaper of general circulation. Three contractors submitted bids on July 16, 2018.

Funding: The contract amount is \$789,546 to be paid from the General Fund.

Recommendation: Award contract FSD-17-18-GF-10 for installation of two modular buildings according to DSA regulations for Golden Hill Elementary School to Astra Builders, Inc.

SUBJECT: **APPROVE THE USE OF CMAS CONTRACTS NUMBERED 3-18-70-2492J AND 3-16-70-2492H (RESILIENT COMMUNICATIONS, INC.) FOR THE PURCHASE OF IP (INTERNET PROTOCOL) TELEPHONES AND SUPPORTING EQUIPMENT**

Background: The District wants to purchase new telephones and supporting equipment for the District Office and all school sites. These switches would be replacement for aging telephones throughout the District.

Rationale: The current telephone system was purchased 20 years ago and uses analogue system technology. Currently, the existing system does not support the functionality of modern telephone system features and is becoming more expensive to maintain.

Funding: The total cost for the District portion only, including the costs for the supporting network equipment for all sites, is \$138,309. The remaining school site telephones would be purchased one site at a time.

Recommendation: Approve the use of CMAS contracts numbered 3-18-70-2492J and 3-16-70-2492H (Resilient Communications, Inc.) for the purchase of IP (internet protocol) telephones and supporting equipment.

Re: Engagement Letter for Legal Services.

Dear Dr. Pletka:

ABOUT OUR REPRESENTATION

Best Best & Krieger LLP is pleased to represent the Fullerton School District ("FSD"). This letter constitutes our agreement (hereafter "Agreement") setting the terms of Best Best & Krieger LLP's representation of FSD on all legal matters that currently exist or that might arise in the future for which FSD seeks representation by Best Best & Krieger LLP.

TERM

Our representation shall be effective for a period of five (5) years or until terminated as set forth below. At any time, with or without cause, either party shall have the right, in their sole discretion, to terminate this Agreement by giving thirty (30) days written notice to the other party. In the event of such termination, Best Best & Krieger LLP shall be paid for all services authorized by FSD and performed up through and including the effective date of termination.

CONFIDENTIALITY AND ABSENCE OF CONFLICTS

An attorney-client relationship requires mutual trust between the client and the attorney. It is understood that communications exclusively between counsel and the client are confidential and protected by the attorney-client privilege.

Dr. Robert Pletka
Fullerton School District
July 2, 2018
Page 2

Of note, Best Best & Krieger uses a computerized conflict check system, which we will use to analyze for potential conflicts every specific legal matter the firm handles for FSD. We will review the parties' names, attorneys names, subject matter involved, etc., to determine if a potential conflict exists. If a conflict is discovered, appropriate action is taken as required under the Rules of Professional Conduct.

FEES AND BILLINGS

Best Best & Krieger LLP shall receive compensation for legal services rendered by attorneys under this agreement at the following rates:

- General Counsel, Special Education and Labor Advice work at a blended rate of \$264.00 per hour for attorneys. Law clerks and paralegals will be billed at \$146.00 per hour for this work.
- Litigation Matters will be billed at \$309.00 per hour for partners and of counsel attorneys, \$280.00 per hour for associate attorneys and \$168.00 for paralegals and law clerks.

Rates are subject to annual review in June of each year, with any new agreed-upon rate becoming effective on July 1. In the absence of any mutually agreeable rate increase, the rates set forth herein will be adjusted annually on July 1 of each fiscal year (beginning with July of 2019), for the increase in the cost of living as shown by the U.S. Department of Labor in its All Urban Consumers Index as set forth for the Los Angeles-Anaheim-Riverside area.

Reimbursement for costs advanced by Best Best & Krieger LLP on behalf of FSD, as well as other specific expenses, will be billed in addition to the amount billed for professional fees. These fees currently include automobile mileage for travel at the current Internal Revenue Service rate per mile, court filing fees and other court-related expenditures including court reporter and transcription fees incurred by counsel on behalf of FSD, document delivery charges, computer research, photocopy charges, postage charges and any costs of producing or reproducing photographs. Notwithstanding the above, Best Best & Krieger agrees to bill costs for mileage as if the attorney incurring the mileage originates from the firm's Irvine office. There is no separate charge for secretarial or other administrative charges. Counsel's fees include all routine word processing, secretarial and office costs associated with the provision of legal services pursuant to this Agreement.

Best Best & Krieger LLP shall submit monthly statements to FSD for all services provided and costs incurred pursuant to the terms of this Agreement. Said statements shall

clearly set forth by date the nature of the work performed, the time spent on a task and the attorney/paralegal/clerk performing the task.

INSURANCE

Best Best & Krieger LLP carries errors and omissions insurance with Lloyd's of London. After a standard deductible, this insurance provides coverage beyond what is required by the State of California. We agree to notify you if this policy is cancelled or non-renewed.

CIVILITY IN LITIGATION

In litigation, courtesy is customarily honored with opposing counsel, such as extensions to file pleadings or responses to other deadlines, when good cause is provided. In our experience, the reciprocal extension of such courtesies saves our clients' time and money. By signing this letter you will be confirming your approval of this practice in your case.

HOW THIS AGREEMENT MAY BE TERMINATED

You, of course, have the right to end our services at any time. If you do so, you will be responsible for the payment of fees and costs accrued but not yet paid, plus reasonable fees and costs in transferring the case to you or your new counsel. By the same token, we reserve the right to terminate our services to you upon written notice, order of the court, or in accordance with our attached memorandum. This could happen if you fail to pay our fees and costs as agreed, fail to cooperate with us in this matter, or if we determine we cannot continue to represent you for ethical or practical concerns.

CLIENT FILE

If you do not request the return of your files, we will retain your files for five years. After five years, we may have your files destroyed. If you would like your file maintained for more than five years or returned, you must make separate arrangements with us.

THANK YOU

On a personal note, we are pleased that you have selected Best Best & Krieger LLP to represent you. Please indicate the District's agreement to the terms and conditions set forth in this letter by signing, dating, and returning this letter in the enclosed envelope. A courtesy copy is also provided for your records. We look forward to a long and valued relationship with you and appreciate your confidence in selecting us to represent you in legal matters. If

FROM: Emy Flores, Ed.D., Assistant Superintendent, Educational Services

SUBJECT: **APPROVE CONTRACT WITH MARZANO RESEARCH LABORATORY TO PROVIDE FULLERTON SCHOOL DISTRICT WITH HIGH-RELIABILITY SCHOOLS (HRS) LEVEL ONE AND TWO PROFESSIONAL DEVELOPMENT FOR THE 2018/2019 SCHOOL YEAR**

Background: Fullerton School District (FSD) has developed a comprehensive teacher-teaching model based on the research of the Marzano Research Laboratory. To continue the work and build the leadership skills of school leaders, Marzano Laboratory has provided professional development to all principals, assistant principals, and teacher leaders based on the Marzano High-Reliability Schools™ (HRS) framework. This framework, based on 40 years of educational research, defines five progressive levels of performance that a school must master to become a high-reliability school—where all students learn the content and skills they need for success in college, careers, and beyond. Teachers from across the District will work by grade levels on HRS Level 1, which addresses a central feature of effective schooling—the quality of teaching in classrooms, and Level 2, which addresses the extent to which a school’s curriculum provides opportunities for all students to learn challenging content that is aligned with national and State standards.

Rationale: Marzano has been a partner to the Fullerton School District for the past eight years, providing on-going professional development on the Art and Science of Teaching and Marzano’s High-Reliability Schools (HRS) framework, which is a strategic planning framework to help schools focus on specific, research-based conditions for continuous school improvement. Bringing grade-alike teachers from across the District together to be led by a leading professional on research-based strategies will allow FSD to strengthen collaboration and quality of lesson design and teaching.

Funding: Cost is not to exceed \$53,450 and is to be paid from Unrestricted General Funds (#384).

Recommendation: Approve Contract with Marzano Research Laboratory to provide Fullerton School District with High-Reliability Schools (HRS) Level One and Two Professional Development for the 2018/2019 school year.

SUBJECT: **APPROVE/RATIFY MEMORANDUM OF UNDERSTANDING BETWEEN FULLERTON SCHOOL DISTRICT AND NETWORK FOR TEACHING ENTREPRENEURSHIP (NFTE) FOR NICOLAS JUNIOR HIGH SCHOOL FOR THE 2018/2019 SCHOOL YEAR**

Background: Network For Teaching Entrepreneurship (NFTE) activates the entrepreneurial mindset and builds startup skills in youth to maximize their success and create a more vibrant society. NFTE aims to activate the entrepreneurial mindset in young people. The NFTE Pathway begins by igniting the imagination, before taking students through the journey of creating and refining an original business concept. The NFTE Entrepreneurial Teacher Corps, along with volunteer entrepreneurs and business leaders, prepares students to take the stage in a business plan competition series.

Rationale: The youth of today are not prepared to seize the opportunities of the 21st Century. According to the International Labour Organization, 71 million youth are unemployed. Additionally, 1 in 3 employers seek entrepreneurship experience in its hires, making the need to teach students entrepreneurship skills more critical. Teaching entrepreneurship has the great potential to change mindsets, changes lives, and essentially can change the world. It is crucial that we provide our students with opportunities to learn entrepreneurship skills so that they too, can be more competitive in the workforce.

Funding: Cost not to exceed \$11,000 and is to be paid from Unrestricted General Funds (#384).

Recommendation: Approve/Ratify Memorandum of Understanding between Fullerton School District and Network for Teaching Entrepreneurship (NFTE) for Nicolas Junior High School for the 2018/2019 school year.

Course Description: Owning Your Future

This course focuses on student-centered, real-world applications of learning. This project-based, experiential course is taught by NFTE-certified teachers, who teach students to identify and validate business opportunities, construct a financial model, and create a promotion and sales strategy.

The course culminates with all students developing and pitching an original business plan, and competing for seed capital through a series of business plan competitions—from their classroom, to regionals, to NFTE's national competition.

Lessons include the concepts of competitive advantage, ownership, opportunity recognition, marketing, finance, and product development - and all tie back to core math and literacy skills.

NFTE brings learning to life through fun and experiential experiences including:

- **The Buying and Selling Event:** Students buy products on an in-person fieldtrip to a wholesale district or warehouse club (or via online buying experience) which they then reprice and sell for a profit, helping them learn the principles of supply, demand, marketing and selling.
- **Games:** Activities such as the Innovation Game—where students take items such as paper plates, pipe cleaners and construction paper, devise an invention and present it to the class—teach students how to identify consumer needs, communicate their ideas and to practice the art of sales and persuasion.
- **Volunteers:** Students get the opportunity to hear from and interact with real-world entrepreneurs and business leaders. NFTE classrooms regularly host guest speakers and business plan coaches, and judges for business plan competitions.
- **Competition:** Each NFTE student works toward completing a business plan, then presents and defends it in a classroom competition. The winners compete in citywide and/or regional competitions, with the hopes of reaching our national competition.

SUBJECT: APPROVE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND SAL TINAJERO FOR THE SPEECH AND DEBATE PROGRAM FOR THE 2018/2019 SCHOOL YEAR

Background:

Fullerton School District (FSD) has an established partnership with Sal Tinajero whereby FSD students from Nicolas Jr. High School currently participate in Speech and Debate tournaments hosted by Santa Ana Unified School District (SAUSD). Over the last year, Nicolas JHS Speech and Debate students have increased their listening, speaking, and communication skills through their involvement in SAUSD Speech and Debate tournaments. FSD would like to offer the Speech and Debate experience to students at multiple schools with the goal of increasing their ability to think and listen critically and articulate their thoughts confidently and persuasively, increase student problem-solving abilities and overall academic performance, increase student confidence under pressure, and to help students think quickly on their feet.

Sal Tinajero has a wealth of experience and success in Speech and Debate. He started the Fullerton Union High School Speech and Debate program in 2001. In his tenure, the program grew from 20 students to a team of over 100 students. Under his leadership, the team won three National Championships and one State Championship. He has coached five student state champions and two student national champions. In 2005, he was invited to the White House and awarded the National Hispanic Teacher of the Year. This year he was selected as the National Speech and Debate Association California Educator of the Year. He was one of the five finalists for the National Educator of the Year. In Santa Ana, he has created 18 successful programs with over 880 students in two short years. Students are competing at high-level and receiving national recognition. On his own time, he has worked with Nicolas Junior High School in helping the school create a competitive speech team. Mr. Tinajero will provide the administrative and operational support of three elementary speech tournaments and one FSD championship tournament that consists of elementary and middle school speech and debate competitors.

Rationale:

Students will engage in rhetoric and public speaking while they expand their vocabulary, presentation skills, and confidence. More specifically, students will learn the proper use of hand gestures, vocal inflection, non-verbal skills, vocal projection, research skills, sentence structure, argumentation, logical writing, proper use of visual aids, principals of acting, elements of comedy, and memorization skills. Students will also learn effective interpersonal communication skills and relationship building skills.

Funding:

Cost not to exceed \$107,000 and is to be paid from Unrestricted General Funds.

Recommendation:

Approve Agreement between Fullerton School District and Sal Tinajero for the Speech and Debate Program for the 2018/2019 school year.

Once Client submits required Content to Provider, Client (a) authorizes and appoints Provider to integrate the Content with its proprietary solution to create the Branded Site; (b) will provide Provider with all information including modified Content that it requests in connection with such integration; (c) grant Provider the right

to distribute or otherwise make the Branded Site available in accordance with the terms of the Agreement.

8. Technical Contacts. Client shall designate one of its employees as its principal contact for communicating with Provider regarding technical issues hereunder. Client may change its technical contact from time to time by written notice to Provider.

