Empowering Students · Valuing Diversity · Inspiring Curiosity · Pushing Possibilities

Maire 2022-23 Annual Report

Introduction

Located in historic Grosse Pointe Village, Maire Elementary School is more than just a school. Maire is truly a community hub that draws students, families, and our community together. Opened in 1936, Maire has unique architectural charm, with features like Pewabic-tiled fireplaces and a newly built outdoor learning pavilion. Our learning environment has been recently modernized and incorporates 21st century instructional technology like interactive whiteboards and sound systems. Maire is truly a welcoming and vibrant space that is dedicated to preparing the future leaders in our community.

Last year, 236 students called Maire their “home away from home.” Eleven home-room teachers developed the fundamental academic skills necessary to build life-long learners, while also supporting the students’ social and emotional growth. Students received instruction in Math, Language Arts, Science, Social Studies and Leader In Me. Students also had the opportunity to attend Library, Art, Vocal and Instrumental Music, Physical Education and Spanish. Teachers used technology, flexible groupings, leveled resources, cooperative learning, and project-based instruction to engage students, maintain educational rigor, and keep student interest high. Staff regularly planned together in professional learning communities, using Common Core standards and student achievement data as their guides to meet the needs of each student. To assist with instruction and support, Maire students accessed a variety of professionals, including a Speech Pathologist, Occupational Therapist, Social Worker, School Psychologist, Reading/Language Arts Specialist, English Language Learner teacher, and a Resource Room teacher.

Differentiated instruction is our framework implemented to ensure student academic success. Maintaining a culture of high academic achievement, along with attention to students’ emotional/social development, is our continuous goal. Teachers use a variety of technology, flexible grouping, leveled resources, cooperative learning and project-based instruction to engage students, maintain educational rigor, and keep interest high. Staff regularly plan together in professional learning communities, using Common Core standards and student achievement data as their guides. This year we offered “After Pointes” to Young5-4th grade students which is a homework club that meets after school for students who may need additional academic support.

In addition to academic opportunities, Maire students have enrichment activities and programs during the school day and after school hours. Some of these include Choir, Student Council, Townhall Crew, Reading Buddies, Service & Safety, and Green Team. Additional opportunities such as Lunchtime Enrichment, are offered during winter months as an alternative to outdoor recess. This year we were able to offer yoga, fashion design, and art. These are made possible because of our hardworking teaching staff, supportive parents and dedicated PTO. Involved, supportive parents are a mainstay at Maire. Not only do they provide expertise and assistance in the lunchroom/playground, on field trips, classroom projects, school wide initiatives, but they truly believe in strong partnerships. Our amazing PTO is one of a kind! No matter the task, they rally to support our students and staff with assemblies and resources, like our new privacy fence on the playground and outdoor learning pavilion.

As a Leader in Me School, Maire focuses on creating well-rounded students who learn the 7 Habits of Highly Effective People in order to be the best versions of themselves. Our Positive Behavior Instructional Support program creates common language to describe behavioral expectations, and lots of “Maire-Bear” fun gives a calm, yet spirited atmosphere. Empowering our students is important, with

Mission Statement

The mission of Maire School is to provide a quality educational program which prepares students to be productive citizens and life-long learners.

Average Student Attendance Rate: 94%

Percentage of Parents Participating in Parent-Teacher Conferences:

2022-23

98% (231 Students)

2021-22

98% (223 Students)

Assignment of Studies

The Board has determined attendance areas and students shall be expected to attend school within that area. A parent may request a transfer or appeal a placement decision on behalf of their student.

The principal shall be responsible for assigning students to classes. In elementary schools, the principal, in determining the grade level for any new student, may take into consideration the previous schooling of the student but may assign the student to a lower grade level or higher grade level, if in the principal’s judgment such an assignment would be in the best interest of the student. In middle school and high school students will be assigned to counselors, classes and instructors by the building principal.

The district also has in place policies and guidelines which guide promotion and retention.

Principal Nicole Filiccia ·

Nondiscrimination Statement

The District shall not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, genetic information, or any other legally protected category in its programs and activities, including employment opportunities.

The Superintendent shall designate not less than two compliance officers who are responsible for coordinating the District's compliance with applicable federal and state laws and regulations, and for investigating reports of discrimination. The Superintendent shall ensure that all required notices under the civil rights or other laws are provided to staff members. The Superintendent shall develop and implement administrative guidelines to enforce this policy.

For further information on nondiscrimination, visit: www.gpschools.org under School Board - Policy or <http://wdcroboelp01.ed.gov/CFAPPS/OCR/contactus.cfm> for the address and phone number of the office that serves your area, or call 1-800-421-3481.

FERPA Notice

The Grosse Pointe Public School System may, upon request, release the following directory information: student name, grade level, graduation date, height and weight if an athlete, participation in school activities, honors and awards, photographs and videos of students in school activities, and student name, addresses and telephone numbers when requested by military recruiters. GPPS also publishes student information via school sponsored or school-related media, including activities of the Grosse Pointe Foundation for Public Education.

Parents or students, 18 years or older, who do not wish this information made public should click the FERPA directory information button during K-12 online registration.

Introduction continued from page 1

our oldest students giving back through opportunities like Safety Patrol, Service Squad, or leading our school-wide Town Hall celebrations. All students experience enrichment activities where they can find their passions and sharpen their saw. Another unique feature at Maire is the development of our Makerspace, equipped with 3D printers, coding robots, and even a Lego wall. Students enhance their critical thinking skills through STEAM based activities. A variety of PTO sponsored in-school and after-school enrichment activities like Chess Club, Art, and Golf allow students to sign up for whatever peaks their interest.

