Colton High School Tennis Court Resurfacing

ADDENDUM NO. 1

July 9, 2025

Addendum No. 1 is issued in response to questions received from providers.

Question No. 1: Is the caulking located 720' N/S, 360 E/W incorporated into this scope of work?

Response: Yes

Question No. 2: There is sporadic surface peeling throughout, some caused by concrete failure and some by standing water. I would recommend complete surface removal. Would this be part of the scope of work?

Response: Yes

Question No. 3: Who is responsible for the removal of the weeds in the expansion joints and cracks?

Response: *The M&O department will remove the weeds in the expansion joints.*