9. Proprietary Rights Ownership. Ownership of the Proprietary Rights embodied in the Branded Site, Services, and Provider Technology shall remain exclusively vested in and be the sole and exclusive property of Provider and its licensors. In addition Client hereby transfers and assigns to Provider any rights Client may have to any suggestions, ideas, enhancement requests, feedback, recommendations or other information provided by Client personnel relating to the Service.

10. Mutual Exchange of Confidential Information. The parties anticipate that each may disclose confidential information to the other. Accordingly, the parties desire to establish in this Section terms governing the use and protection of certain information one party ("Owner") may disclose to the other party ("Recipient"). For purposes hereof, "Confidential Information" means (i) the terms and conditions hereof, (i) non-public aspects of Provider's Site and the operation thereof, Provider Technology, and the Services and additional services provided by Provider, and Provider's business and technical information, and data, and (iii) Client Data. In addition, Confidential Information includes information which, although not related to the Services or this Agreement, is nevertheless disclosed hereunder, and which, in any case, is disclosed by an Owner or an affiliate to Recipient in document or other tangible form bearing an appropriate legend indicating its confidential or proprietary nature, or which, if initially disclosed orally or visually is identified as confidential at the time of disclosure and a written summary hereof, also marked with such a legend, is provided to Recipient within fifteen (15) days of the initial disclosure. Recipient may use Confidential Information of Owner only for the purposes of this Agreement and shall protect such Confidential Information from disclosure to others, using the same degree of care used to protect its own proprietary information of like importance, but in any case using no less than a reasonable degree of care. Recipient may disclose Confidential Information received hereunder only as reasonably required to perform its obligations under this Agreement and only to its employees who have a need to know for such purposes and who are bound by signed, written agreements to protect the received Confidential Information from unauthorized use and disclosure. The restrictions of this Agreement on use and disclosure of Confidential Information shall not apply to information that: (i) is in the possession or control of

Recipient at the time of its disclosure hereunder; (ii) is, or becomes publicly known, through no wrongful act of Recipient; (iii) is received by Recipient from a third party free to disclose it without obligation to Owner, (iv) is independently developed by a party as evidenced by its written and dated records and without any breach of this Agreement; or (v) is the subject of a written permission to disclose provided by Owner. The Recipient may disclose Confidential Information of Owner pursuant to the requirements of a governmental agency or by operation of law, provided that such Recipient gives Owner written notice thereof as soon as practicable and reasonably cooperates with Owner to contest such disclosure.

11. General Skills and Knowledge. Notwithstanding anything to the contrary in this Agreement, Client agrees that Provider is not prohibited from utilizing any skills or knowledge of a general nature acquired during the course of providing the Services, including information publicly known or available or that could reasonably be acquired in similar work performed for another customer of Provider.

12. Client Representations and Warranties.

12.1 Client represents and warrants that: (a) the Content does not and will not infringe, misappropriate, or otherwise violate any intellectual property right or right of privacy or publicity of any third party; and (b) the performance of its obligations and use of the Services (by Client and its Authorized Users) will not (i) violate any applicable laws, or regulations, or (ii) cause a breach of any agreements with any third parties.

12.2 In the event of any breach by Client of any of the foregoing representations or warranties, in addition to any other remedies available at law or in equity, Provider will have the right to suspend immediately any Services if deemed reasonably necessary by Provider to prevent any harm to Provider and its business. Provider will provide notice to Client and an opportunity to cure, if practicable, depending on the nature of the breach.

13. Provider Representations and Warranties. Provider represents and warrants that (i) it has the legal right to enter into this Agreement and perform its obligations hereunder, and (ii) the performance of its obligations and delivery of the Services to Client will not violate any applicable laws or regulations of the United States. In the event of a breach by Provider of the foregoing warranties, Client's sole remedy is termination of this Agreement upon written notice to Provider.

14. Indemnity. Client agrees to defend, indemnify and hold harmless Provider and its affiliates and their respective officers, directors, agents, consultants and employees from

any claims, damages, liabilities, costs, and expenses (as incurred, including attorney's fees) arising from Client's breach or failure to comply with this Agreement or any breach of any of Client's representation or warranties.

15. Warranty. Except as expressly set forth herein, the Services are provided on an "as is" and "as available" basis, and without warranties of any kind either express or implied. PROVIDER HEREBY DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED, NONINFRINGEMENT AND IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. PROVIDER DOES NOT WARRANT THAT THE SERVICES WILL BE UNINTERRUPTED OR ERROR FREE OR THAT DEFECTS WILL BE CORRECTED. PROVIDER DOES NOT OFFER A WARRANTY OR MAKE ANY REPRESENTATION REGARDING THE RESULTS OR THE USE OF THE SERVICES IN TERMS OF THEIR CORRECTNESS, ACCURACY, RELIABILITY, RISK OF INJURY TO CUSTOMER'S OR ANY USER'S COMPUTER, NETWORK, MARKET, OR CUSTOMER BASE OR COMMERCIAL ADVANTAGE. Applicable law may not allow the exclusion of certain warranties, so to that extent such exclusions may not apply.

16. Disclaimer of Incidental and Consequential Damages. EXCEPT FOR INDEMNITY OBLIGATIONS ESPRESSLY PROVIDED HEREIN AND ANY VIOLATION OF CONFIDENTIALITY OBLIGATIONS, IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER UNDER ANY THEORY INCLUDING CONTRACT AND TORT (INCLUDING NEGLIGENCE AND STRICT PRODUCTS LIABILITY) FOR ANY INDIRECT, SPECIAL OR INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF THE PARTY CAUSING SUCH DAMAGES HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY.

17. Liability Cap. Except for Provider's confidentiality obligations, in no event shall Provider's aggregate liability, if any, including liability arising out of contract, negligence, strict liability in tort or warranty, or otherwise, shall not exceed the total fees payable by Client pursuant to the Agreement.

18. Publicity and Branding. Client agrees that Provider may (a) publicize Client's name, the fact of the Branded Site and Client's use of the Services; and (b) brand the Branded Site with a "powered by Caresolace.com" or similar legend and/or copyright notice.

19. Options for Infringement Claims. If any party is enjoined from using the Provider Technology, or if Provider believes that the Provider Technology may become the subject of a claim of intellectual property infringement, Provider, at its option and expense, may: (i) procure the right for Client to continue to use the Services; (ii) replace or modify the Provider Technology so as to make it non-infringing; or (iii) terminate this Agreement, in which case Provider shall refund to Client any and all subscription fees paid in advance by Client for those Services not provided by Provider and provide, at Client's request and free of charge, the Client Data in a database document format. This Section and the preceding Section sets forth the entire liability of Provider to Client for any infringement by the Provider Technology or Services of any intellectual property right of any third party.

20. Termination for End of Life. Notwithstanding anything contained in this Agreement to the contrary, in the event that Provider determines, in its sole and absolute discretion, to cease to offer the Services to new clients and to discontinue support of the Services for existing customers, Provider may terminate this Agreement at any time by providing thirty (30) days prior written notice to Client.

21. Termination For Cause. If either party fails to comply with any of the material terms and conditions of this Agreement, including without limitation the payment of any subscription license fee or reimbursement due and payable to Provider under this Agreement, the non-defaulting party may terminate this Agreement upon fifteen (15) days' written notice to the defaulting party specifying any such breach, unless within the period of such notice, all breaches specified therein shall have been remedied.

22. Transition Services. If Client is current in all payments due to Provider at the time of expiration or termination hereof, Provider shall provide to Client its Client Data in a standard database document format readily available to Provider at no additional charge. If Client requests the Client Data in a non-standard format, Client shall pay to Provider a reasonable fee for technical services as determined by Provider.

23. Continuing Obligations. The following obligations shall survive the expiration or termination hereof and the distribution grace period provided above: (i) any and all warranty disclaimers, limitations of liability and indemnities granted by either party herein, (iv) any covenant granted herein for the purpose of determining ownership of, or protecting, the Proprietary Rights, including without limitation, the Confidential Information of either party, or any remedy for breach thereof, and (v) the payment of taxes, duties, or any money to Provider hereunder.

Exhibit A

24. Force Majeure. Neither party shall be liable for damages for any delay or failure of delivery arising out of causes beyond their reasonable control and without their fault or negligence, including, but not limited to, Acts of God, acts of civil or military authority, fires, riots, wars, embargoes, Internet disruptions, hacker attacks, or communications failures. Notwithstanding anything to the contrary contained herein, if either party is unable to perform hereunder for a period of thirty (30) consecutive days, then the other party may terminate this Agreement immediately without liability by ten (10) days written notice to the other.

25. Miscellaneous. This Agreement shall be construed under the laws of the State of California, without regard to its principles of conflicts of law. This Agreement constitutes the entire understanding of the parties with respect to the subject matter of this Agreement and merges all prior

communications, understandings, and agreements. This Agreement may be modified only by a written agreement signed by the parties. The failure of either party to enforce at any time any of the provisions hereof shall not be a waiver of such provision, or any other provision, or of the right of such party thereafter to enforce any provision hereof. If any provision of this Agreement is declared invalid or unenforceable, such provision shall be deemed modified to the extent necessary and possible to render it valid and enforceable. In any event, the unenforceability or invalidity of any provision shall not affect any other provision of this Agreement, and this Agreement shall continue in full force and effect, and be construed and enforced, as if such provision had not been included, or had been modified as above provided, as the case may be.

Authorized Provider Agreement

This **Authorized Provider Agreement** ("Agreement") is made by and between The American National Red Cross ("Red Cross") and **Fullerton School District** (the "AP") (each a "Party" and together the "Parties"), effective as of the last date of signature ("Effective Date"), in order to permit the AP's associated Red Cross certified instructors in good standing ("Instructors") to license Red Cross training materials for the AP's use in the instruction of Red Cross training courses specified in Appendix B ("Courses") within AP's organization and all other Entities/Locations designated on Appendix C.

- 1. AP Responsibilities.** In connection with offering the Courses, AP agrees that it will:
 - 1.1. Require its Instructors to maintain Red Cross certifications appropriate for the Courses they will be teaching.
 - 1.2. Notify Red Cross within ten (10) business days of any additions, deletions, or changes to Instructors permitted by AP to teach on its behalf during the term of the Agreement.
 - 1.3. Obtain Red Cross confirmation of the certification and authorization status of new AP Instructors before permitting such Instructors to teach a Course.
 - 1.4. Be responsible for the oversight of AP's Instructors and require that they teach Courses using Red Cross course materials ("Course Materials"), and offer Courses in accordance with the current Red Cross Training Provider Resource Guide, policies and procedures (collectively, the "Policies").
 - 1.5. Herein understand and acknowledge that the Red Cross is only permitted to solicit, deliver services and provide program support within the jurisdiction of the United States and its territories ("U.S."), and AP agrees to only teach Courses and otherwise perform under this Agreement in the U.S.
 - 1.6. Permit Red Cross to perform random observations of AP's Courses.
 - 1.7. Enter training records ("Course Records") with payment (credit card or invoice, if approved) and other required information into the Learning Management System ("LMS") or any applicable successive Red Cross electronic records system within five (5) calendar days of Course completion, and comply with all terms and conditions of such system during such use.
 - 1.8. Timely pay the required fees in connection with the Agreement.
 - 1.9. Recognize its responsibility for all liabilities arising out of AP's performance under this Agreement. AP understands and acknowledges it is the responsibility of the AP to obtain adequate insurance to cover its performance, and the performance of its employees and contractors, under this Agreement, as Red Cross insurance does not extend to AP or its Instructors.
- 2. Red Cross Responsibilities.** To facilitate AP's Course offerings, Red Cross agrees that it will:
 - 2.1. Make Red Cross training content and Course Materials available to AP's Instructors, at respective additional fees, through a limited and non-exclusive license to use the Course Materials solely in connection with the Agreement, which such license may not be assigned or sub-licensed.
 - 2.2. Approve properly submitted Course Records and provide digital certifications, if applicable, for Course participants with a valid, unique email address.
 - 2.3. Provide AP with access to Red Cross electronic resources allowing AP to enter Course Records and print Course certificates.

3. Term and Termination.

- 3.1. This Agreement will be effective as of the Effective Date listed above and ends on the day before the thirty-six (36) month anniversary thereof, unless earlier terminated as provided below.
- 3.2. Red Cross reserves the right to immediately terminate this Agreement if AP does not abide by the terms of this Agreement or the Policies.
- 3.3. The provisions of this Agreement, which by their very nature are incapable of being fully performed or enforced prior to expiration or termination, shall survive any such expiration or termination of this Agreement.

4. Fees and Invoicing.

- 4.1. AP will remit payment by credit card or will be invoiced, if approved.
- 4.2. Fees are set forth on Appendix B.
- 4.3. Customers who are approved will receive an invoice following the class. Payment in full is due thirty (30) days from the date of the invoice. Payment of invoice is accepted by credit card or check only. Past due amounts shall be subject to collections actions and may be referred to an external collections agency which will result in the Customer's invoicing privileges being terminated. Credit card payment will be required if invoicing privileges are suspended or terminated.
- 4.4. To make a payment by credit card, call 888-284-0607. To pay an invoice by check, include the remittance advice showing the customer account name, number and invoice number and send to:

American Red Cross - Health & Safety Services
25688 Network Place
Chicago, IL 60673-1256

- 4.5. For questions or concerns about your invoice, please email billing@redcross.org or call the number listed on the invoice.
- 4.6. Red Cross reserves the right to change its fees and related policies in its sole discretion upon thirty (30) days advance notice of such changes. If the AP does not agree to such changes, it has the right to terminate the Agreement as of the date of such change.
- 4.7. If the Red Cross determines that any course offered by the AP and/or its Instructors is not taught in accordance with Red Cross Policies, the AP will be responsible for any costs associated with the re-training of course participants. Red Cross, in its sole discretion, will determine the appropriate party to conduct the re-training, which may include the AP or any Red Cross employee, volunteer, Licensed Training Provider or AP.

