SUBJECT: Public Comments

RATIONAL SUMMARY:

The next item on the agenda is public comment. Before we begin, I will remind our audience members of the Board's procedures for handling public comments. The public comment portion of our meeting is available to members of the public who wish to address a meeting item on tonight's agenda or other matter pertaining to Gonzales ISD.

Anyone who wants to speak during public comment must sign in before the start of the meeting and list the agenda item they want to discuss. Each public comment speaker will be allowed a maximum of 5 minutes to address the Board. If necessary for effective meeting management, or to accommodate large numbers of individuals wishing to address the Board, we may shorten the time for each individual wishing to present comments. The public comment portion of the meeting will allow all speakers who have signed up before the start of the meeting to address the Board regarding an item on tonight's agenda. Persons requiring a translator will be given additional time.

Please keep your comments or criticisms civil and courteous. Please also avoid using profanity during your opportunity to speak. Last, we ask that you not discuss students who are not your child.

If a speaker is seeking Board resolution of a specific complaint, that concern should be addressed through the District's grievance process. District policy DGBA has been established for addressing employee complaints, policy FNG is the avenue for filing parent complaints, and policy GF address community member complaints. Grievance forms can be obtained at any campus administration office, or in the central administration offices.

ACTION ITEM

SUBJECT: Discuss and Consider Action on a Proposed Agreement with VLK Architects, Inc., a Texas Corporation, to Provide Architectural/Engineering Services for the 2023 Bond Projects

ADMINISTRATOR RESPONSIBLE: Dr. Elmer Avellaneda, Superintendent of Schools

RATIONAL SUMMARY: The Board approved the ranking of design teams on December 4th, 2023 for the 2023 Bond Program. Staff has been negotiating an agreement with top-ranked VLK Architects. ISD attorney has reviewed and commented on the agreement language. The agreement highlights:

- VLK fee of 6.0% to include structural engineering, MEP engineering, Landscape, Technology and Roofing Consultants
- Civil Engineering will be hired by VLK supplemental to the 6.0% as scope is determined

Staff feels this fee and scope are a very good value to the District. This fee is \$300K lower than the originally submitted fee and approximately \$500K lower than some Districts have paid for similar services. Further, including the Technology, Civil, and Roofing consultants should result in more effective overall coordination and communication. Staff also considered hiring some consultants direct to the ISD and determined this proposal from VLK was a better value and lower cost.

This item will be funded from 2023 Bond Program.

SUPERINTENDENT'S RECOMMENDATION: We recommend approval of the agreement with VLK Architects as presented for the 2023 Bond Program. and authorize the Superintendent to negotiate the final terms of the agreement.

SAMPLE MOTION: *I move that the Board of Trustees approve the agreement with VLK Architects as presented for the 2023 Bond Program. and authorize the Superintendent to negotiate the final terms of the agreement.*

- .6 Notify the Owner in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage for any person providing services on the Project; and
- .7 Contractually require each person with whom it contracts to perform as required by items 1-7, with the certificates of coverage to be provided to the person for whom they are providing services.

.12 By signing this contract, or providing or causing to be provided a certificate of coverage, the Architect is representing to the Owner that all employees of the Architect who will provide services on the Project will be covered by workers' compensation coverage for the duration of the Project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the Commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the Architect to administrative penalties, criminal penalties, civil penalties, or other civil actions.

.13 The Architect's failure to comply with any of these provisions is a breach of contract by the Architect that entitles the Owner to declare the contract void if the Architect does not remedy the breach within ten (10) days after receipt of notice of breach from the Owner.

.14 The coverage requirement recited above does not apply to sole proprietors, partners, and corporate officers who are excluded from coverage in an insurance policy or certificate of authority to self-insure that is delivered, issued for delivery, or renewed on or after January 1, 1996.

§ 3.1.6 The Architect shall assist the Owner in connection with the Owner's responsibility for filing documents required for the approval of governmental authorities having jurisdiction over the Project. When the services under this Agreement include contract administration services, the General Conditions of the Contract for Construction shall be the edition of the AIA Document A201-2017, as amended for this Project, as of the date of this Agreement, and Architect herein agrees to abide by same. Architect agrees that the AIA Document A201-2017 may be subject to subsequent amendments based upon negotiations between Owner, Architect, and Contractor. As a condition of further service, Architect shall provide to Owner, a signed statement stating Architect's agreement to adhere to any such negotiated amendments.

