Her efforts to make Plumas Cunty a better place and her professional efforts to make Plumas County's election system beyond reproach has been nothing short of amazing and should be acknowledged and rewarded.*

Marcy is active in the County Management Counsel, meeting with other elected officials and department heads to improve our county's operations and efficiency for all county residents. Marcy is enthusiastic, motivating, and inspiring to her staff. She has a great staff, and they reflect her attitude, work ethic, honesty, and integrity. Marcy embodies the spirit, dedication, commitment, and excellence that I believe would be worthy of a nominee for your Hall of Fame.*
