

Title I, Part A School Site Plan Summary—Schoolwide Plan

Title I, Part A provides supplemental funds to schools with the highest percentages of children from low-income families to help ensure that all children meet challenging academic standards. **Schoolwide Programs (SWP)** use Title I, Part A funds as part of a comprehensive school improvement effort to elevate the entire educational program of a Title I, Part A funded School. The Elementary and Secondary Education Act (ESEA) describes the requirements in section 1114.

This document serves as the school's summary of the Schoolwide Plan and confirmation that all required Schoolwide elements are in place. This document is added to the school district's or charter school's ESEA Consolidated Application in the Minnesota Education Grants System (MEGS). **This is not the school's actual Schoolwide Plan, which should be made available upon request.**

The Schoolwide Plan includes a summary of the recently completed Comprehensive Needs Assessment for a new Schoolwide Program or Annual Evaluation for an existing Schoolwide Program. The summary

- a. identifies the different types of data, evidence, and analysis used to evaluate the entire school program and determine root cause(s) of students not meeting academic standards; and
- b. identifies the prioritized school need(s) and the hypothesized root cause(s) to be addressed.

The Schoolwide Plan includes specific, evidence-based school improvement strategies. It both

- a. identifies up to three evidence-based strategies for school improvement; and
- b. describes how the strategies:
 1. strengthen the school's academic program, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum; and
 2. address the needs of all students in the school and particularly the needs of students at risk of not meeting academic standards.

The Schoolwide Plan includes a specific implementation plan. It identifies

- a. the sequence of action steps and, for each action,
 1. the staff responsible,
 2. the resources needed, and
 3. the anticipated timeframe to implement each strategy.

The Schoolwide Plan includes an annual evaluation plan. It both

- a. identifies the measure(s) and process that will be used to determine whether the strategy is implemented as intended; and
- b. specifies the measure(s) and process that will be used to determine whether the strategy was effective in improving outcomes particularly for students who had not yet met academic standards.

The Schoolwide Plan includes a communication plan. It identifies

- a. how the plan will be communicated and made available to school staff who will carry out the plan,
- b. how the plan will be communicated with families being served and other stakeholders in a format and language that is easier understood by the intended audience. This may include translation or interpretation plans, as appropriate.

Schoolwide Plan Template

A Schoolwide program is a comprehensive school improvement effort designed to elevate the entire educational program of a Title I school. The Schoolwide program option is based on the premise that comprehensive reform strategies — rather than separate, add-on services — are most effective in raising the achievement level of students most at risk of not meeting academic standards. Multiple resources including Title I funds are used to strengthen the academic program in the school for all students and accelerate the progress of students who would otherwise be eligible for Title I Targeted Assistance services.

This document identifies the requirements to operate as a Title I schoolwide program.

3. _____

What **Area(s) of Greatest Need** were identified?

1. _____
2. _____
3. _____

School Improvement Strategy #1

Area of Greatest Need – What problem identified by the Comprehensive Needs Assessment or Annual Evaluation is the school trying to solve? If focusing on an academic area, be specific, yet concise, about the specific aspect, skill or knowledge that most needs to be addressed.

Root Cause(s) of the need – *A root cause is an early controllable factor in a chain of factors which impact student learning.*

Strategy selected to address the root cause(s) – *A school improvement strategy is a plan of action designed to change school practice and improve student outcomes. The strategy should be based on evidence of improving outcomes when implemented with fidelity. [Note: The school could use more than one strategy to address an area of need. A school should not implement more than three strategies at one time.]*

If using an **evidence-based strategy**, identify the specific source indicating the strategy's likely effect on improved outcomes:

- The strategy is based on [Choose one of the options to indicate the level of evidence]:
 - ___ strong evidence from an experimental study
 - ___ moderate evidence from a quasi-experimental study
 - ___ promising evidence from a correlational study
 - ___ a rationale using high-quality research findings or a positive evaluation

School Match – Briefly explain how the strategy is an appropriate match for the school's needs, student population, capacity and other conditions.

SMART Goal – State a goal which is **specific** about the area for improvement, **measurable** as an indicator of progress, **assignable** to staff primarily responsible for implementing the strategy, **realistic** about the outcomes that can be achieved, and **time-bound** for when outcomes can be achieved.

Implementation Plan for Strategy #1

Action Step	Position(s) Responsible	Resources Needed	Start Date	End Date	Expected Outcome of the action and measure of whether it was achieved

Annual Evaluation for Strategy #1

Identify the process and measure(s) that will be used to determine:

- the fidelity of implementing the strategy as intended

- progress toward achieving the SMART goal of improved outcomes