5. Notices. Each Party's contact for legal notices under this Agreement is listed on Appendix A.

6. Confidentiality and Intellectual Property.

- 6.1. Except as required by applicable law or otherwise provided herein, each Party shall maintain the confidentiality of all provisions of this Agreement or other confidential information, documents and materials received for the purposes of this Agreement.
- 6.2. Red Cross is the owner of various trade names, trademarks, Course Materials and other copyrighted and proprietary content ("Red Cross IP"). Subject to the terms and conditions of this Agreement, Red Cross hereby grants AP a limited and non-exclusive license to use the Red Cross IP solely in connection with the Agreement and such license may not be assigned or sub-licensed. Course Materials may be

downloaded, reused or purchased; however, AP agrees not to revise, edit or create derivative works of any Course Materials or Red Cross proprietary content, in whole or in part, unless specifically approved in writing by the Red Cross. AP acknowledges and agrees that (1) the Red Cross IP is a valuable asset of Red Cross and substantial recognition and goodwill are associated with the Red Cross IP, (2) the license granted hereunder does not constitute a transfer to AP of any ownership rights in the Red Cross Marks, and (3) AP's use of the Red Cross IP shall inure solely to the benefit of Red Cross. Upon conclusion of this Agreement, any and all licenses granted to use the Red Cross IP will terminate immediately.

7. Miscellaneous.

- 7.1. **Entire Agreement.** This Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements and undertakings, both written and oral, between the Parties.
- 7.2. **Amendments.** This Agreement may only be amended or modified by the Parties in writing.
- 7.3. **Severability.** In the event any provision of this Agreement is held invalid, illegal or unenforceable (any such provision, an "Invalid Provision") in any jurisdiction, the Red Cross and the Customer shall promptly negotiate in good faith a lawful, valid and enforceable provision that is as similar in terms to such Invalid Provision as may be possible while giving effect to the future benefits and burdens accruing to the Parties hereunder. But, in no way shall the Invalid Provision affect the validity or enforceability of any other portion or provision of this Agreement, regardless of the ability of the Parties to negotiate a new provision.
- 7.4. **Independent Contractors.** Each Party shall be furnishing its services hereunder as an independent contractor, and nothing herein shall create any association, partnership or joint venture between the Parties or an employer-employee relationship. No agent, employee or servant of any Party shall be, or shall be deemed to be, the employee, agent or servant of the other Party, and each Party shall be solely and entirely responsible for its acts and the acts of its agents, employees and servants.
- 7.5. **Assignment.** This Agreement shall not be assigned in whole or in part without the prior written consent of the other Party.
- 7.6. **Dispute Resolution.** The Parties will endeavor to settle any dispute arising out of or relating to this Agreement. The Parties will consult and negotiate with each other in good faith and, recognizing their mutual interests, attempt to reach a just and equitable solution satisfactory to both Parties. If negotiation is unsuccessful, the Parties may resolve the dispute by mediation. If mediation is unsuccessful or not utilized, then the Parties will resolve the dispute by panel arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules, provided, however, a dispute relating to the title, use, validity, or other similar claims related to intellectual property, including copyright, trademark, patent or trade secrets, shall not be subject to the provisions in this Section related to arbitration. The place of arbitration will be Washington, D.C. The Parties will equally split costs and expenses of arbitration, including arbitrators' fees but not attorneys' fees. The award of the arbitrators shall be accompanied by a written opinion setting forth the rationale for the decision. The panel may not award punitive or exemplary damages. The decision will be final and binding. Judgment upon the panel's award may be entered by any court of competent jurisdiction.
- 7.7. **Governing Law.** The Agreement is governed by the laws of the District of Columbia, without giving effect to its choice or conflict of law rules.

DATE: July 24, 2018

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services

PREPARED BY: Melissa Greenwood, Director, Business Services

SUBJECT: APPROVE AGREEMENT WITH LEVEL DATA TO PROVIDE ONE-TIME SERVICE FOR BULK ADDRESS VALIDATION

Background: The District sends numerous mailings throughout the year to correspond with parents of our students. Several pieces are returned due to insufficient address information. The information lacking could be missing direction (north, east, south, west) on a street or incorrect postal code. These errors lead to parents not receiving all the information from the District.

Rationale: District staff recommends entering into an agreement with Level Data to provide bulk address validation. This one-time service compares home and mailing addresses for students with US Postal Services to identify non-existent, misspelled, and vacant addresses. The addresses will then be imported and updated to the student system.

Funding: The amount not to exceed \$4,250 will be paid from the General Fund.

Recommendation: Approve agreement with Level Data to provide one-time service for bulk address validation.

GENERAL

The relationship between Customer and Level Data under the Agreement is that of independent contractors only. Nothing in this Agreement will be construed so as to constitute a partnership, joint venture, or agency relationship. Neither party will have any power or authority to bind the other in any transaction with a third-party. Unless otherwise expressly agreed by the parties, the services rendered hereunder shall be on a non-exclusive basis and the party rendering them shall be free to accept other engagements at all times.

All notices, requests, claims, demands, and other communication under this Agreement may be delivered by any method chosen by the sender that positively establishes legally valid and admissible evidence of actual receipt by the named recipient. The sender shall bear the burden of establishing delivery with respect to the method chosen.

This Agreement sets forth the entire understanding and agreement of the parties with respect to the subject matter hereof and supersedes all other oral or written representations and understandings. Any additions or modifications to this Agreement must be made in writing and must be signed by the authorized representatives of both parties. If

any provision of this Agreement is determined to be invalid or unenforceable, the remainder shall be enforceable to the maximum extent possible.

Neither party may assign or transfer this Agreement without the prior written consent of the other party, except that either party may assign this Agreement without consent in connection with a merger, consolidation, restructuring, or sale of all or substantially all of its equity, business, or assets to which this Agreement relates.

This Agreement will be governed by and construed in accordance with the laws of the State of Michigan, without regard to its conflict of laws principles. Each party hereby expressly and irrevocably consents to the exclusive

jurisdiction of the state and federal courts located in Kalamazoo County, Michigan in connection with any action to enforce the provisions of this Agreement, to recover damages or other relief under this Agreement, or otherwise arising under or by reason of this Agreement.

Neither the waiver by either party of a breach of or a default under any of the provisions of this Agreement, nor the failure of either party, on one or more occasions, to enforce any of the provisions of this Agreement, or to exercise any right or privilege hereunder will thereafter be construed as a waiver of any subsequent breach or default of a similar nature, or as a waiver of any of such provisions, rights, or privileges hereunder.

Each party will comply with all federal, state, and local laws, rules, and regulations, as amended from time to time, applicable to such party's performance of its obligations under this Agreement, including all applicable export laws, rules, and regulations of the United States and other applicable jurisdictions, and those related to data privacy.

Neither party will be liable for any failure of performance hereunder or for damages caused by any delay or failure to perform hereunder if performance is made impracticable or impossible due to any occurrence beyond its control, including without limitation: acts of God, fires, floods, wars, riots or civil disorders, acts of a public enemy, sabotage, accidents, enactment or act of any government or governmental instrumentality (whether federal, state, local, or foreign, and whether valid or invalid), failure of technical facilities, and any other occurrence which would have a material adverse impact on a party's ability to perform under this Agreement which is not reasonably within such party's control.

For such U.S. federal government entities, the Agreement and any action related thereto will be governed by the laws of the United States of America (without reference to conflict of laws) and, in the absence of federal law and to the extent permitted under federal law, the laws of the State of Michigan (excluding choice of law).

ABOUT THESE TERMS

The Terms herein control the relationship between Level Data and Customer. If Customer does not comply with these Terms, and Level Data does not take action right away, this does not mean that Level Data is giving up any rights that Level Data may have, such as taking action in the future. FROM: Jay McPhail, Assistant Superintendent, Innovation and Instructional Support

PREPARED BY: Wes Kriesel, Director, Innovation & Instructional Support

SUBJECT: **APPROVE AGREEMENT BETWEEN FULLERTON SCHOOL DISTRICT AND CLASSCRAFT STUDIOS, INC. FOR THE 2018/2019 SCHOOL YEAR**

Background: Classcraft Studios, Inc. is a gamified learning, personalized learning platform or software whereby students consume online instructional content in personalized, gamified pathways.

Rationale: Classcraft Studios, Inc. provides a more robust personalized, gamified learning experience for students than we currently have available. Both their technology and expertise in this area help us realize our goal of personalizing learning experiences for students. Classcraft also embeds in the game behaviour management tools for student collaboration and agency. The rationale is to increase opportunities for teachers to focus on teaching and facilitating learning instead of simply giving directions and managing student behaviour.

Funding: Total cost is not to exceed \$16,660 and will be paid from the Innovation and Instructional Support budget 409.

Recommendation: Approve agreement between Fullerton School District and Classcraft Studios, Inc. for the 2018/2019 school year.

15. Licensor shall not be liable for any failure to perform its obligations hereunder where such failure results from any cause beyond Licensor's reasonable control, including, without limitation, mechanical, electronic or communications failure or degradation (including "line-noise" interference).
16. If a provision of this Agreement is held invalid or unenforceable, any other provision contained herein shall be separately valid and enforceable to the fullest extent permitted by law.

18. Licensee shall not assign, transfer, or sublicense this Agreement except with Licensor's prior written consent.

19. Licensor may assign, transfer, or delegate this Agreement and Licensor's rights and obligations without Licensee's consent.
20. Both parties agree that this Agreement is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that all modifications must be in a writing signed by both parties, except as otherwise provided herein.
21. No agency, partnership, joint venture, or employment is created as a result of this Agreement, and the Licensee does not have any authority of any kind to bind Licensor in any respect whatsoever.
22. It is agreed that the services shall be provided from Canada and that this Agreement shall be construed in accordance with and governed by the laws of the Province of Quebec and the laws of Canada applicable herein, without regard to conflict of law rules which would cause the laws of any other jurisdiction to apply. For the purpose of this paragraph, the State will not unreasonably prohibit the Contractor from freely assigning its right to payment, provided that the Contractor remains responsible for its obligations hereunder.

10. **WAIVER OF RIGHTS:** Any action or inaction by the State or the failure of the State on any occasion, to enforce any right or provision of the Contract, shall not be construed to be a waiver by the State of its rights hereunder and shall not prevent the State from enforcing such provision or right on any future occasion. The rights and remedies of the State herein are cumulative and are in addition to any other rights or remedies that the State may have at law or in equity.

11. ~~ORDER OF PRECEDENCE: In the event of any inconsistency between the articles, attachments, specifications or provisions which constitute this Contract, the following order of precedence shall apply:~~

- a) ~~These General Provisions – Information Technology (in the instances provided herein where the paragraph begins: "Unless otherwise specified in the Statement of Work" provisions specified in the Statement of Work replacing these paragraphs shall take precedence over the paragraph referenced in these General Provisions);~~
- b) ~~Contract form, i.e., Purchase Order STD-65, Standard Agreement STD-243, etc., and any amendments thereto;~~
- c) ~~Statement of Work, including any specifications incorporated by reference herein;~~

12. **PACKING AND SHIPMENT:**

- a) All Goods are to be packed in suitable containers for protection in shipment and storage, and in accordance with applicable specifications. Each container of a multiple container shipment shall be identified to:
 - i) show the number of the container and the total number of containers in the shipment; and
 - ii) the number of the container in which the packing sheet has been enclosed.

- b) All shipments by the Contractor or its subcontractors must include packing sheets identifying: the State's Contract number; item number; quantity and unit of measure; part number and description of the Goods shipped; and appropriate evidence of inspection, if required. Goods for different Contracts shall be listed on separate packing sheets.
- c) Shipments must be made as specified in this Contract, as it may be amended, or otherwise directed in writing by the State's Transportation Management Unit within the Department of General Services, Procurement Division.

13. **TRANSPORTATION COSTS AND OTHER FEES OR EXPENSES:** No charge for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, cost of bonds, or for any other purpose will be paid by the State unless expressly included and itemized in the Contract.

- a) The Contractor must strictly follow Contract requirements regarding Free on Board (F.O.B.), freight terms and routing instructions. The State may permit use of an alternate carrier at no additional cost to the State with advance written authorization of the Buyer.
- b) If "prepay and add" is selected, supporting freight bills are required when over \$50, unless an exact freight charge is approved by the Transportation Management Unit within the Department of General Services Procurement Division and a waiver is granted.
- c) On "F.O.B. Shipping Point" transactions, should any shipments under the Contract be received by the State in a damaged condition and any related freight loss and damage claims filed against the carrier or carriers be wholly or partially declined by the carrier or carriers with the inference that damage was the result of the act of the shipper such as inadequate packaging or loading or some inherent defect in the Equipment and/or material, the Contractor, on request of the State, shall at Contractor's own expense assist the State in establishing carrier liability by supplying evidence that the Equipment and/or material was properly constructed, manufactured, packaged, and secured to withstand normal transportation conditions.

14. **DELIVERY:** The Contractor shall strictly adhere to the delivery and completion schedules specified in this Contract. Time, if stated as a number of days, shall mean calendar days unless otherwise specified. The quantities specified herein are the only quantities required. If the Contractor delivers in excess of the quantities specified herein, the State shall not be required to make any payment for the excess Deliverables, and may return them to Contractor at the Contractor's expense or utilize any other rights available to the State at law or in equity.

15. **SUBSTITUTIONS:** Substitution of Deliverables may not be tendered without advance written consent of the Buyer. The Contractor shall not use any specification in lieu of those contained in the Contract without written consent of the Buyer.

