Dear Parent/Guardian:

For more than 25 years the Armed Forces of our nation have been manned entirely by volunteers. The All-Volunteer Force has come to represent American resolve to defend freedom and protect liberty around the world. Sustaining that heritage requires the active support of public institutions to present military opportunities to our young people for their consideration.

Recognizing the challenges faced by military recruiters, Congress recently passed legislation that requires high schools to provide to military recruiters upon request, access to secondary school students and the directory information on those students under the *No Child Left Behind Act of 2001*. However, this Act also gives parents the right to have their child's name removed from such a directory. If you wish to have your child's information removed, you are asked to fill out the form below and return it to the School Counseling Office by the end of September each year. **As of October 1, if this document has not been received, this year's student information will be released to the requesting armed force branch**. Thank you.

I request that my child's directory information records be withheld from armed forces recruiters for this current school year.