§ 3.2 Schematic Design Phase Services

§ 3.2.1 The Architect shall assist the Owner with the provision of the educational program and educational specifications, which shall be approved by Owner's Board of Trustees, per 19 Texas Administrative Code Section 61.1040. The Architect shall review the program and specifications furnished by Owner to ascertain the specific requirements of the Project, and shall arrive at a mutual written understanding of such requirements with Owner. Architect shall include all components of Owner's program in the Project, unless specific written agreement to delete a component is received from Owner.

§ 3.2.2 The Architect shall prepare a preliminary evaluation of the Owner's program, schedule, budget for the Cost of the Work, Project site, the proposed procurement and delivery method, and other Initial Information, each in terms of the other, to ascertain the requirements of the Project, and to ascertain that they are consistent with the requirements of the Project. The Architect shall notify the Owner, in writing, of (1) any inconsistencies discovered in the information, and (2) other information or consulting services that may be reasonably needed for the Project. The Architect shall visit the Owner's Project site and shall provide to Owner a written report evaluating the feasibility of the Owner's site for the Project based on site conditions, and the Owner's program, schedule, and budget for the Cost of the Work. The Architect shall include, in the written report, an identification and evaluation of the location, availability, adequacy, capacity, and sufficiency of all utilities necessary to serve the completed Project. The Architect shall address with the Owner any existing easement or rights-of-way which may interfere with Owner's Project. As soon as practicable after execution of this Agreement and, if possible, before Owner's Board of Trustees designates a method of construction contract procurement, the Architect shall review the Owner's proposed method of contracting for construction services and shall notify the Owner in writing of anticipated impacts that such method may have on the Owner's program, financial and time requirements, and the scope of the Project.

§ 3.2.3 The Architect shall present its written preliminary evaluation to the Owner and shall discuss with the Owner alternative approaches to design and construction of the Project. The Architect shall reach a written understanding with the Owner regarding the requirements of the Project.

§ 3.2.4 Based on the Project requirements agreed upon in writing with the Owner, the Architect shall prepare and present, for the Owner's approval, a written preliminary design illustrating the scale and relationship of the Project components.

§ 3.2.5 Based on the Owner's approval of the preliminary design, and Owner's schedule and budget for the Work, the Architect shall prepare Schematic Design Documents for the Owner's approval. The Schematic Design Documents shall establish the conceptual design of the Project and illustrate the scale and relationship of the Project components. The Schematic Design Documents shall consist of drawings and other documents including a site plan, if appropriate, and preliminary building plans, sections and elevations; and may include some combination of study models, perspective sketches, or digital representations. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing.

§ 3.2.5.1 The Architect shall consider sustainable design alternatives, such as material choices and building orientation, together with other considerations based on program and aesthetics, in developing a design that is consistent with the Owner's program, schedule and budget for the Cost of the Work. The Owner may obtain more advanced sustainable design services as an Additional Service under Section 4.1.1.

§ 3.2.5.2 The Architect shall consider, and, if applicable, consult with the Construction Manager at Risk regarding the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

§ 3.2.6 When the Project requirements have been sufficiently identified, including Owner's budgetary constraints, programmatic needs, and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities, the Architect, and if applicable, the Construction Manager at Risk, shall prepare a preliminary estimate of the Cost of the Work prepared in accordance with Section 6.3. This estimate may be based on current area, volume, or similar conceptual estimating techniques.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner's approval. Architect shall not proceed to the Design Development Document Phase without the approval of Owner's Board of Trustees, or the Board's designee; provided, however, this approval shall not relieve Architect of Architect's responsibility and liability to provide documents which are sufficient for Owner to complete the construction of the Project, and are free from material defects or omissions. Architect shall bear full responsibility for, and all resulting excess costs incurred by Architect in, proceeding without required approval.

§ 3.3 Design Development Phase Services

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents, shall refine the Project design, and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other elements outlined in this Agreement. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels.