16. **INSPECTION, ACCEPTANCE AND REJECTION:** Unless otherwise specified in the Statement of Work:

- a) When acquiring Commercial Hardware or Commercial Software, the State shall rely on Contractor's existing quality assurance system as a substitute for State inspection and testing. For all other acquisitions, Contractor and its subcontractors will provide and maintain a quality assurance system acceptable to the State covering Deliverables and services under this Contract and will tender to the State only those Deliverables that have been inspected and found to conform to this Contract's requirements. The Contractor will keep records evidencing inspections and their result, and will make these records available to the State during Contract performance and for three years after final payment. The Contractor shall permit the State to review procedures, practices, processes, and related documents to determine the acceptability of the Contractor's quality assurance System or other similar business practices related to performance of the Contract.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- b) All Deliverables may be subject to inspection and test by the State or its authorized representatives.
- c) The Contractor and its subcontractors shall provide all reasonable facilities for the safety and convenience of inspectors at no additional cost to the State. The Contractor shall furnish to inspectors all information and data as may be reasonably required to perform their inspection.
- d) Subject to subsection 16 (a) above, all Deliverables may be subject to final inspection, test and acceptance by the State at destination, notwithstanding any payment or inspection at source.
- e) The State shall give written notice of rejection of Deliverables delivered or services performed hereunder within a reasonable time after receipt of such Deliverables or performance of such services. Such notice of rejection will state the respects in which the Deliverables do not substantially conform to their specifications. If the State does not provide such notice of rejection within fifteen (15) days of delivery for purchases of Commercial Hardware or Commercial Software or thirty (30) days of delivery for all other purchases, such Deliverables and services will be deemed to have been accepted. Acceptance by the State will be final and irreversible, except as it relates to latent defects, fraud, and gross mistakes amounting to fraud. Acceptance shall not be construed to waive any warranty rights that the State might have at law or by express reservation in this Contract with respect to any nonconformity.
- f) Unless otherwise specified in the Statement of Work, title to Equipment shall remain with the Contractor and assigns, if any, until such time as successful acceptance testing has been achieved. Title to a special feature installed on a Machine and for which only a single installation charge was paid shall pass to the State at no additional charge, together with title to the Machine on which it was installed.

17. SAMPLES:

- a) Samples of items may be required by the State for inspection and specification testing and must be furnished free of expense to the State. The samples furnished must be identical in all respects to the products bid and/or specified in the Contract.
- b) Samples, if not destroyed by tests, may, upon request made at the time the sample is furnished, be returned at the Contractor's expense.

18. WARRANTY:

- a) Unless otherwise specified in the Statement of Work, the warranties in this subsection a) begin upon delivery of the goods or services in question and end one (1) year thereafter. The Contractor warrants that (i) Deliverables and services furnished hereunder will substantially conform to the requirements of this Contract (including without limitation all descriptions, specifications, and drawings identified in the Statement of Work), and (ii) the Deliverables will be free from material defects in materials and workmanship. Where the parties have agreed to design specifications (such as a Detailed Design Document) and incorporated the same or equivalent in the Statement of Work directly or by reference, the Contractor will warrant that it's Deliverables provide all material functionality required thereby. In addition to the other warranties set forth herein, where the Contract calls for delivery of Commercial Software, the Contractor warrants that such Software will perform in accordance with its license and accompanying Documentation. The State's approval of designs or specifications furnished by Contractor shall not relieve the Contractor of its obligations under this warranty.
- b) The Contractor warrants that Deliverables furnished hereunder (i) will be free, at the time of delivery, of harmful code (i.e. computer viruses, worms, trap doors, time bombs, disabling code, or any similar malicious mechanism designed to interfere with the intended operation of, or cause damage to, computers, data, or Software); and (ii) will not infringe or violate any U.S. Intellectual Property Right.

Without limiting the generality of the foregoing, if the State believes that harmful code may be present in any Commercial Software delivered hereunder, the Contractor will, upon the State's request, provide a new or clean install of the Software.

- c) Unless otherwise specified in the Statement of Work:
 - (i) The Contractor does not warrant that any Software provided hereunder is error-free or that it will run without immaterial interruption.
 - (ii) The Contractor does not warrant and will have no responsibility for a claim to the extent that it arises directly from (A) a modification made by the State, unless such modification is approved or directed by the Contractor, (B) use of Software in combination with or on products other than as specified by the Contractor, or (C) misuse by the State.
 - (iii) Where the Contractor resells Commercial Hardware or Commercial Software it purchased from a third party, Contractor, to the extent it is legally able to do so, will pass through any such third party warranties to the State and will reasonably cooperate in enforcing them. Such warranty pass-through will not relieve the Contractor from Contractor's warranty obligations set forth above.
- d) All warranties, including special warranties specified elsewhere herein, shall inure to the State, its successors, assigns, customer agencies, and governmental users of the Deliverables or services.
- e) Except as may be specifically provided in the Statement of Work or elsewhere in this Contract, for any breach of the warranties provided in this Section, the State's exclusive remedy and the Contractor's sole obligation will be limited to:
 - (i) re-performance, repair, or replacement of the nonconforming Deliverable (including without limitation an infringing Deliverable) or service; or
 - (ii) should the State in its sole discretion consent, refund of all amounts paid by the State for the nonconforming Deliverable or service and payment to the State of any additional amounts necessary to equal the State's Cost to Cover. "Cost to Cover" means the cost, properly mitigated, of procuring Deliverables or services of equivalent capability, function, and performance. The payment obligation in subsection (e)(ii) above will not exceed the limits on the Contractor's liability set forth in the Section entitled "Limitation of Liability."
- f) EXCEPT FOR THE EXPRESS WARRANTIES SPECIFIED IN THIS SECTION, THE CONTRACTOR MAKES NO WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

19. SAFETY AND ACCIDENT PREVENTION: In performing work under this Contract on State premises, the Contractor shall conform to any specific safety requirements contained in the Contract or as required by law or regulation. The Contractor shall take any additional precautions as the State may reasonably require for safety and accident prevention purposes. Any violation of such rules and requirements, unless promptly corrected, shall be grounds for termination of this Contract in accordance with the default provisions hereof.

20. INSURANCE: The Contractor shall maintain all commercial general liability insurance, workers' compensation insurance and any other insurance required under the Contract. The Contractor shall furnish insurance certificate(s) evidencing required insurance coverage acceptable to the State, including endorsements showing the State as an "additional insured" if required under the Contract. Any required endorsements requested by the State must be separately provided; merely referring to such coverage on the certificate(s) is insufficient for this purpose. When performing work on state owned or controlled property, Contractor shall provide a waiver of subrogation in favor of the State for its workers' compensation policy.

21. TERMINATION FOR NON-APPROPRIATION OF FUNDS:

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- a) If the term of this Contract extends into fiscal years subsequent to that in which it is approved, such continuation of the Contract is contingent on the appropriation of funds for such purpose by the Legislature. If funds to effect such continued payment are not appropriated, the Contractor agrees to take back any affected Deliverables furnished under this Contract, terminate any services supplied to the State under this Contract, and relieve the State of any further obligation therefor.
- b) The State agrees that if it appears likely that subsection a) above will be invoked, the State and Contractor shall agree to take all reasonable steps to prioritize work and Deliverables and minimize the incurrence of costs prior to the expiration of funding for this Contract.
- c) THE STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, COMMERCIAL HARDWARE AND SOFTWARE THAT HAS NOT BEEN PAID FOR SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. THE STATE FURTHER AGREES TO PAY FOR PACKING, CRATING, TRANSPORTATION TO THE CONTRACTOR'S NEAREST FACILITY AND FOR REIMBURSEMENT TO THE CONTRACTOR FOR EXPENSES INCURRED FOR THEIR ASSISTANCE IN SUCH PACKING AND CRATING.

22. TERMINATION FOR THE CONVENIENCE OF THE STATE:

- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Department of General Services, Deputy Director Procurement Division, or designee, determines that a termination is in the State's interest. The Department of General Services, Deputy Director, Procurement Division, or designee, shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.
- b) After receipt of a Notice of Termination, and except as directed by the State, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. The Contractor shall:
- (i) Stop work as specified in the Notice of Termination.
 - (ii) Place no further subcontracts for materials, services, or facilities, except as necessary to complete the continuing portion of the Contract.
 - (iii) Terminate all subcontracts to the extent they relate to the work terminated.
 - (iv) Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts;
- c) After termination, the Contractor shall submit a final termination settlement proposal to the State in the form and with the information prescribed by the State. The Contractor shall submit the proposal promptly, but no later than 90 days after the effective date of termination, unless a different time is provided in the Statement of Work or in the Notice of Termination.
- d) The Contractor and the State may agree upon the whole or any part of the amount to be paid as requested under subsection (c) above.
- e) Unless otherwise set forth in the Statement of Work, if the Contractor and the State fail to agree on the amount to be paid because of the termination for convenience, the State will pay the Contractor the following amounts; provided that in no event will total payments exceed the amount payable to the Contractor if the Contract had been fully performed:
- (i) The Contract price for Deliverables or services accepted or retained by the State and not previously paid for, adjusted for any savings on freight and other charges; and
 - (ii) The total of:
 - A) The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto,

- but excluding any cost attributable to Deliverables or services paid or to be paid;
- B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and
- C) Reasonable storage, transportation, demobilization, unamortized overhead and capital costs, and other costs reasonably incurred by the Contractor in winding down and terminating its work.

- f) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.

23. TERMINATION FOR DEFAULT:

- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
- i) Deliver the Deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - ii) Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii) Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised only if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a different period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.
- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
- (i) completed Deliverables,
 - (ii) partially completed Deliverables, and,
 - (iii) subject to provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- e) The State shall pay Contract price for completed Deliverables delivered and accepted and items the State requires the Contractor to transfer under section (d) above. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- f) If, after termination, it is determined by a final decision that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) Both parties, State and Contractor, upon any termination for default, have a duty to mitigate the damages suffered by it.
- h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."
- 24. FORCE MAJEURE:** Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include, but are not limited to:
- a) Acts of God or of the public enemy, and
 - b) Acts of the federal or State government in either its sovereign or contractual capacity.
- If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.
- 25. RIGHTS AND REMEDIES OF STATE FOR DEFAULT:**
- a) In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to the State, and immediately replace all such rejected items with others conforming to the Contract.
 - b) In addition to any other rights and remedies the State may have, the State may require the Contractor, at Contractor's expense, to ship Deliverables via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of the Contractor.
 - c) In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").
 - d) The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to the Contractor or to make a claim against the Contractor therefore.
- 26. LIMITATION OF LIABILITY:**
- a) Except as may be otherwise approved by the Department of General Services Deputy Director, Procurement Division or their designee, Contractor's liability for damages to the State for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price. For purposes of this sub-section a), "Purchase Price" will mean the aggregate Contract price; except that, with respect to a Contract under which multiple purchase orders will be issued (e.g., a Master Agreement or Multiple Award Schedule contract), "Purchase Price" will mean the total price of the purchase order for the Deliverable(s) or service(s) that gave rise to the loss, such that the Contractor will have a separate limitation of liability for each purchase order.
 - b) The foregoing limitation of liability shall not apply (i) to any liability under the General Provisions entitled "Compliance with Statutes and Regulations" (ii) to liability under the General Provisions, entitled "Patent, Copyright, and Trade Secret Indemnity" or to any other liability (including without limitation indemnification obligations) for infringement of third party intellectual property rights; (iii) to claims arising under provisions herein calling for indemnification for third party claims against the State for death, bodily injury to persons or damage to real or tangible personal property caused by the Contractor's negligence or willful misconduct; or (iv) to costs or attorney's fees that the State becomes entitled to recover as a prevailing party in any action.
- c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
- d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that the Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that the Contractor's liability for such damages arises out of subsection b)(i), b)(ii), or b)(iv) above.
- 27. CONTRACTOR'S LIABILITY FOR INJURY TO PERSONS OR DAMAGE TO PROPERTY:**
- a) The Contractor shall be liable for damages arising out of injury to the person and/or damage to the property of the State, employees of the State, persons designated by the State for training, or any other person(s) other than agents or employees of the Contractor, designated by the State for any purpose, prior to, during, or subsequent to delivery, installation, acceptance, and use of the Deliverables either at the Contractor's site or at the State's place of business, provided that the injury or damage was caused by the fault or negligence of the Contractor.
 - b) The Contractor shall not be liable for damages arising out of or caused by an alteration or an Attachment not made or installed by the Contractor, or for damage to alterations or Attachments that may result from the normal operation and maintenance of the Deliverables provided by the Contractor during the Contract.
- 28. INDEMNIFICATION:** The Contractor agrees to indemnify, defend and save harmless the State, its officers, agents and employees from any and all third party claims, costs (including without limitation reasonable attorneys' fees), and losses due to the injury or death of any individual, or the loss or damage to any real or tangible personal property, resulting from the willful misconduct or negligent acts or omissions of the Contractor or any of its affiliates, agents, subcontractors, employees, suppliers, or laborers furnishing or supplying work, services, materials, or supplies in connection with the performance of this Contract. Such defense and payment will be conditional upon the following:
- a) The State will notify the Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and
 - b) The Contractor will have sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided that (i) when substantial principles of government or public law are involved, when litigation might create precedent affecting future State operations or liability, or when involvement of the State is otherwise mandated by law, the State may participate in such action at its own expense with respect to attorneys' fees and costs (but not liability); (ii) where a settlement would impose liability on the State, affect principles of California government or public law, or impact the authority of the State, the Department of General Services will have the right to approve or disapprove any settlement or compromise, which approval will not unreasonably be withheld or delayed; and (iii) the State will reasonably cooperate in the defense and in any related settlement negotiations.
- 29. INVOICES:** Unless otherwise specified, invoices shall be sent to the address set forth herein. Invoices shall be submitted in triplicate and shall include the Contract number, release order number (if applicable); item number; unit price, extended item price and invoice total amount. State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

34. **CONFIDENTIALITY OF DATA:** All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the Contractor in order to carry out this Contract, or which become available to the Contractor in carrying out this Contract, shall be protected by the Contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State. The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the Contractor. If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The Contractor shall not be required under the provisions of this paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the Contractor's possession without obligation of confidentiality, is independently developed by the Contractor outside the scope of this Contract, or is rightfully obtained from third parties.

