Jen Lewis	2.a. Presentation: 2025-26 Charter School Updates	Approve/A favor	Written Comment/Comentario escrito	Hello, I'm Jen Lewis, the newly elected president of the High Tech High Education Collective, the union representing High Tech High's certificated and classified staff. Now four years old, our union has been working to navigate the shift from at-will employment to a collaborative, unionized environment. Over the past year, we've made meaningful progress with management, recently ratifying our second certificated contract after a focused and cooperative bargaining process. In today's challenging political and economic climate, we remain committed to using our collective power to make High Tech High the best place to teach and work. We look forward to deepening our relationship with SDCOE as authorizer of 9 of our schools, and drawing upon the support of this organization in providing an exceptional learning environment for kids, in a shared recognition that they are the future of our communities. Thank you.