§ 3.3.2 The Architect shall update the estimate of the Cost of the Work. As the design process progresses through the end of the preparation of the Construction Documents, the Architect, and if applicable, the Construction Manager at Risk, shall prepare a preliminary estimate of the Cost of the Work. The Architect shall advise the Owner of any adjustment to previous estimates of the Cost of the Work indicated by changes in Project requirements or general market conditions. The Architect shall cooperate with the Owner, and if applicable, the Construction Manager at Risk, in developing and designing the Project to satisfy Owner's budgetary constraints, programmatic needs and expectations as to quality, functionality of systems, maintenance costs, and usable life of the equipment and facilities. If the Architect's estimate of the Cost of the Work exceeds the Owner's budget, then the Architect shall redesign elements to achieve cost savings within the Scope of the Work, but in doing so, shall not delete any essential element of the Project. Architect shall present the redesign to Owner for Owner's approval as provided in Section 3.3.3, and, in doing so, shall notify Owner in writing of the actions taken to bring the Project into Owner's budget. If Architect is unable to redesign the Project to meet Owner's budgetary programmatic and quality needs, then the Architect shall make appropriate written recommendations to the Owner to adjust the Project's size, quality, or budget, and the Owner shall cooperate with the Architect in making such adjustments, with Owner having the right to approve or reject such recommendations.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, redesign the Project to comply with Owner's budget, and request the Owner's approval. Architect shall not proceed to the Construction Documents Phase without the approval of Owner's Board of Trustees, or Board's designee; provided, however, this approval shall not relieve Architect of Architect's reasonability and liability to provide documents which are sufficient for Owner to complete the

construction of the Project, and are free from material defects or omissions. Architect shall bear full responsibility for, and all resulting excess costs incurred by Architect in, proceeding without Board approval.

3.3.4 The Owner's decisions on matters relating to aesthetic effect shall be final. To the extent that Owner's Contractor or Construction Manager at Risk recommends aesthetic revisions to Owner, Architect shall be consulted.

3.4.1.1.3 Professional services and costs, if any, as required to correct errors in construction documents, are the responsibility of the Architect, including addenda during bidding to rectify errors in the contract documents.

3.4.1.1.4 Deductive change orders may be applied to offset the change order cost applicable to the Architect only to the extent that such deductive change order resulted from an oversight in the Contract Documents that was not required by the Building Program or requested by the Owner. All other deductive change orders due to Owner's scope, modifications, or other value engineering items and unused Allowances shall not apply to this offset provision.

§ 3.4.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents and Section 61.1031, and Texas Health and Safety Section 341.065. The Architect shall neither have control over or charge of, nor be responsible for, the construction means, methods, techniques, sequences, or procedures, or safety precautions and programs in connection the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents. Any services by Architect made necessary due to Architect's failure to discover a construction defect or nonconforming work shall be at no additional cost to Owner. Any services by Architect made necessary by Architect's design errors or omissions shall be at no additional cost to Owner.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall recommend to Owner additional inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Construction Manager at Risk, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work. Architect shall promptly notify Owner and Contractor, orally and in writing, of any observed fault or defect in the Project or nonconformance with Contract Documents, upon discovery of the defect or nonconformance, and shall notify Owner of all corrective actions taken or recommended. The testing or inspections required by this Section are subject to the requirements of Chapter 2269 of the Texas Government Code.

§ 3.6.2.3 The Architect shall interpret and make recommendations to Owner regarding matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or

Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and recommendations of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and recommendations, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not be liable for results of interpretations or decisions rendered in good faith. The Owner's decisions on matters relating to aesthetic effect shall be final.

§ 3.6.2.5 The Architect shall promptly render initial written recommendations or interpretations on Claims, disputes, or other matters in question between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall observe the progress of the Work; critically evaluate, review and certify the amounts due the Contractor, and shall sign and issue Certificates for Payment in such amounts, if such amounts are valid, correct, and deemed due and owing, in Architect's professional opinion, within seven (7) days of receipt of Contractor's application for payment. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's observations and/or evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that the Work has progressed to the point indicated and in Architect's professional opinion, the quality of the Work is in accordance with the Construction Documents and the Contract Documents and critically evaluated and certified that the amounts requested in the Application for Payment are valid and correct, in the Architect's professional opinion. If Architect disputes the Contractor's payment application in whole or in part, Architect shall provide in writing to Owner and Contractor a detailed statement of the Architect's reason for withholding certification in accordance with Texas Government Code §2251.042(a) and as provided in §§9.4.1 and 9.5.1 of the AIA A201 for the project. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect, in writing to Owner.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain all records of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data, and Samples, for the purpose of checking for general conformance with the Contract Documents. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review. If it is determined that any submittal does not comply with the requirements of the Contract Documents, then Architect shall require Contractor to come into compliance. The Architect shall promptly report, in writing, to the Contractor and Owner any errors, inconsistencies, and omissions discovered by the Architect in the Shop Drawings, Product Data, and Samples. The Architect is not authorized to approve changes involving major systems such as HVAC, roof, foundation, outward appearance, color schemes, floor plans, building materials, or mechanical equipment without Owner's prior written consent.