36. **DOCUMENTATION:**
- a) The Contractor agrees to provide to the State, at no charge, all Documentation as described within the Statement of Work, and updated versions thereof, which are necessary or useful to the State in its use of the Equipment or Software provided hereunder. The Contractor agrees to provide additional Documentation at prices not in excess of charges made by the Contractor to its other customers for similar Documentation.

The Contractor agrees that the State may reproduce such Documentation for its own use in maintaining the Equipment. If the Contractor is unable to perform maintenance, the Contractor agrees to license any other Contractor that the State may have hired to maintain the Equipment to use the above noted Documentation. The State agrees to include the Contractor's copyright notice on any such Documentation reproduced, in accordance with copyright instructions to be provided by the Contractor.
37. **RIGHTS IN WORK PRODUCT:**
- a) All inventions, discoveries, intellectual property, technical communications and records originated or prepared by the Contractor pursuant to this Contract including papers, reports, charts, computer programs, and other Documentation or improvements thereto, and including the Contractor's administrative communications and records relating to this Contract (collectively, the "Work Product"), shall be the Contractor's exclusive property. The provisions of this sub-section a) may be revised in a Statement of Work.
 - b) Software and other materials developed or otherwise obtained by or for the Contractor or its affiliates independently of this Contract or applicable purchase order ("Pre-Existing Materials") do not constitute Work Product. If the Contractor creates derivative works of Pre-Existing Materials, the elements of such derivative works created pursuant to this Contract constitute Work Product, but other elements do not. Nothing in this Section 37 will be construed to interfere with the Contractor's or its affiliates' ownership of Pre-Existing Materials.
 - c) The State will have Government Purpose Rights to the Work Product as Deliverable or delivered to the State hereunder. "Government Purpose Rights" are the unlimited, irrevocable, worldwide, perpetual, royalty-free, non-exclusive rights and licenses to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product. "Government Purpose Rights" also include the right to release or disclose the Work Product outside the State for any State government purpose and to authorize recipients to use, modify, reproduce, perform, release, display, create derivative works from, and disclose the Work Product for any State government purpose. Such recipients of the Work Product may include, without limitation, State Contractors, California local governments, the U.S. federal government, and the State and local governments of other states.  - e) This Contract shall not preclude the Contractor from developing materials outside this Contract that are competitive, irrespective of their similarity to materials which might be delivered to the State pursuant to this Contract.
38. **SOFTWARE LICENSE:** Unless otherwise specified in the Statement of Work, the Contractor hereby grants to the State and the State accepts from the Contractor, subject to the terms and conditions of this Contract, a perpetual, irrevocable, royalty-free, non-exclusive, license to use the Software Products in this Contract (hereinafter referred to as "Software Products").

Said Computer System and its associated units (collectively referred to as CPU) are as designated in the Statement of Work. If the designated CPU is inoperative due to malfunction, the license herein granted shall be temporarily extended to authorize the State to use the Software Products, in machine-readable form, on any other State CPU until the designated CPU is returned to operation.

GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- c) By prior written notice, the State may redesignate the CPU in which the Software Products are to be used provided that the redesignated CPU is substantially similar in size and scale at no additional cost. The redesignation shall not be limited to the original site and will be effective upon the date specified in the notice of redesignation.

- b) The State will insure, prior to disposing of any media, that any licensed materials contained thereon have been erased or otherwise destroyed.
- c) The State agrees that it will take appropriate action by instruction, agreement or otherwise with its employees or other persons permitted access to licensed software and other proprietary data to satisfy its obligations in this Contract with respect to use, copying, modification, protection and security of proprietary software and other proprietary data.

40. RIGHT TO COPY OR MODIFY:

- a) Any Software Product provided by the Contractor in machine-readable form may be copied, in whole or in part, in printed or machine-readable form for use by the State with the designated CPU, to perform one-time benchmark tests, for archival or emergency restart purposes, to replace a worn copy, to understand the contents of such machine-readable material, or to modify the Software Product as provided below, provided, however, that no more than the number of printed copies and machine-readable copies as specified in the Statement of Work will be in existence under this Contract at any time without prior written consent of the Contractor. Such consent shall not be unreasonably withheld by the Contractor. The original, and any copies of the Software Product, in whole or in part, which are made hereunder shall be the property of the Contractor.
- b) The State may modify any non-personal computer Software Product, in machine-readable form, for its own use and merge it into other program material. Any portion of the Software Product included in any merged program material shall be used only on the designated CPUs and shall be subject to the terms and conditions of the Contract.

WHEREAS, following a special election of the qualified electors of the District, this Board on June 27, 2000, acting as the governing body of the District, adopted Ordinance No. 99/00-1 ("Ordinance") which provided for the levying and collection of special taxes within the District, "as provided in the Act and Ordinance and as approved by the qualified electors"; and

WHEREAS, it is now necessary and appropriate that this Board levy and collect the special taxes for fiscal year 2018/2019 by the adoption of a Resolution as specified by the Act and Ordinances.

DISCUSSION/ACTION ITEM

DATE: July 24, 2018

TO: Robert Pletka, Ed.D., District Superintendent

FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services

PREPARED BY: Rachel Grantham, Financial Analyst, Business Services

SUBJECT: **ADOPT RESOLUTION #18/19-04 AUTHORIZING AND PROVIDING FOR THE LEVYING OF SPECIAL TAXES WITHIN COMMUNITY FACILITIES DISTRICT 2001-1 (DISTRICT 48, AMERIGE HEIGHTS)**

Background: On August 14, 2001, the Fullerton School District formed Community Facilities District (CFD) No. 2001-1 pursuant to the Mello-Roos Community Facilities Act of 1982, as amended on 106.72 net acres of property known as the Amerige Heights Project. CFD No. 2001-1 issued 2001 special tax bonds in the amount of \$19,450,000 on December 1, 2001.

With the formation of CFD No. 2001-1 and the issuance of special tax bonds, annual special taxes need to be levied on taxable property to pay interest and principal to the bondholders. Accordingly, please find attached Resolution #18/19-04, which authorizes and provides for the levying of special taxes in CFD No. 2001-1 for fiscal year 2018/2019. The special taxes were calculated and levied in accordance with the Rate and Method of Apportionment previously Board-approved.

Rationale: Annual authorization of the special tax levy is required by law.

Funding: Not applicable.

Recommendation: Adopt Resolution #18/19-04 authorizing and providing for the levying of special taxes within Community Facilities District 2001-1 (District 48, Amerige Heights).

Board Policy

District Residency

BP 5111.1

Students

Board Adopted:

The Board of Trustees desires to admit all students who reside within District boundaries or who fulfill the District residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the District, including, but not limited to, all options for meeting residency requirements for school attendance.

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a District school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record.

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

A student's enrollment may be denied when the submitted documentation is insufficient to establish District residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets District residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency.

The Superintendent or designee may assign a trained District employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the District.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view.

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation.

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet District residency requirements and denies the student's enrollment in the District, he/she shall provide the student's parent/guardian an opportunity to appeal that determination.

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the District's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the District's determination to deny enrollment should be overruled.

A student who is currently enrolled in the District shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the District shall not be permitted to attend any District school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that District residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the District's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the District may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

The District may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class.

Board Policy

Parent Notifications

BP 5145.6

Students

Board Adopted:

The Board of Trustees desires to promote effective communication between the school and the home and to keep parents/guardians informed regarding educational programs, school operations, and the legal rights of students and their parents/guardians. The Superintendent or designee shall send parents/guardians and students all notifications required by law and any other notifications he/she believes will promote parental understanding and involvement.

Notice of the rights and responsibilities of parents/guardians as specified in Education Code 48980 shall be sent at the beginning of each academic year and may be provided by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used by the District for written communication with parents/guardians.

No activity specified in Education Code 48980 shall be undertaken with respect to any particular student unless his/her parent/guardian has been informed of such action through the annual notification or other separate special notification. Such notice shall state the activity that will be undertaken and the approximate date on which the activity will occur.

The annual notification shall include a request that the parent/guardian sign the notice and return it to the school or, if the notice is provided in electronic format, that the parent/guardian submit a signed acknowledgment of receipt of the notice to the school. The parent/guardian's signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld.

Whenever a student enrolls in a District school during the school year, his/her parents/guardians shall be given all required parental notifications at that time.

Notifications shall be presented in an understandable and uniform format and, to the extent practicable, in a language that parents/guardians can understand.

Whenever 15 percent or more of the students enrolled in a District school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices sent to the parent/guardian of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language.

Whenever an employee learns that a student's parent/guardian is unable to understand the District's printed notifications for any reason, he/she shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

Philosophy, Goals, Objectives and Comprehensive Plans

Board Adopted: 02/10/09

Revised:

The Board of Trustees is committed to providing equal opportunity for all individuals in District programs and activities. District programs, activities, and practices shall be free from unlawful discrimination, including discrimination against an individual or group based on race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information; a perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

~~The Board of Trustees is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination based on gender, sex, race, color, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The Board shall promote programs, which ensure that discriminatory practices are eliminated in all District activities.~~

All individuals shall be treated equitably in the receipt of District and school services. Personally identifiable information collected in the implementation of any District program, including, but not limited to, student and family information for the free and reduced-price lunch program, transportation, or any other educational program, shall be used only for the purposes of the program, except when the Superintendent or designee authorizes its use for another purpose in accordance with law. Resources and data collected by the District shall not be used, directly or by others, to compile a list, registry, or database of individuals based on race, gender, sexual orientation, religion, ethnicity, national origin, or immigration status or any other category identified above.

District programs and activities shall be free of any racially derogatory or discriminatory school or athletic team names, mascots, or nicknames.

~~District programs and facilities, viewed in their entirety, shall be in compliance with the Americans with Disabilities Act.~~

The Superintendent or designee shall annually review District programs and activities to ensure the removal of any derogatory or discriminatory name, image, practice, or other barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing District programs and activities. He/she shall take prompt, reasonable actions to remove any identified barrier. The Superintendent or designee shall report his/her findings and recommendations to the Board after each review.

All allegations of unlawful discrimination in District programs and activities shall be investigated and resolved in accordance with the procedures specified in AR 1312.3 - Uniform Complaint Procedures.

Pursuant to 34 CFR 104.8 and 34 CFR 106.9, the Superintendent or designee shall notify students, parents/guardians, employees, employee organizations, applicants for admission

and employment, and sources of referral for applicants about the District's policy on nondiscrimination and related complaint procedures. Such notification shall be included in the annual parental notification distributed pursuant to Education Code 48980 and, as applicable, in announcements, bulletins, catalogs, handbooks, application forms, or other materials distributed by the District. The notification shall also be posted on the District's web site and social media and in District schools and offices, including staff lounges, student government meeting rooms, and other prominent locations as appropriate.

In addition, the annual parental notification shall inform parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, including information on educational rights issued by the California Attorney General. Alternatively, such information may be provided through any other cost-effective means determined by the Superintendent or designee.

The District's nondiscrimination policy and related informational materials shall be published in a format that parents/guardians can understand. In addition, when 15 percent or more of a school's students speak a single primary language other than English, those materials shall be translated into that other language.

Access for Individuals with Disabilities

District programs and facilities, viewed in their entirety, shall be in compliance with the Americans with Disabilities Act (ADA) and any implementing standards and/or regulations. When structural changes to existing District facilities are needed to provide individuals with disabilities access to programs, services, activities, or facilities, the Superintendent or designee shall develop a transition plan that sets forth the steps for completing the changes.

The Superintendent or designee shall ensure that the District provides appropriate auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity. These aids and services may include, but are not limited to, qualified interpreters or readers, assistive listening devices, assistive technologies or other modifications to increase accessibility to District and school web sites, notetakers, written materials, taped text, and Braille or large-print materials. Fullerton School District

Board Policy

Admission

BP 5111

Students

Board Adopted: June 10, 2005

Revised: February 7, 2010, December 8, 2015

The Board of Trustees encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children **seeking admission to** entering a District school at any grade level about admission requirements and shall assist them with enrollment procedures.

The Superintendent or designee shall announce and publicize the timeline and process for registration of students at District schools. Applications for intraDistrict or interDistrict enrollment shall be subject to the timelines specified in applicable Board policies and administrative regulations.

All appropriate staff shall receive training on District admission policies and procedures, including information regarding the types of documentation that can and cannot be requested.

The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. (Education Code 49452.9)

Verification of Admission Eligibility

Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The District shall not inquire into or request documentation of a student's social security number or the last four digits of the social security number or the citizenship or immigration status of the student or his/her family members. (Education Code 234.7, 49076.7)

However, such information may be collected when required by state or federal law or to comply with requirements for special state or federal programs. In any such situation, the information shall be collected separately from the school enrollment process and the Superintendent or designee shall explain the limited purpose for which the information is collected. Enrollment in a District school shall not be denied on the basis of any such information of the student or his/her parents/guardians obtained by the District, or the student's or parent/guardian's refusal to provide such information to the District.

School registration information shall list all possible means of documenting a child's age for grades K-1 as authorized by Education Code 48002 or otherwise prescribed by the Board. Any alternative document allowed by the District shall be one that all persons can obtain regardless of immigration status, citizenship status, or national origin and shall not reveal information related to citizenship or immigrant status.

