

Welcome from Ms Matson, Head of Year 7

Welcome to Slough and Eton! I'm Matson, your Head of Year 7. Along with the entire Year 7 team, I am excited to meet you in July and welcome you officially in September.

While joining a secondary school can be daunting, we are here to support you in every way possible. Your Form Tutor will be your main contact, and alongside Ms Brabants, we will help ensure a smooth transition from primary to secondary school so that you feel at home here as soon as possible.

Throughout the year, you will have the opportunity to explore a variety of subjects, join extracurricular activities, and participate in events designed to enrich your school experience. We encourage you to embrace these opportunities with an open mind and enthusiasm. Remember, secondary school is not just about academics; it's also about discovering your passions, developing new skills, and growing as an individual.

Ms Matson, Head of Year 7