§ 3.6.4.2 In accordance with the Architect-approved submittal schedule, the Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or

systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by the Architect, of any construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy, accuracy, and completeness of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain all records of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 With notice and consent of Owner, the Architect may authorize minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.5.3 The Architect shall accept requests by the Owner, and shall review properly-prepared, timely requests by the Contractor for changes in the Work, including adjustments to the Contract Sum or Contract Time. A properly-prepared request for a change in the Work shall be accompanied by sufficient supporting data and information to permit the Architect to make a reasonable determination. If the Architect determines that requested changes in the Work are not materially different from the requirements of the Construction Document or the Contract Documents, then the Architect may issue an order for a minor change in the Work, with prior written notice to the Owner, or recommend to the Owner that the requested change be denied.

§ 3.6.5.4 If the Architect determines that implementation of the requested changes would result in a material change to the Contract that may cause an adjustment in the Contract Time or Contract Sum, then the Architect shall make a recommendation to approve or deny the requested change to the Owner. Based upon information furnished by the Contractor, if any, the Architect shall estimate the additional cost and time that might result from such change, including any additional costs attributable to Additional Services of the Architect. If the Architect recommends approval, then the Architect shall incorporate those estimates into a proposed Change Order or other appropriate documentation for the Owner's Board of Trustees' approval and execution.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

1. conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;

- .2 issue Certificates of Substantial Completion and of Final Completion, using Owner's or State forms, and ensure Contractor gives its notarized signature on its Certification of Substantial or Final Completion;
- .3 receive from the Contractor and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and assembled by the Contractor;
- .4 issue a final Certificate for Payment based upon a final inspection indicating the Work complies with the requirements of the Contract Documents; and
- .5 For any Work that exceeds \$50,000, Architect shall schedule and ensure completion of inspections with the Texas Department of Licensing and Regulation as required by Texas Government Code Section 469.105.
- .6 Owner, Architect, Contractor, and prime subcontractors, if applicable, shall certify compliance with all applicable school facility standards required in 19 TAC Section 61.1040 subsections (d) and (g)-(k). 19 TAC Section 61.1040(f).
- .7 (B) Architect certifications. Architect shall certify the following, as required by 19 TAC 61.1040(f)(1)(B):
 - (i) Certifications related to educational adequacy under subsection (d) of 19 TAC 61.1040(d). The Architect for a capital improvement project shall certify compliance that the project has been designed in reasonable accordance with the long-range facility plan and educational specifications, if applicable.
 - (ii) Certifications related to standards for space for instructional facilities under subsection (g) of 19 TAC Section 61.1040 and to standards associated with the method of compliance approved by the Owner's board of trustees for instructional facility space under subsection (h) of 19 TAC Section 61.1040 related to the quantitative method of compliance or under subsection (i) of 19 TAC Section 61.1040 related to the qualitative method of compliance. To provide adequate instructional spaces and adequate space in instructional facilities, the Architect shall certify compliance that the Project has been designed in reasonable accordance with the standards for space in subsection (g) of 19 TAC Section 61.1040 and with the standards associated with the method of compliance approved by the Owner's board of trustees under subsection (h) or (i) of 19 TAC Section 61.1040.
 - (iii) Certifications related to safety and security standards under subsection (k) of 19 TAC Section 61.1040. A design professional of record shall certify compliance that the Project has been designed in reasonable accordance with any required safety and security directives approved by the Owner in accordance with subsection (k) of 19 TAC Section 61.1040.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Prior to the expiration of six months from the date of Substantial Completion, prior to the expiration of ten months from the date of Final Completion, and upon request of the Owner at any other time within one year of Final Completion, the Architect shall meet with the Owner and Owner's Designated representative to review the facility operations and performance; to identify defects, warranty issues, and proposed corrections; and to make appropriate written recommendations to the Owner.