The Superintendent or designee shall immediately enroll a homeless student, foster youth, student who has had contact with the juvenile justice system, or a child of a military family regardless of outstanding fees or fines owed to the student's last school, lack of clothing normally required by the school, such as school uniforms, or his/her inability to produce previous academic, medical, or other records normally required for enrollment. (Education Code 48645.5, 48850, 48852.7, 48853.5, 49701; 42 USC 11432)

~~Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.~~

~~In the event the Superintendent or designee reasonably believes false or unreliable evidence of residency has been provided by a parent/guardian, the following procedures apply:~~

- ~~1. The Superintendent or designee shall identify circumstances upon which the District may initiate an investigation, which shall, at a minimum, require the District employee to be able to identify specific, articulable facts supporting the belief that the parent/guardian of the pupil has provided false or unreliable evidence for residency. Examples of such situations include, but are not limited to, altered documents; credible information from the property owner or neighbor that the student does not reside at the address provided; results of a home visit by a District employee indicating the student does not reside at the address provided; credible information from the student stating he/she does not reside at the address provided; and/or mail sent by the school returned from the address provided.~~
- ~~2. The Superintendent or designee may use reasonable investigatory methods, as appropriate, to determine residency. These methods may include, but are not limited to:
 - ~~a. Review of documentation~~
 - ~~b. Home visit by District personnel~~
 - ~~c. Interview of student and parent/guardian~~
 - ~~d. Contacting the landlord or neighbors regarding whether or not the student resides at the address provided~~~~
- ~~3. The Superintendent or designee may hire a private investigator if the investigatory methods described above are inconclusive to determine whether the pupil resides in the District.~~
- ~~4. For any investigation conducted pursuant to this policy, the District shall:
 - ~~a. Prohibit the surreptitious photographing or video recording of pupils who are being investigated. For purposes of this policy, "surreptitious photographing or video recording" means the covert collection of photographic or video graphic images of persons or places subject to an investigation. For the purposes of this policy, the collection of images is not covert if the technology is used in an open and public view.~~
 - ~~b. Require that the employees and contractors of the District engaged in the investigation must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.~~~~
- ~~5. If the District determines that the pupil does not meet the residency requirements for school attendance in the District, the District shall provide the parent/guardian with the basis for the determination. The parent/guardian may appeal this determination to the Assistant Superintendent of Personnel Services within 10 business days of determination. If an appeal is made, the burden shall be on the parent/guardian to show why the decision of the District should be overruled.~~

~~The Superintendent or designee shall ensure that the enrollment of a homeless or foster child or a child of a military family is not delayed because of outstanding fees or fines owed to the child's last school or for his/her inability to produce previous academic, medical, or other records normally required for enrollment.~~

~~In addition, no child shall be denied enrollment in a District school solely on the basis of his/her arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system.~~

~~When enrolling in any District school, including a school in their attendance area, children whose parents/guardians reside within District boundaries shall be subject to the timelines established by the Board for open enrollment. Children whose parents/guardians do not reside within the District or who are not otherwise eligible for enrollment in the District may apply for interDistrict attendance in accordance with the timelines specified in applicable Board policies and administrative regulations.~~

~~The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. Board Adopted: June 19, 2012

Revised: November 15, 2016

The Board of Trustees for the Fullerton School District recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No **individual or group** ~~student or group of students~~ shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

In addition, Penal Code 653.2 makes it a crime to distribute another person's personally identifiable information electronically with the intent to cause harassment by a third party and to threaten a person's safety or that of his/her family (e.g., placing a person's address online so that he/she receives harassing messages).

Cyberbullying includes the **electronic** creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images **as defined in Education Code 48900.** ~~on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance.~~ Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage or victimize that person's reputation.

Strategies for **addressing** ~~bullying prevention and intervention~~ in District schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, in accordance with law, Board policy, and administrative regulation and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable District and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

Bullying Prevention

To the extent possible, District and school strategies shall focus on prevention of bullying by establishing clear rules for student conduct and implementing strategies to establish a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of District and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging **in** bullying.

As appropriate, the District ~~may~~ **shall** provide students with instruction, in the classroom or other educational settings, that promotes **social-emotional learning**, effective communication and conflict

resolution skills, ~~social skills~~, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the District and its employees to prevent discrimination, harassment, intimidation, and bullying of District students. Such training shall be designed to provide staff with the skills to:

When appropriate, based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. Fullerton School District

Board Policy

Nondiscrimination/Harassment

BP 5145.3

Students

Board Adopted: June 10, 2005

Revised: July 24, 2012, November 15, 2016

The Board of Trustees desires to provide a safe school environment that allows all students equal access and opportunities in the District's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any District school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, **immigration status**, ethnicity, ethnic group identification, age, religion, pregnancy, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to District programs, school activities or to school attendance occurring within a District school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the District's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the District's educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the District to monitor, address, and prevent repetitive prohibited behavior in District schools.

CONSENT ITEM

DATE: August 14, 2018
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services
SUBJECT: ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

MEMORANDUM of UNDERSTANDING BETWEEN
ANAHEIM ELEMENTARY SCHOOL DISTRICT
AND
FULLERTON SCHOOL DISTRICT

WHEREAS, Education Code sections 56195 et seq. authorize school districts to provide special education services to students in other districts by organizing Special Education Local Plan Areas (SELPA) and by developing local plans;

WHEREAS, these statutory provisions authorize school districts to provide for a governing structure and any necessary administrative support to implement the local plans, including a system for determining the responsibility of participating agencies for the education of each special education student;

WHEREAS, Education Code section 56195.5 authorizes districts and SELPA to enter into contracts between school districts to provide for the education of special education students who may reside in other districts;

NOW, THEREFORE, it is hereby agreed by and between the Anaheim Elementary School District (hereinafter referred to as the "Provider District") and the Fullerton School District School District (hereinafter referred to as the "Sending District") as follows:

1. Basis of Agreement

Pursuant to the authority established in Education Code sections 56195, 56195.1, 56195.3 and 56195.5, the Provider District may provide for the education of individual pupils in special education programs who reside in other districts or counties. Education Code section 46600 shall apply to inter-district attendance agreements for programs conducted pursuant to this part.

2. Term of Agreement

This Agreement is effective for the period beginning July 1, 2018, through June 30, 2019.

3. Acknowledgment

It is acknowledged that, in accordance with Part 30 of the Education Code, Chapter 7.2, the California State funding formula for special education programs, services and administration generates an entitlement based on the average daily attendance of pupils in the local education agencies that comprise a SELPA.

4. Scope

The Provider shall conduct special education program and services for those eligible pupils of the Sending District referred by their Individual Education Program (IEP) Teams when it is jointly determined by the Sending District and the Provider District that the pupils' educational needs as specified in the IEP can be appropriately met by the programs operated by the Provider District. The Provider District shall maintain and provide special education programs for Sending District pupils during the 2018-19 school year within the administrative parameters established by the Provider District's SELPA. Class size ranges and student-adult ratios shall be maintained in a manner which allows the Provider District to meet the programmatic, health and safety needs of the pupils.

5. Annual and Triennial Reviews

The Sending District shall be notified of annual reviews and may provide a representative who will participate in the development of the IEP. For initial placement, triennial review, or a change in services specified on the current IEP, a Sending District representative who is authorized to approve or disapprove the allocation of specified Sending District resources necessary for the implementation of the IEP shall attend the IEP Meeting. Assessments will be performed by the Provider District, unless the Sending District requests otherwise.

6. Pupil Count

A count shall be taken of the number of pupils enrolled in the programs as of the first day of each calendar month, July, 2018 through June, 2019. A pupil shall be counted as "enrolled" on the first day of attendance in the program or fourteen (14) days after the IEP Team has met and an approved IEP has been executed for the educational placement in the Special Schools Program, whichever occurs sooner. Pupils continuing in the programs from the previous school year shall be counted as "enrolled" on the first school day in September unless written notification of withdrawal is received from either the parent or Sending District. If a continuing pupil has not attended school by the eleventh day of the first school month, the Provider District shall notify the Sending District and a determination shall be made regarding continuing enrollment.

7. Definitions

a. "District Provided Programs" are the special education classes and support services operated by Provider District on behalf of SELPAs and districts in Orange County for special education students residing in their SELPA and district.

b. "Special Education Program Income" shall be defined as the sum of all State and Federal funds generated by or on behalf of pupils transferred to programs operated by the Provider District under this Agreement.

c. "Special Education Program Expenditures" shall include Direct Costs, Direct Support Costs and Indirect Cost of Special Schools Programs.

d. "Average Cost Per Pupil" shall refer to the Special Education Program Expenditures attributable to the program divided by the average number of pupils enrolled during the year.

e. "Average Number of Pupils" shall refer to the total of the number of pupils counted on the first school day of each calendar month divided by the number of calendar months in the period specified.

8. Funding

FULLERTON SCHOOL DISTRICT
AND
BUENA PARK SCHOOL DISTRICT

WHEREAS, Education code section 56195 et seq. Authorize school districts to provide special education services to students in other districts by organizing Special Education Local Plan Areas (SELPAs) and by developing local plans;

WHEREAS, these statutory provisions authorize school districts to provide for a governing structure and any necessary administrative support to implement the local plans, including a system for determining the responsibility of participating agencies for the education of each special education student;

WHEREAS, Education Code section 56195.5 authorizes districts and SELPAs to enter into contracts between school districts to provide for the education of special education students who may reside in other districts;

NOW, THEREFORE, it is hereby agreed by and between the Fullerton School District (hereinafter referred to as the "Provider District") and the Buena Park School District (hereinafter referred to as the "Sending District") as follows:

1. Basis of Agreement

Pursuant to the authority established in Education Code sections 56195, 56195.1, 56195.3 and 56195.5, the Provider District may provide the education of individual pupils in special education programs who reside in other districts or counties. Education Code section 46600 shall apply to interdistrict attendance agreements for programs conducted pursuant to this part.

2. Term of Agreement

This Agreement is effective for the period beginning August 13, 2018 through May 31, 2019.

3. Acknowledgement

It is acknowledged that, in accordance with Part 30 of the Education Code, Chapter 7.2, the California State funding formula for special education programs, services and administration

generates an entitlement based on average daily attendance of pupils in the local education agencies that comprise a SELPA.

4. Scope

The Provider shall conduct special education programs and services for those eligible pupils of the Sending District referred by their Individual Education Program (IEP) Teams when it is jointly determined by the Sending District and the Provider District that the Pupils' educational needs as specified in the IEP can be appropriately met by the programs operated by the Provider District. The Provider District shall maintain and provide special education programs for Sending District pupils during the 2018-19 school year within the administrative parameters established by the Provider District's SELPA. Class size ranges and student-adult ratios shall be maintained in a manner which allows the Provider District to meet the programmatic, health and safety needs of the pupils.

5. Annual and Triennial Reviews

The Sending District shall be notified of annual reviews and may provide a representative who will participate in the development of the IEP. For initial placement, triennial review, or a change in services on the current IEP, a Sending District representative who is authorized to approve or disapprove the allocation of the specified Sending District resources necessary for the implementation of the IEP shall attend the IEP meeting.

6. Pupil Count

A count shall be taken for the number of pupils enrolled in the programs as of the first day of each calendar month, August 1, 2018 through June 1, 2019. A pupil shall be counted as "enrolled" on the first day of attendance in the program or fourteen (14) days after the IEP Team has met and an approved IEP has been executed for the education placement in the Fullerton School District Special Education Program, Moderate/Severe Special Day Class, whichever occurs sooner. Pupils continuing in the programs from the previous school year shall be counted as "enrolled" on the first school day in August unless continuing pupil has not attended school by the eleventh day of the first school month, the Provider District shall notify the Sending District and a determination shall be made regarding continuing enrollment.

7. Definitions

A. "District Provided Programs" are the special education classes and support services operated by Provider District on behalf of SELPAs and districts in Orange County for special education students residing in their SELPA and district.

8. Funding

In consideration of the enrollment of pupils in special education programs conducted by the Provider District, the Sending District transferring pupils to the programs operated by the Provider District agree to pay the Provider District an annual fee as follows:

- A. The Sending District shall be responsible for an annual enrollment fee of \$28,000, which will be billed at the end of the 2018-19 school year based on the number of months that pupil is enrolled, based on a 10 month school year. The annual fee will be for the purpose of educating said pupil, taking into account State and Federal I.D.E.A. Local Assistance Grant Funds.
- B. Special Circumstances Paraeducators- The Sending District shall be responsible for the full cost of additional personnel as specified required for the benefit of and in the IEP for pupils who are residents of the Sending District.

9. Transportation

The Sending District transporting pupils to the Provider District shall ensure that buses arrive at the school site with sufficient time to unload students prior to the beginning of the instructional day and to load them at the end of the instructional day. Delays requiring either overtime supervision or causing portions of the instructional program to be missed and subsequently made up may result in charges to the Sending District for additional costs incurred by the Provider District.

10. No Waiver

The failure of the Provider District in any one or more instances to insist upon strict performance of any of the terms of this Agreement or to exercise any option herein conferred shall not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon such terms or options on any future occasion.

11. Hold Harmless

To the extent permitted by law, and except for the acts or omissions of employees, agents, and officers of the Sending District and its officers, agents and employees from all claims, demands, liabilities, losses, damages, or expenses of any nature whatsoever arising from or connected with the Provider District's performance of services during the term of this Agreement.

To the extent permitted by law, and except for the acts or omissions of employees, agents, and offices of Provider District, the Sending District hereby agrees to hold harmless, indemnify and defend Provider District and its governing board and their officers, agents and employees from all claims, demands, liabilities, losses, damages, or expenses of any nature whatsoever arising directly or indirectly from or connected with the performance of services other than for operations of Provider District during the term of this Agreement.

Board Policy

District Residency

BP 5111.1

Students

Board Adopted:

The Board of Trustees desires to admit all students who reside within District boundaries or who fulfill the District residency requirements through other means as allowed by law. The Superintendent or designee shall develop procedures to facilitate the receipt and verification of students' proof of residency.

The Superintendent or designee shall annually notify parents/guardians of all existing attendance options available in the District, including, but not limited to, all options for meeting residency requirements for school attendance.

