Defer 2023-24 Annual Report

Introduction

Defer Elementary School is a truly remarkable school that radiates energy and excitement for learning! From the moment you step through its doors, you can feel the vibrant atmosphere that envelops the entire school. The staff, students, and families

at Defer are not just a community, but a family that supports and uplifts one another. The students at Defer Elementary continue to practice our mission statement, Learn to Lead, Lead to Inspire, developing skills that will help them to be leaders at Defer and in our community. Throughout the year, the students practice using the 7 Habits at school and at home. Common expectations and language help our leaders be prepared for learning each day. Leader in Me empowers students to take on leadership roles and actively participate in the community. The students at Defer are not just learners, they are encouraged to set goals for themselves and work towards continuous improvement for personal and academic goals. This instills a sense of ownership and accountability in each student, fostering a strong sense of responsibility and leadership.

The dedicated teachers at Defer Elementary help to create an inclusive learning environment where students feel valued and important. The teachers are passionate about education and are committed to ensuring students can thrive academically, socially, and emotionally. They go above and beyond to provide engaging and innovative lessons that support the diverse learning needs of their students.

The incredible Parent-Teacher Organization (PTO) at Defer Elementary plays an active role in the school community. The PTO is highly involved in organizing various events throughout the year, such as the Spring Social and Fun Run. These wonderful events bring families together and some events also raise funds to support enrichment programs and resources for the students. The strong partnership between the PTO and the school staff ensures a successful school experience for all students and families.

Defer Elementary School is an exceptional community that thrives on the energy and excitement for learning. The outstanding staff, dedicated teachers, and engaged families create an environment where students can flourish and reach their full potential. Defer Elementary School fosters a strong sense of leadership, community, and continuous improvement for learners. It is truly a place where students become confident and capable leaders who are prepared for success in their future endeavors. Our Dragons have the power, knowledge, compassion, and wisdom to make a difference in the world!

Assignment of Studies

The Board has determined attendance areas and students shall be expected to attend school within that area. A parent may request a transfer or appeal a placement decision on behalf of their student.

The principal shall be responsible for assigning students to classes. In the elementary schools, the principal, in determining the grade level for any new student, may take into consideration the previous schooling of the student but may assign the student to a lower grade level or higher grade level, if in the principal's judgment such an assignment would be in the best interest of the student. In middle school and high school students will be assigned to counselors, classes and instructors by the building principal.

The district also has in place policies and guidelines which guide promotion and retention.

FERPA Notice

The Grosse Pointe Public School System may, upon request, release the following directory information: student name, grade level, graduation date, height and weight if an athlete, participation in school activities, honors and awards, photographs and videos of students in school activities, and student name, addresses and telephone numbers when requested by military recruiters. GPPSS also publishes student information via school sponsored or school-related media, including activities of the Grosse Pointe Foundation for Public Education. Parents or students, 18 years or older, who do not wish this information made public should click the FERPA directory information button during K-12 online registration.

Core Curriculum

Grosse Pointe Public School System (GPPSS) engages in a system of continuous improvement utilizing collaboration and continuity while focusing on our Vision: *One Inclusive Community Learning Together*, and our Mission: *Cultivate Educational Excellence By: Empowering Students, Valuing Diversity, Inspiring Curiosity, and Pushing Possibilities*. GPPSS builds a robust and equitable educational community where all learners are empowered to reach their unique potential. We strive to provide students opportunities to acquire the attitudes, values, knowledge and skills that prepare them to be contributing members of society.

Thoughtful, carefully aligned practices ensure the district's curriculum, instructional approaches and system of assessments are designed to maximize student learning and provide all students a rigorous and relevant curriculum aligned from preschool through graduation. An innovative, evolving and articulated curriculum that is responsive to the rapidly changing world, broad-based to meet the needs of all students at all levels, and designed to challenge every student to realize their true potential, is essential. Differentiated and culturally responsive instructional approaches based on best practices and research; high expectations for student and staff performance; and flexibility, innovation and individual teaching styles are the basis for quality learning experiences in every class, every day. Modifications to the curriculum or instructional approaches are driven by data obtained from assessments implemented by the district.

The GPPSS core curriculum is developed under the guidance of the Educational Programs Leadership Council (EPLC), a group of teachers, parents, students, and administrators who meet monthly. The core curriculum is based upon state standards in all subjects and extends beyond those by incorporating exemplary local and national standards. Reports of the curriculum committees are submitted first to the EPLC, then the Board of Education, and include recommendations regarding assessment, professional development, integration of technology, and differentiated and culturally responsive instruction to cultivate academic diversity within curriculum development. The district also offers a wide array of advanced placement and challenging enrichment courses and a comprehensive special education program.

The curriculum review process uses the District's Strategic Plan as a lens to review, construct, and implement curriculum and instructional practices. Based on our district curriculum studies timeline (5 -7 years), curriculum reviews occur in the following phases:

- Phase 1 - curriculum review/study (entering this phase are Social Studies, Counseling, Library/Media, and TV Production)
- Phase 2 - construction of goals/objectives and programs
- Phase 3 - implementation
- Phase 4 - maintenance

District-wide professional development is part of a comprehensive plan that uses teacher choice as well as mandatory training in areas identified by our district professional development team.

School Improvement Plan

Defer students continue to demonstrate outstanding academic success as evidenced through national (NWEA testing in Math and ELA), state (M-STEP testing), and local (Grosse Pointe Writing, Fountas and Pinnell Reading Levels, EveryDay Math, Math Fact Mastery) measures as well as student performance on a daily basis in class. As a part of our School Improvement Plan, the Defer staff has worked collaboratively throughout the school year to review and analyze student achievement data to identify areas of strength as well as areas of focus for improvement. Through this work we have targeted the following goals:

- **Reading:** Our goal is to increase student reading achievement across all grade levels, and to increase the percentage of students obtaining Proficient level or higher on the M-STEP in grades 3 – 4. Our plan includes using the Units of Study with fidelity, providing reading support for identified students, and extensive experiences in both informational and narrative text.
- **Math:** Our goal is to increase student math achievement across all grades measured by the M-STEP and NWEA. Our plan includes differentiated math instruction, fact fluency practice, and utilizing digital content.
- **Writing:** Our goal is to increase writing achievement. Our plan includes differentiated instruction, daily opportunities to write through the Units of Study as well as writing opportunities in cross-curricular areas.
- **Leadership:** Our students will become leaders in their learning and throughout the building. Students will keep a leadership notebook to track their progress, analyze their data, and set goals.