§ 4.2.4

§ 4.2.5

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program, as required by 19 Texas Administrative Code Section 61.1040. The Architect shall review the program and specifications furnished by Owner to ascertain the specific requirements of the Project and shall arrive at a mutual written understanding of such requirements with Owner. Architect shall include all components of Owner's program in the Project, unless specific written agreement to delete a component is received from Owner.

§ 5.2 The Owner shall establish and update the Owner's budget for the Project, when required, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services. Owner's Board of Trustees, is the only representative of Owner, an independent school district, having the power to enter into or amend a contract to approve changes in the Scope of the Work, to approve and execute a Change Order or Construction Change Directive modifying the Contract Sum or Guaranteed Maximum Price, agree to an extension of the dates of Substantial Completion or Final Completion, or approve changes in the Architect's compensation. Owner's Board of Trustees may designate one or more representatives with authority to sign documents after Board approval and/or to advise and consult with Architect for day-to-day operations under the Agreement.

Owner's designated representative to sign contracts and day-to-day operations:

Name: Dr. Elmer Avellaneda

Title: Superintendent, or successor.

§ 5.4 Upon written request of the Architect, the Owner shall furnish surveys known to the Owner describing physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. Other than the metes and bounds noted in the legal description of the site, the Architect shall not be entitled to rely on the accuracy of information furnished by the Owner, but shall exercise proper precautions relating to the safe performance of the Work. Other than the metes and bounds noted in the survey, if any, Owner does not guarantee the accuracy of surveys provided, including the locations of utility lines, cables, pipes, or pipelines, or the presence or absence of easements. Architect shall review this information and shall provide to Owner a written request for additional information needed, if any, for Architect to adequately perform services hereunder. Upon receipt of this request, the Owner will procure and provide to the Architect the information requested.

§ 5.5 The Owner may furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6

§ 5.7 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E204™-2017, Sustainable Projects Exhibit, attached to this Agreement.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 5.9 The Owner shall furnish tests, inspections and reports that are required by law or the Contract, to be furnished by the Owner. To the extent that tests, inspections, and reports are not required by law or the Contract Documents to be furnished by Owner, but are deemed necessary by the Architect or Owner, then they shall be furnished by Architect, unless Architect receives Owner's written permission to charge Owner for the services or Owner agrees to separately contract for the services.

§ 5.10 Unless otherwise provided in this Agreement, the Owner may, in its sole discretion, furnish legal and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service, and Architect shall have the reasonable amount of time required by Texas Government Code Chapter 2272 to cure its errors, omissions, or inconsistencies as a precondition to any dispute resolution proceeding involving Owner and Architect. Architect acknowledges that it is the leader of the design team and is responsible for the design of the Project. Therefore, Owner shall be entitled to rely on the Construction Documents, services, and information furnished by the Architect. This section shall not relieve Architect of any responsibility or liability for the performance of Architect's contracted services on the Project, in accordance with the Standard of Care.

§ 5.12 The Owner shall endeavor to include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall endeavor to promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of the Architect's compensation, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and constructed by the Owner, and shall include contractors' general conditions costs, overhead and profit. To the extent that the Project is not completed or constructed, the Cost of the Work shall include the estimated cost to the Owner of all elements of the Project designed by the Architect and accepted by the Owner but not constructed by the Owner. The Cost of the Work does not include elements of the Project designed by Architect but not accepted by the Owner. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect or the Architect's consultants; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work, alternate designs of the Architect that are not constructed or accepted by the Owner, or other costs that are the responsibility of the Owner. For purposes of the Architect's compensation, the Cost of the Work shall not include the fee for management and supervision of construction or installation provided by a separate Owner representative. For purposes of the Architect's compensation, the Cost of the Work shall include the Owner's cost of labor and materials furnished by the Owner in

constructing portions of the Project, if the Work is designed and construction is overseen by Architect. For purposes of the Architect's compensation, the Cost of the Work shall only include the Owner's cost of fixtures, furnishings, and equipment designed by the Architect, at the request of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as allowed under Sections 5.2, 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, and the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, if the Architect's design is determined to exceed Owner's budget, then Architect agrees to redesign the Project At Architect's expense and as part of Architect's Basic Services, to meet Owner's budget.