The Superintendent or designee shall require parents/guardians to provide documentation of the student's residency upon admission to a District school. A copy of the document or written statement offered as verification of residency shall be maintained in the student's mandatory permanent record.

When establishing students' residency for enrollment purposes, the Superintendent or designee shall not inquire into the citizenship or immigration status of students or their family members.

A student's enrollment may be denied when the submitted documentation is insufficient to establish District residency. In any such case, the Superintendent or designee shall notify the parent/guardian in writing, including specific reasons for the denial.

Investigation of Residency

When the Superintendent or designee reasonably believes that a student's parent/guardian has provided false or unreliable evidence of residency, he/she may make reasonable efforts to determine that the student meets District residency requirements. An investigation may be initiated when the Superintendent or designee is able to identify specific, articulable facts supporting the belief that the parent/guardian has provided false or unreliable evidence of residency.

The Superintendent or designee may assign a trained District employee to conduct the investigation. The investigation may include the examination of records, including public records, and/or interviews of persons who may have knowledge of the student's residency.

If necessary, the Superintendent or designee may employ the services of a private investigator to conduct the investigation. Before hiring a private investigator, the Superintendent or designee shall make other reasonable efforts to determine whether the student resides in the District.

The investigation shall not include the surreptitious collection of photographic or videographic images of persons or places subject to the investigation. However, the use of technology is not prohibited if done in open and public view.

Any employee or contractor engaged in the investigation shall truthfully identify himself/herself as an investigator to individuals contacted or interviewed during the course of the investigation.

Appeal of Enrollment Denial

If the Superintendent or designee, upon investigation, determines that a student does not meet District residency requirements and denies the student's enrollment in the District, he/she shall provide the student's parent/guardian an opportunity to appeal that determination.

The Superintendent or designee shall send the student's parent/guardian written notice specifying the basis for the District's determination. This notice shall also inform the parent/guardian that he/she may, within 10 school days, appeal the decision and provide new evidence of residency.

The burden shall be on the parent/guardian to show why the District's determination to deny enrollment should be overruled.

A student who is currently enrolled in the District shall be allowed to remain in attendance at his/her school pending the results of the appeal. A student who is not currently enrolled in the District shall not be permitted to attend any District school unless his/her appeal is successful.

In an appeal to the Superintendent of a determination that District residency requirements were not met, the Superintendent shall review any evidence provided by the parent/guardian or obtained during the District's investigation and shall make a decision within 10 school days of receipt of the parent/guardian's request for the appeal. The Superintendent's decision shall be final.

Enrollment Not Requiring District Residency

When approved by the Board and the appropriate agency, the District may enroll students from other countries who are in the United States on an F-1 visa or are participating in an international exchange program under the sponsorship of a government-approved agency.

The District may enroll a nonresident student living in an adjoining state or foreign country in accordance with Education Code 48050-48052.

District residency is not required for enrollment in a regional occupational center or program if there are openings in the program or class.

Board Policy

Parent Notifications

BP 5145.6

Students

Board Adopted:

The Board of Trustees desires to promote effective communication between the school and the home and to keep parents/guardians informed regarding educational programs, school operations, and the legal rights of students and their parents/guardians. The Superintendent or designee shall send parents/guardians and students all notifications required by law and any other notifications he/she believes will promote parental understanding and involvement.

Notice of the rights and responsibilities of parents/guardians as specified in Education Code 48980 shall be sent at the beginning of each academic year and may be provided by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used by the District for written communication with parents/guardians.

No activity specified in Education Code 48980 shall be undertaken with respect to any particular student unless his/her parent/guardian has been informed of such action through the annual notification or other separate special notification. Such notice shall state the activity that will be undertaken and the approximate date on which the activity will occur.

The annual notification shall include a request that the parent/guardian sign the notice and return it to the school or, if the notice is provided in electronic format, that the parent/guardian submit a signed acknowledgment of receipt of the notice to the school. The parent/guardian's signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld.

Whenever a student enrolls in a District school during the school year, his/her parents/guardians shall be given all required parental notifications at that time.

Notifications shall be presented in an understandable and uniform format and, to the extent practicable, in a language that parents/guardians can understand.

Whenever 15 percent or more of the students enrolled in a District school speak a single primary language other than English, as determined from the California Department of Education census data collected pursuant to Education Code 52164, all notices sent to the parent/guardian of any such student shall, in addition to being written in English, be written in the primary language, and may be responded to either in English or the primary language.

Whenever an employee learns that a student's parent/guardian is unable to understand the District's printed notifications for any reason, he/she shall inform the principal or designee, who shall work with the parent/guardian to establish other appropriate means of communication.

Board Adopted: 02/10/09

Revised:

The Board of Trustees is committed to providing equal opportunity for all individuals in District programs and activities. District programs, activities, and practices shall be free from unlawful discrimination, including discrimination against an individual or group based on race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information; a perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

~~The Board of Trustees is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination based on gender, sex, race, color, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The Board shall promote programs, which ensure that discriminatory practices are eliminated in all District activities.~~

All individuals shall be treated equitably in the receipt of District and school services. Personally identifiable information collected in the implementation of any District program, including, but not limited to, student and family information for the free and reduced-price lunch program, transportation, or any other educational program, shall be used only for the purposes of the program, except when the Superintendent or designee authorizes its use for another purpose in accordance with law. Resources and data collected by the District shall not be used, directly or by others, to compile a list, registry, or database of individuals based on race, gender, sexual orientation, religion, ethnicity, national origin, or immigration status or any other category identified above.

District programs and activities shall be free of any racially derogatory or discriminatory school or athletic team names, mascots, or nicknames.

~~District programs and facilities, viewed in their entirety, shall be in compliance with the Americans with Disabilities Act.~~

The Superintendent or designee shall annually review District programs and activities to ensure the removal of any derogatory or discriminatory name, image, practice, or other barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing District programs and activities. He/she shall take prompt, reasonable actions to remove any identified barrier. The Superintendent or designee shall report his/her findings and recommendations to the Board after each review.

All allegations of unlawful discrimination in District programs and activities shall be investigated and resolved in accordance with the procedures specified in AR 1312.3 - Uniform Complaint Procedures.

Pursuant to 34 CFR 104.8 and 34 CFR 106.9, the Superintendent or designee shall notify students, parents/guardians, employees, employee organizations, applicants for admission

and employment, and sources of referral for applicants about the District's policy on nondiscrimination and related complaint procedures. Such notification shall be included in the annual parental notification distributed pursuant to Education Code 48980 and, as applicable, in announcements, bulletins, catalogs, handbooks, application forms, or other materials distributed by the District. The notification shall also be posted on the District's web site and social media and in District schools and offices, including staff lounges, student government meeting rooms, and other prominent locations as appropriate.

In addition, the annual parental notification shall inform parents/guardians of their children's right to a free public education regardless of immigration status or religious beliefs, including information on educational rights issued by the California Attorney General. Alternatively, such information may be provided through any other cost-effective means determined by the Superintendent or designee.

The District's nondiscrimination policy and related informational materials shall be published in a format that parents/guardians can understand. In addition, when 15 percent or more of a school's students speak a single primary language other than English, those materials shall be translated into that other language.

Access for Individuals with Disabilities

District programs and facilities, viewed in their entirety, shall be in compliance with the Americans with Disabilities Act (ADA) and any implementing standards and/or regulations. When structural changes to existing District facilities are needed to provide individuals with disabilities access to programs, services, activities, or facilities, the Superintendent or designee shall develop a transition plan that sets forth the steps for completing the changes.

The Superintendent or designee shall ensure that the District provides appropriate auxiliary aids and services when necessary to afford individuals with disabilities equal opportunity to participate in or enjoy the benefits of a service, program, or activity. These aids and services may include, but are not limited to, qualified interpreters or readers, assistive listening devices, assistive technologies or other modifications to increase accessibility to District and school web sites, notetakers, written materials, taped text, and Braille or large-print materials. Fullerton School District

Board Policy

Admission

BP 5111

Students

Board Adopted: June 10, 2005

Revised: February 7, 2010, December 8, 2015

The Board of Trustees encourages the enrollment and appropriate placement of all school-aged children in school. The Superintendent or designee shall inform parents/guardians of children **seeking admission to entering** a District school at any grade level about admission requirements and shall assist them with enrollment procedures.

The Superintendent or designee shall announce and publicize the timeline and process for registration of students at District schools. Applications for intraDistrict or interDistrict enrollment shall be subject to the timelines specified in applicable Board policies and administrative regulations.

All appropriate staff shall receive training on District admission policies and procedures, including information regarding the types of documentation that can and cannot be requested.

The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. (Education Code 49452.9)

Verification of Admission Eligibility

Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.

The District shall not inquire into or request documentation of a student's social security number or the last four digits of the social security number or the citizenship or immigration status of the student or his/her family members. (Education Code 234.7, 49076.7)

However, such information may be collected when required by state or federal law or to comply with requirements for special state or federal programs. In any such situation, the information shall be collected separately from the school enrollment process and the Superintendent or designee shall explain the limited purpose for which the information is collected. Enrollment in a District school shall not be denied on the basis of any such information of the student or his/her parents/guardians obtained by the District, or the student's or parent/guardian's refusal to provide such information to the District.

School registration information shall list all possible means of documenting a child's age for grades K-1 as authorized by Education Code 48002 or otherwise prescribed by the Board. Any alternative document allowed by the District shall be one that all persons can obtain regardless of immigration status, citizenship status, or national origin and shall not reveal information related to citizenship or immigrant status.

The Superintendent or designee shall immediately enroll a homeless student, foster youth, student who has had contact with the juvenile justice system, or a child of a military family regardless of outstanding fees or fines owed to the student's last school, lack of clothing normally required by the school, such as school uniforms, or his/her inability to produce previous academic, medical, or other records normally required for enrollment. (Education Code 48645.5, 48850, 48852.7, 48853.5, 49701; 42 USC 11432)

~~Before enrolling any child in a District school, the Superintendent or designee shall verify the child's age, residency, immunization, and other applicable eligibility criteria specified in law, the accompanying administrative regulation, or other applicable Board policy or administrative regulation.~~

~~In the event the Superintendent or designee reasonably believes false or unreliable evidence of residency has been provided by a parent/guardian, the following procedures apply:~~

- ~~1. The Superintendent or designee shall identify circumstances upon which the District may initiate an investigation, which shall, at a minimum, require the District employee to be able to identify specific, articulable facts supporting the belief that the parent/guardian of the pupil has provided false or unreliable evidence for residency. Examples of such situations include, but are not limited to, altered documents; credible information from the property owner or neighbor that the student does not reside at the address provided; results of a home visit by a District employee indicating the student does not reside at the address provided; credible information from the student stating he/she does not reside at the address provided; and/or mail sent by the school returned from the address provided.~~
- ~~2. The Superintendent or designee may use reasonable investigatory methods, as appropriate, to determine residency. These methods may include, but are not limited to:
 - ~~a. Review of documentation~~
 - ~~b. Home visit by District personnel~~
 - ~~c. Interview of student and parent/guardian~~
 - ~~d. Contacting the landlord or neighbors regarding whether or not the student resides at the address provided~~~~
- ~~3. The Superintendent or designee may hire a private investigator if the investigatory methods described above are inconclusive to determine whether the pupil resides in the District.~~
- ~~4. For any investigation conducted pursuant to this policy, the District shall:
 - ~~a. Prohibit the surreptitious photographing or video recording of pupils who are being investigated. For purposes of this policy, "surreptitious photographing or video recording" means the covert collection of photographic or video graphic images of persons or places subject to an investigation. For the purposes of this policy, the collection of images is not covert if the technology is used in an open and public view.~~
 - ~~b. Require that the employees and contractors of the District engaged in the investigation must identify themselves truthfully as such to individuals contacted or interviewed during the course of the investigation.~~~~
- ~~5. If the District determines that the pupil does not meet the residency requirements for school attendance in the District, the District shall provide the parent/guardian with the basis for the determination. The parent/guardian may appeal this determination to the Assistant Superintendent of Personnel Services within 10 business days of determination. If an appeal is made, the burden shall be on the parent/guardian to show why the decision of the District should be overruled.~~

~~The Superintendent or designee shall ensure that the enrollment of a homeless or foster child or a child of a military family is not delayed because of outstanding fees or fines owed to the child's last school or for his/her inability to produce previous academic, medical, or other records normally required for enrollment.~~

~~In addition, no child shall be denied enrollment in a District school solely on the basis of his/her arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other contact with the juvenile justice system.~~

~~When enrolling in any District school, including a school in their attendance area, children whose parents/guardians reside within District boundaries shall be subject to the timelines established by the Board for open enrollment. Children whose parents/guardians do not reside within the District or who are not otherwise eligible for enrollment in the District may apply for interDistrict attendance in accordance with the timelines specified in applicable Board policies and administrative regulations.~~

~~The District's enrollment application shall include information about the health care options and enrollment assistance available to families within the District. The District shall not discriminate against any child for not having health care coverage and shall not use any information relating to a child's health care coverage or his/her interest in learning about health care coverage in any manner that would harm the child or his/her family. BP 5131.2

Students

Board Adopted: June 19, 2012

Revised: November 15, 2016

The Board of Trustees for the Fullerton School District recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No **individual or group** ~~student or group of students~~ shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

In addition, Penal Code 653.2 makes it a crime to distribute another person's personally identifiable information electronically with the intent to cause harassment by a third party and to threaten a person's safety or that of his/her family (e.g., placing a person's address online so that he/she receives harassing messages).

Cyberbullying includes the **electronic** creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images **as defined in Education Code 48900.** ~~on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance.~~ Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage or victimize that person's reputation.