Maire works every day to ensure students feel welcomed, respected, and valued as part of the school community. Our parents are active members of the district wide Diversity Committee that continues to lead the district in promoting cultural education and responsiveness. Parents and teachers meet regularly to help ensure this vision becomes reality for our school. Assemblies and classroom projects are part of our curriculum to promote cultural awareness. Maire truly is a special place that brings our community together and provides an excellent educational experience for everyone. Our staff, students and community members believe that "We Learn, We Lead, We Lift!"

Core Curriculum

Grosse Pointe Public School System (GPPSS) engages in a system of continuous improvement utilizing collaboration and continuity while focusing on our Vision: *One Inclusive Community Learning Together*, and our Mission: *Cultivate Educational Excellence By: Empowering Students, Valuing Diversity, Inspiring Curiosity, and Pushing Possibilities*. GPPSS builds a robust and equitable educational community where all learners are empowered to reach their unique potential. We strive to provide students opportunities to acquire the attitudes, values, knowledge and skills that prepare them to be contributing members of society.

Thoughtful, carefully aligned practices ensure the district's curriculum, instructional approaches and system of assessments are designed to maximize student learning and provide all students a rigorous and relevant curriculum aligned from preschool through graduation. An innovative, evolving and articulated curriculum that is responsive to the rapidly changing world, broad-based to meet the needs of all students at all levels, and designed to challenge every student to realize their true potential, is essential. Differentiated and culturally responsive instructional approaches based on best practices and research; high expectations for student and staff performance; and flexibility, innovation and individual teaching styles are the basis for quality learning experiences in every class, every day. Modifications to the curriculum or instructional approaches are driven by data obtained from assessments implemented by the district.

The GPPSS core curriculum is developed under the guidance of the Educational Programs Leadership Council (EPLC), a group of teachers, parents, students, and administrators who meet monthly. The core curriculum is based upon state standards in all subjects and extends beyond those by incorporating exemplary local and national standards. Reports of the curriculum committees are submitted first to the EPLC, then the Board of Education, and include recommendations regarding assessment, professional development, integration of technology, and differentiated and culturally responsive instruction to cultivate academic diversity within curriculum development. The district also offers a wide array of advanced placement and challenging enrichment courses and a comprehensive special education program.

The curriculum review process uses the District's Strategic Plan as a lens to review, construct, and implement curriculum and instructional practices. Based on our district curriculum studies timeline (5-7 years), curriculum reviews occur in the following phases:

- Phase 1 - curriculum review/study (Social Studies, Counseling, Library/Media, TV Production)
- Phase 2 - construction of goals/objectives and programs
- Phase 3 - implementation
- Phase 4 - maintenance

District-wide professional development is part of a comprehensive plan that uses teacher choice as well as mandatory training in areas identified by our district professional development team.

MICHIGAN STUDENT TEST OF EDUCATIONAL PROGRESS (M-STEP)

Third Grade M-STEP									
English Percentage SATISFACTORY					Math Percentage SATISFACTORY				
Year	All	Female	Male	% Tested	Year	All	Female	Male	% Tested
22-23	69% (41%)	61%	77%	98%	22-23	71% (43%)	57%	85%	98%
21-22	78% (42%)	80%	76%	100%	21-22	81% (42%)	67%	90%	100%

Fourth Grade M-STEP									
English Percentage SATISFACTORY					Math Percentage SATISFACTORY				
Year	All	Female	Male	% Tested	Year	All	Female	Male	% Tested
22-23	81% (44%)	80%	81%	100%	22-23	83% (39%)	80%	86%	100%
21-22	72% (43%)	83%	64%	100%	21-22	89% (37%)	94%	86%	100%

NOTE: M-STEP Data is not reported by Racial/Ethnic minority group, Special Education, or Economically Disadvantaged because no group is significantly large enough to report results without revealing the identity of individual students. [Michigan M-STEP re-sults have been shown above in parentheses for comparison to school results.](#) The percentage tested is with either M-STEP or MI-ACCESS (alternative state test) in each area.

School Improvement Plan

Maire School continues to demonstrate outstanding academic success. Our school has been ranked at the 99th percentile of the state's schools. Teachers at Maire focus on academic achievement as they analyze student data to make continuous improvements in teaching and learning throughout the year. The school improvement plan is written and revised by teams of teachers during our collaborative Professional Learning Community times. Teachers plan strategies and objectives that focus on building and maintaining student achievement and excellence.

Reading: Our goal is to increase student reading achievement for all students, as measured by classroom, district and state tests. Leveled texts, flexible groupings, technology supports and reading in a wide variety of genres and content areas are all strategies included in our plan. The use of adaptive computer programs further meets the needs of each learner in their reading development.

Writing: Our K-4 students will increase their writing achievement. Daily Writers' Workshop, with increased time spent on writing across the curriculum, are strategies for improvement. Using correct spelling and grammar, making the right word choice, planning and organizing for writing assignments, and building fluency are all part of the Maire writing program.

Math: Students will increase their Math achievement, as evidenced by achievement on classroom, district, and state testing. Fact fluency, critical problem solving, differentiated instruction and a minimum of 60 minutes of time spent on math instruction each day are all objectives and activities planned for increased student achievement. Using adaptive computer math programs, students focus on skills at their level and continue to get challenged at their own pace.