§ 6.3 The Architect, and the Construction Manager at Risk, if applicable, shall prepare a preliminary estimate of the Cost of the Work, which shall incorporate Owner's budgetary constraints, programmatic needs, and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities. As the design process progresses through the end of the preparation of the Construction Documents, the Architect, and, if applicable, the Construction Manager at Risk, shall update and refine the preliminary estimate of the Cost of the Work. The Architect shall advise the Owner of any adjustments to previous estimates of the Cost of the Work indicated by changes in Project requirements or general market conditions. The Architect shall cooperate with Owner, and, if applicable, the Construction Manager at Risk, in developing and designing the Project to, in accordance with the Standard of Care, satisfy Owner's budgetary constraints, programmatic needs and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities. In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project with the prior consent of Owner's Board of Trustees; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work may be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, then the Architect shall redesign elements to achieve cost savings within the Scope of the Work, but in doing so, shall not delete any essential elements of the Project, without the Owner's knowledge and written consent. Architect shall present the redesign to Owner for Owner's approval and, in doing so, shall notify Owner in writing of the actions taken to bring the Project into Owner's Budget. If Architect is unable to redesign the Project to meet Owner's budgetary, programmatic, and quality needs, then Architect shall make appropriate written recommendations to the Owner to adjust the Project's size, quality, or budget. Owner shall consider Architect's recommendation, but shall decide, in its discretion, what adjustments to make.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal prior to commencement of the Work, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time, and/or authorize a different construction procurement method, consistent with State law;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work;
- .5 implement any other mutually acceptable alternative; or
- .6 direct the Architect to redesign the Project to meet the Owner's budgetary, programmatic, and quality needs.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4 or 6.6.5, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at

the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. The Architect's modifications of the Construction Documents before commencement of the Work shall be the limit of the Architect's responsibility under this Article 6.

6.8 If, after commencement of the Work, the Cost of the Work is exceeded due to the negligent errors or omissions of the Architect, in accordance with the Standard of Care, then the Architect shall bear financial responsibility to Owner for the increase in the Cost of the Work, except for all materials, labor, and overhead related to the betterment obtained by the Owner. By way of example, the Architect shall bear responsibility for the difference between what would have been the original cost of that portion of the Work, but for Architect's negligent error or omission, in accordance with the Standard of Care, and the actual cost of that portion of the Work performed to remedy the negligent error or omission. Further, Architect shall not be entitled to Architect's fee for the excess Cost of the Work. Unless Architect disputes the amounts due pursuant to the alternative dispute resolution process provided in Article 8 of this Agreement, as amended, Owner shall be entitled to withhold from sums due to Architect the amounts detailed above.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Construction Documents, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

7.2 Architect shall provide to Owner all drawings, specifications, submittals, transmittals, deliverables, and instructions to Contractor (including the necessary number of paper and electronic copies) and other documents hereinafter referred to as "Construction Documents," that are within Architect's scope of services and that are sufficient for Owner to complete construction of the Project and are free from material defects or omissions. The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Construction Documents, including the Drawings and Specifications, and shall retain all common law, statutory, and other reserved rights, including copyrights, provided, however, Architect and Architect's consultants shall not use the Construction Documents on another project without Owner's written permission. Submission or distribution of Construction Documents to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed publication in derogation of the reserved rights of the Architect and the Architect's consultants.

7.3 Upon execution of this Agreement, the Architect grants to the Owner a nonexclusive license to use, reproduce, and distribute the Architect's Construction Documents solely and exclusively for constructing, using, maintaining, and renovating the Project. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with the Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Construction Documents solely and exclusively for use in performing services for the Project.

7.4 This nonexclusive license shall survive termination of this Agreement, and Architect hereby grants permission to Owner to use the Construction Documents for future renovations, repairs, additions, or alterations to the Project. In the event the Owner uses the Construction Documents without retaining the author of the Construction Documents, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses.

7.5 Except for the licenses granted in this Article 3, no other license or right shall be deemed granted or implied under

this Agreement. The Owner shall not assign, delegate, sublicense, pledge, or otherwise transfer any license granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Construction Documents shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by this Agreement and by Texas law, but in any case not more than 8 years after the date of Substantial Completion of the Work, unless extended in accordance with Texas Civil Practice and Remedies Code Section 16.008. The Owner and Architect waive all causes of action not commenced in accordance with this Section 8.1.1.

