2021-22

100% (257 Students)

2020-21

96% (253 Students)

Assignment of Studies

The Board has determined attendance areas and students shall be expected to attend school within that area. A parent may request a transfer or appeal a placement decision on behalf of their student.

The principal shall be responsible for assigning students to classes. In elementary schools, the principal, in determining the grade level for any new student, may take into consideration the previous schooling of the student but may assign the student to a lower grade level or higher grade level, if in the principal's judgment such an assignment would be in the best interest of the student. In middle school and high school students will be assigned to counselors, classes and instructors by the building principal.

The district also has policies and guidelines which guide promotion and retention.

Richard 2021-22 Annual Report

Introduction

Welcome to the 2022-23 school year at Père Gabriel Richard Elementary School! Over the last year, our community has learned the importance of collaboration, patience, and empathy while working together to create a vibrant, inclusive environment. I continue to be astonished by the way our staff, students, and community work together to better ourselves and create experiences for our students. These traits will continue to assist our growth in the new year.

As we move forward together, remember that a flourishing learning environment and successful students can only develop through a close relationship between their home and school life. We encourage you to become as involved as you can be in your students' learning and also in the excitement that is created around individual and group growth.

Our Richard Community has built bonds that will allow us to utilize surrounding resources to support student experiences. We are lucky to be part of an incredible community, but also remember that we do not have to be bad to improve. Our staff, students, and parents are ready to take the next step in our learning and push our community to achieve beyond even our high expectations. Through our successes, struggles, and opportunities, our Richard Community continues to grow and demonstrate the power of a group working toward a common goal. We are excited to team with you as our journey continues.

Thank you for all your support, and welcome to a new year at Richard!

FERPA Notice

The Grosse Pointe Public School System may, upon request, release the following directory information: student name, grade level, graduation date, height and weight if an athlete, participation in school activities, honors and awards, photographs and videos of students in school activities, and student name, addresses and telephone numbers when requested by military recruiters. GPPS also publishes student information via school sponsored or school-related media, including activities of the Grosse Pointe Foundation for Public Education. Parents or students, 18 years or older, who do not wish this information made public should click the FERPA directory information button during K-12 online registration.

Core Curriculum

Grosse Pointe Public School System (GPPSS) engages in a system of continuous improvement utilizing collaboration and continuity while focusing on our Vision: *One Inclusive Community Learning Together*, and our Mission: *Cultivate Educational Excellence By: Empowering Students, Valuing Diversity, Inspiring Curiosity, and Pushing Possibilities*. GPPSS builds a robust and equitable educational community where all learners are empowered to reach their unique potential. We strive to provide students opportunities to acquire the attitudes, values, knowledge and skills that prepare them to be contributing members of society.

Thoughtful, carefully aligned practices ensure the district's curriculum, instructional approaches and system of assessments are designed to maximize student learning and provide all students a rigorous and relevant curriculum aligned from preschool through graduation. An innovative, evolving and articulated curriculum that is responsive to the rapidly changing world, broad-based to meet the needs of all students at all levels, and designed to challenge every student to realize their true potential, is essential. Differentiated and culturally responsive instructional approaches based on best practices and research; high expectations for student and staff performance; and flexibility, innovation and individual teaching styles are the basis for quality learning experiences in every class, every day. Modifications to the curriculum or instructional approaches are driven by data obtained from assessments implemented by the district.

The GPPSS core curriculum is developed under the guidance of the Educational Programs Leadership Council (EPLC), a group of teachers, parents, students, and administrators who meet monthly. The core curriculum is based upon state standards in all subjects and extends beyond those by incorporating exemplary local and national standards. Reports of the curriculum committees are submitted first to the EPLC, then the Board of Education, and include recommendations regarding assessment, professional development, integration of technology, and differentiated and culturally responsive instruction to cultivate academic diversity within curriculum development. The district also offers a wide array of advanced placement and challenging enrichment courses and a comprehensive special education program.

The curriculum review process uses the District's Strategic Plan as a lens to review, construct, and implement curriculum and instructional practices. Based on our district curriculum studies timeline (5-7 years), curriculum reviews occur in the following phases:

- Phase 1 - curriculum review/study (entering this phase are Social Studies, Counseling, Library/Media, and TV Production)
- Phase 2 - construction of goals/objectives and programs
- Phase 3 - implementation
- Phase 4 - maintenance

District-wide professional development is part of a comprehensive plan that uses teacher choice as well as mandatory training in areas identified by our district professional development team.

School Improvement Plan

Math: Students will demonstrate increased proficiency in solving multiple step math problems. Students will utilize a variety of strategies for problem solving while building math fact fluency. Math proficiency will be measured by annual State of Michigan assessments.

Reading: Students will increase proficiency in their reading comprehension of complex texts, both narrative and informational. Students will cite examples from the text when summarizing passages, identifying themes, and comparing texts. Reading proficiency will be measured by annual State of Michigan assessments.

Writing: Students will demonstrate increased proficiency in their writing skills. Students will demonstrate quality writing traits with an emphasis on organization, use of supporting details, expressive language, and spelling and grammar conventions. Proficiency will be measured by annual State of Michigan assessments.

Character Development: Through our Positive Behavior Intervention and Support Program (PBIS), students will develop positive character traits including those such as integrity, flexibility, perseverance, responsibility, and problem-solving, among others.

The Richard School Improvement Plan includes strategies and objectives that are aligned with the district curriculum and the State of Michigan requirements. The staff gathers and reviews data in order to determine future instructional goals. Staff development is an integral component of the ongoing school improvement process.