Strategies for **addressing** ~~bullying prevention and intervention~~ in District schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, in accordance with law, Board policy, and administrative regulation and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable District and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

As appropriate, the District ~~may~~ **shall** provide students with instruction, in the classroom or other educational settings, that promotes **social-emotional learning**, effective communication and conflict

resolution skills, ~~social skills~~, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Such instruction shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

The Superintendent or designee shall provide training to teachers and other school staff to raise their awareness about the legal obligation of the District and its employees to prevent discrimination, harassment, intimidation, and bullying of District students. Such training shall be designed to provide staff with the skills to:

When appropriate, based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. Article I, Section 28(c) of the California Constitution requires that all students are provided a safe and secure learning environment.

DISCUSSION/ACTION ITEM

DATE: August 14, 2018
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services
SUBJECT: APPROVE EMERGENCY RESOLUTION #18/19-07 TO APPROVE ENTERING INTO A CONTRACT FOR SERVICES RELATED TO WOODCREST ELEMENTARY SCHOOL

Background: At Woodcrest Elementary School, the District has a joint use agreement with the City of Fullerton. Last Spring, the City began a project to completely rehab the park and the Woodcrest School field at their cost. The original plan was for the City to replace the irrigation and plant new sod between June 1, 2018 and September 4, 2018. Recently it was informed to the District that the City of Fullerton would begin the rehab in April, 2019.

The field is the only grass area for students to play on. If the District is to follow the plan to not start until April 2019, the students at Woodcrest Elementary School will be without a field for the entire school year. The students at Woodcrest Elementary School need a field for several reasons:

1. Per Ed. Code, students are required to participate in 200 minutes of P.E. every 10 days. The P.E. curriculum consists of activities, which require a grass space.
2. The Field is our evacuation staging area. Without a staging area, we will be forced to relocate to Richman Elementary School, which is 1 mile away.
3. The current field of dead grass and dirt is not safe to play on. Students and Staff run the risk of being injured.

Rationale: Emergency Resolutions are approved by the Board of Trustees.

Funding: Cost not to exceed \$250,000 to be reimbursed by the City of Fullerton.

Recommendation: Approve Emergency Resolution #18/19-07 to approve entering into a contract for services related to Woodcrest Elementary School.

WHEREAS, the District entered into a joint development and joint use agreement with the City of Fullerton (City) which has resulted in a successful partnership in the usage of Woodcrest Park;

WHEREAS, in the Spring of 2018 the City began an improvement project to completely rehabilitate Woodcrest Park including replacing the irrigation and installing new sod for the Woodcrest Elementary School sports field located at Woodcrest Park which will be a benefit to both the District and the City;

WHEREAS, on August 1, 2018, the City notified the District that due to circumstances beyond their control, the continuation of their efforts at Woodcrest Park would be delayed;

WHEREAS, on August 8, 2018, District was notified by the City that their work at Woodcrest Park was being postponed until April 2019;

WHEREAS, on August 8, 2018, District staff inspected Woodcrest Park and found that the condition of the Woodcrest Elementary School field was such that it could not be utilized by the District for the start of school on August 13, 2018;

WHEREAS, the entirety of the physical education curriculum at Woodcrest Elementary School, which includes softball, soccer, track and field, and baseball, will be severely impacted by the lack of a suitable field;

WHEREAS, the District's after-school programs that depend upon the field for their numerous activities will be severely impacted;

WHEREAS, the lack of the field will result in the students of the District not being able to use the grass areas for free play during morning breaks and lunch breaks, which will result in the students being restricted to the blacktop area of Woodcrest Elementary School;

WHEREAS, the number of students impacted ranges from 90-120 students per class, four (4) days per week;

WHEREAS, the Woodcrest Elementary School field is used as an emergency evacuation staging area for the school staff and students and the lack of such access to the field will force students and staff to relocate to Richman School one (1) mile away;

WHEREAS, at the present time the field is not safe for students and staff to engage in any normal school activities;

WHEREAS, Public Contract Code section 20113 provides that in an emergency when any repairs, alterations, work or improvement is necessary to any facility of public schools to permit the continuance of existing school classes, or to avoid danger to life or property, the Board may, by unanimous vote and with approval of the County Superintendent of Schools, make a contract in writing or otherwise on behalf of the District for the performance of labor and furnishing of materials or supplies without advertising for or inviting bids;

WHEREAS, the repair of the Woodcrest Elementary School field must be undertaken by the District immediately; and,

WHEREAS, the services required by the District are necessary to permit conditions conducive to a safe and ideal learning environment at Woodcrest Elementary School to ensure the continuance of the instructional programs at Woodcrest Elementary School and to avoid danger to life or property;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Trustees makes the following findings:

1. That the above recitals are true and correct.
2. That an emergency arose requiring immediate action due to the discovery of the conditions at Woodcrest Elementary School;
3. That timely and immediate need for services to repair the field at Woodcrest Elementary School is necessary for the continuance of physical education classes at Woodcrest Elementary School, as well as providing a safe and adequate field for District students and staff, and to avoid unnecessary health and safety risks.
4. That the District's Board of Trustees, pursuant to Public Contract Code section 20113, unanimously finds that repair of the Woodcrest Elementary School field constitutes an "emergency" as defined by Public Contract Code section 1102 and 20113.

CONSENT ITEM

DATE: December 11, 2018
TO: Robert Pletka, Ed.D., District Superintendent
FROM: Robert R. Coghlan, Ph.D., Assistant Superintendent, Business Services
SUBJECT: ACCEPT GIFTS AND AUTHORIZE DISTRICT STAFF TO EXPRESS THE BOARD OF TRUSTEES' APPRECIATION TO ALL DONORS

Background: According to Board Policy 3290(a), the Board of Trustees may accept any bequest, gift of money, or property on behalf of the District. Gifts must be deemed suitable for a purpose by the Board of Trustees and be used in an appropriate manner. However, it is the policy of the Board of Trustees to discourage all gifts which may directly or indirectly impair the Board of Trustees' commitment to providing equal educational opportunities to the students of the District. As indicated in the above-mentioned Board Policy, the District Superintendent approves gifts designated for a specific school for acceptance at that school. Descriptions of gifts presented for acceptance are included on the attachment. Gifts for specific dollar amounts are noted, non-monetary gifts are identified, and the donor is responsible for reporting the value to the Internal Revenue Service.

Rationale: The Board of Trustees of the Fullerton School District gratefully accepts monetary and non-monetary gifts from public and private entities. These gifts help reduce the costs of school materials, curriculum, and extracurricular student activities.

Funding: The funding received from gifts will be deposited in appropriate District funds.

Recommendation: Accept gifts and authorize District staff to express the Board of Trustees' appreciation to all donors.

SUBJECT: APPROVE NOTICE OF COMPLETION FOR EMERGENCY REPAIRS AT WOODCREST ELEMENTARY SCHOOL UNDER EMERGENCY RESOLUTION #18/19-07

Background: On August 14, 2018, the Board of Trustees along with the County Superintendent of Schools unanimously approved Emergency Resolution #18/19-07, a contract for services to repair the outside field and playground area related to Woodcrest Elementary School.

The District has a joint use agreement with the City of Fullerton. Last spring the City began a project to completely restore the park and the Woodcrest School field at their cost. The City of Fullerton stopped construction thus leaving Woodcrest without an outside field and playground area. The outside field area is an extension of our classrooms. The District proceeded to move forward with the approval process for an emergency repair.

1. Per Ed. Code, students are required to participate in 200 minutes of P.E. every 10 days. The P.E. curriculum consists of activities which require a grass space.
2. The field is our evacuation staging area. Without a staging area we will be forced to relocate to Richman Elementary School, which is one mile away.
3. The current field of dead grass, uneven surfaces, and holes is not safe. Students and staff run the risk of being injured.

Rationale: As this project is now determined to be complete, District staff recommends the Board authorize the filing of a Notice of Completion with the Orange County Clerk-Recorder's Office.

Funding: The amount not to exceed \$151,340 will be reimbursed by the City of Fullerton.

Recommendation: Approve Notice of Completion for emergency repairs at Woodcrest Elementary School under Emergency Resolution #18/19-07.

SUBJECT: APPROVE THE QUALIFIED ARCHITECTURAL LIST (QAL) OF FIRMS FOR DISTRICTWIDE FACILITIES, MAINTENANCE AND OPERATIONS PROJECTS TO PROVIDE PROFESSIONAL ARCHITECTURAL SERVICES FOR THE NEXT FOUR YEARS WITH AN EXTENSION OF TWO ADDITIONAL YEARS AT THE DISTRICT'S DISCRETION

Background: The District is frequently in need to enter into various construction projects for both repairs and/or new construction. The services of a professional architectural firm will be necessary in order to comply with ADA laws and requirements of the Division of the State Architect.

Rationale: District staff recommends the approval of the pre-qualified list of architects for professional architectural services. The list of firms is a result of a Request for Qualification (RFQ). The RFQ was circulated by the Fullerton School District in order to receive interest from qualified architectural firms. According to the requirements of the RFQ, the District is not obligated to guarantee work to the qualified firms. A completed master services architectural agreement will be submitted by each qualified firm for Board approval prior to entering into a work contract with the Fullerton School District.

Funding: Costs will be set at professional hourly rates as established in Exhibit A. Exhibit A provides the professional hourly rates of each individual architectural firm seeking Board approval. Projects will be paid from various funds.

Recommendation: Approve the Qualified Architectural List (QAL) of firms for Districtwide Facilities, Maintenance and Operations projects to provide professional architectural services for the next four years with an extension of two additional years at the District's discretion.

"**Confidential Information**" means any non-public information, technical data, trade secrets or know-how (including, but not limited to, information relating to data, research, products, copyrighted materials belongs to Consultants suppliers, formula, process, techniques, services, development, inventions, processes, engineering, techniques, pricing, internal procedures, finances, employees and business opportunities) whether having existed, now existing, or to be developed or created in the future, whether tangible or intangible, and whether or how stored, compiled or memorialized physically, electronically, graphically, photographically or in writing.

7.02 The Client shall hold in strictest confidence any Confidential Information of the Contractor disclosed or made available pursuant to this Agreement. The Client shall not use any Confidential Information received from the Contractor except as expressly permitted under this Agreement, and the Client shall not disclose any such Confidential Information to any third party (except the Client's employees and only on a "need to know" basis and subject to their being bound to protect the confidentiality of the Confidential Information) without the Contractor's prior written consent, unless required to do so by court order or other operation of law, and then only subject to prompt notice to the Contractor.

7.03 The Client acknowledges that Confidential Information may contain trade secrets that derive independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from their disclosure or use. The Parties acknowledge that unauthorized use of Confidential Information will diminish the value of such information and will cause substantial and irreparable damage to the Contractor and its licensors, and that the remedies generally available at law may be inadequate. Accordingly, a breach of this Section 7 shall entitle the Contractor to equitable relief to protect its interest herein, including injunctive relief.

7.04 The Client agrees to maintain the Contractor's trade secrets as secrets and safeguard them with the utmost degree of care so long as such trade secrets remain secret, without regard to the expiration or termination of this Agreement or any expiration of any term for the protection of other Confidential Information.

7.05 The Client hereby acknowledges that the Contractor is the exclusive owner of all rights, title, and interest in and to, or authorized licensee of, all Intellectual Property Rights in its training materials. "**Intellectual Property Rights**" means any and all now known or hereafter devised rights under any intellectual property law or regulation in any jurisdiction throughout the world, whether tangible or intangible, including without limitation copyrights, trademark and trade name rights and similar rights, trade secret rights, patents, designs, algorithms and other industrial property rights, whether arising by operation of law, contract, license, or otherwise, and all registrations, initial applications, renewals, extensions, continuations, issuances, divisions or reissues thereof now or hereafter in force (including any rights in any of the foregoing), Confidential Information and trade secrets, and the waiver of any "moral rights" associated with such rights. Except as set forth herein, the Client will not acquire any rights in or to any of the Intellectual Property Rights of the Contractor, nor will it take any action that may adversely affect

or impair the Contractor's, or its licensor's, rights, title, and interest in or to their Intellectual Property Rights.

7.06 The Client agrees that the Contractor has, shall have, and shall retain, title, exclusive ownership rights and all Intellectual Property Rights and other rights and interests in the Confidential Information, in the content thereof and in the ideas and concepts embodied therein, and in any and all copies, modifications, alterations and enhancements to the Confidential Information, including any derivative works resulting therefrom. Nothing herein shall be construed to effect any transfer of ownership.

ARTICLE 8. GENERAL PROVISIONS

8.01 This Agreement, and any amendments thereto, constitutes the complete and entire agreement between Contractor and Client and supersedes and merges all previous communications, oral or written, and all other communications between Contractor and Client relating to the subject matter hereof.

8.02 If any provision of this Agreement is held invalid or unenforceable by a court having jurisdiction over the Parties, the Parties agree that the invalid or unenforceable provision shall be replaced with a valid provision which most closely approximates the intent and economic effect of the original provision.

8.03 Any failure by Contractor to enforce or exercise any provision of the Agreement or related right shall not constitute a waiver of that right or provision.

8.04 The Parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against any of the Parties based upon this Agreement.

8.05 All notices and other communications under this Agreement shall be in writing and shall be deemed given when delivered by certified mail, return receipt requested, postage prepaid or when received if sent by overnight courier. All notices shall be directed to the Parties at the respective addresses set forth above or to such other address as either Party may, from time to time, designate by notice to the other Party.

8.06 Neither Party shall be liable for any non-performance due to any Force Majeure or similar causes, and such failure shall not constitute a breach of this Agreement. ***“Force Majeure”*** as used herein shall include, without limitation, fires, floods, earthquakes, other acts of God, explosion, strikes and other labor disputes, riots and civil disturbances, war, interruptions of power, and any other similar or dissimilar event or occurrence not within the reasonable control of the Party. The foregoing shall not apply to the Client's payment obligations hereunder.

8.07 Those sections that by their very nature survive the expiration or termination of the Agreement, shall survive the termination or expiration of this Agreement.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date.