8.1.1.1 All claims, disputes, or matters in controversy between Owner and Architect shall be discussed by the parties in good faith, in an attempt to resolve the claim, dispute, or controversy. In the event such claim, dispute, or controversy cannot be resolved by good faith discussion between the parties, any such claim, dispute, or matter in controversy shall be subject to the Owner's grievance policy [GF(LEGAL) and (LOCAL) or other policy as designated by Owner] and the timelines established in the Policy. Level I of the grievance process will be conducted by the Superintendent's designee or the Superintendent, as appropriate. Level II shall be heard by the Superintendent, unless the Superintendent heard Level I. If the Superintendent heard Level I, then the grievance will proceed to the Owner's Board at Level III. If Architect is dissatisfied with the outcome of the Owner's grievance process, then any claim, dispute, or other matter in question arising out of or related to this Agreement, shall be subject to mediation as a condition precedent to the institution of legal or equitable proceedings by either party.

8.1.1.2 Architect stipulates that Owner is a political subdivision of the State of Texas, and, as such, may enjoy immunities from suit and/or liability under the Constitution and laws of the State of Texas. By entering into this Agreement, Owner does not waive any of its immunities from suit and/or liability, except as otherwise specifically provided herein and as specifically authorized by law.

§ 8.1.2 Only to the extent damages are fully covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201-2017, General Conditions of the Contract for Construction, as amended for this Project, and if applicable. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect waives consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This waiver is applicable, without limitation, to all consequential damages due to Owner's termination of this Agreement. In any litigation (or arbitration if mutually agreed upon in writing) arising under this Agreement, the types and amounts of damages recoverable shall be subject to Subchapter I of Texas Local Government Code Chapter 271.

8.1.4 In any litigation under this Agreement, reasonable and necessary attorneys' fees may be awarded to the prevailing party.

8.1.5 When Owner has an applicable claim for construction defects, Owner shall comply with the provisions of Texas Government Code Chapter 2272 related to the provision of notice of defects and the Contractor's or Architect's opportunity to cure.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution, unless the filing deadlines under applicable statutes of limitation and/or repose would otherwise expire. If suit is filed before mediation in order to avoid expiration of limitations and/or repose, then the parties agree to submit the matter to mediation as soon as reasonably possible. Claims for injunctive relief shall not be subject to this Section.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the mutually-acceptable person or entity administering the mediation. In the event the parties are unable to agree on a mediator then the mediation shall be conducted by either the Center for Public Policy Dispute Resolution at the University of Texas School of Law, or by a mediator, selected by a local district court judge upon the joint request of the parties. The request shall be made 30 days after the completion of the Owner's grievance process. In no event shall the request for mediation be made after the date when institution of legal or equitable proceedings based on such claim, dispute, or other matters in controversy, would be barred by applicable statutes of limitation.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the county where Owner's main administrative office is located, unless another location is mutually agreed upon. Mediation shall be subject to and in accordance with Chapter 154 of the Texas Civil Practice & Remedies Code. Agreements reached in mediation shall be reduced in writing, considered for approval by the Owner's Board of Trustees, signed by the parties if approved by the Board of Trustees, and, if signed, shall thereafter be enforceable as provided by the laws of the State of Texas.

§ 8.2.4 The parties agree that any claim, dispute, or other matter in controversy between them shall not be subject to mandatory arbitration. The parties, may, however, mutually agree in writing to submit such claims, disputes, or matters in controversy to arbitration. Neither party may compel the other to arbitrate any claim, dispute, or matter in controversy between them.

§ 10.1 This Agreement shall be governed by the law of the State of Texas and litigation shall be in Texas state district court. Mandatory and exclusive forum and venue for any dispute resolution arising out of or related to this Agreement, shall be in the state district court of Gonzales County. If the blank is not filled in, then mandatory and exclusive venue shall be in the county where the Owner's administrative offices are located.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction, as amended for the Project. As a material consideration of the making of this Agreement, the Modifications to this Agreement shall not be construed against the maker of said Modifications.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other.

§ 10.4 If the Owner requests the Architect to execute certificates, the language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. The Architect shall execute certificates or consents consistent with the Architect's standard of care pursuant to this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site, unless Architect knew, directed, or specified that, or allowed such hazardous materials be used in the Project. Architect shall promptly disclose, in writing to Owner, any hazardous materials specified for the Project or discovered on site, regardless of the date of discovery or the date on which Architect learns of the hazardous nature of the materials.

§ 10.7 With prior written consent of the Owner, the Architect may include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations, but may not photograph students without prior written parental consent. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. Owner provides notice that confidential and proprietary information shall include, but not be limited to, all items listed in Section 10.8. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except to (1) its employees, (2) those who need to know the content of such information in order to perform services, or construction solely and exclusively for the Project, or (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information. The Architect shall maintain the confidentiality of information specifically designated as confidential by the Owner, unless withholding such information would violate the law, create the risk of significant harm to the public, or present the Architect from establishing a claim or defense in an adjudicatory proceeding. The Architect shall require of the Architect's consultants similar written agreements to maintain the confidentiality of information specifically designated as confidential by the Owner. Owner herein designates the following as confidential information: security measures; security access codes; pending real estate purchases, exchange, lease or value; and information pertaining to litigation; student likenesses and student records information; employee information; and any other information deemed confidential by law. § 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

10.10 NO LIENS. The parties agree that no architect, engineer, mechanic, contractor, materialman, artisan, laborer, or subcontractor, whether skilled or unskilled, shall ever, in any manner, have claim or acquire any lien upon the Project of whatever nature or kind so erected or to be erected by virtue of this Agreement, nor upon any of the land upon which said improvements are so erected, built, or situated, such property being public property belonging to a political subdivision of the State of Texas, or upon any funds of Owner.

10.11 APPLICABLE LAW. This Agreement is subject to all applicable federal and state laws, rules, and regulations. Invalidation of any portion of this Agreement under the laws of the State of Texas, or of the United States, shall not affect the validity of the remainder of this Agreement.

10.12 CONFLICTS IN DOCUMENTS. To the extent of conflicts between the Contract Documents, amendments shall prevail over original forms.

10.13 It is understood and agreed that the relationship of Architect to Owner shall be that of an independent contractor. Nothing contained in this Agreement or inferable from this Agreement shall be deemed or construed to: 1) make Architect the servant or employee of the Owner; or 2) create any partnership, joint venture, or other association between Owner and Architect. Any direction or instruction by Owner or any of its authorized representatives in respect to the Architect's services shall relate to the results the Owner desires to obtain from the Architect, and shall in no way affect the Architect's independent contractor status.

10.14 No delay or omission by either of the parties hereto in exercising any right or power accruing upon the noncompliance or failure of performance by the other party hereto of any of the provisions of this Agreement shall impair any such right or power or be construed to be a waiver thereof. A waiver by either of the parties hereto of any of the covenants, conditions, or agreements hereof to be performed by the other party hereto shall not be construed to be a waiver of any subsequent breach thereof or of any other covenant, condition, or agreement herein contained.

10.15 Pursuant to Texas Education Code Section 44.034, Architect must give advance written notice to the owner if the Architect or an owner or operator of the Architect has been convicted of a felony. The Owner may terminate this Agreement if the Owner determines that the Architect failed to give such notice or misrepresented the conduct resulting in the conviction. This paragraph requiring advance notice does not apply to a publicly-held corporation.

10.16 CHILD SUPPORT. By signing this Agreement, the undersigned certifies as follows: Under Section 231.006, Texas Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not eligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

10.17 By executing this Agreement, Architect verifies that Architect does not boycott Israel or any Israeli-controlled territory, and will not boycott Israel or any Israeli-controlled territory during the term of this Agreement. 10.18 Architect verifies and affirms that it is not a foreign terrorist organization as identified on the list prepared and maintained by the Texas Comptroller of Public Accounts. If Architect misrepresents its inclusion on the list, then such omissions or misrepresentation shall void this Agreement.

If the District receives a written request for public information related to this Contract that is in the possession or custody of the Architect and not in the possession or custody of the District, the District shall send, not later than the third business day after the date the District receives the written request, a written request to the Architect that Architect provide that information to the District.

.2 The Architect must:

.1 Preserve all contracting information related to the Contract as provided by the records retention requirements applicable to the District for the duration of the Contract;

.2 Promptly, within four business days, provide to the District any requested contracting information that is in the custody or possession of the Architect upon request of the District; and,

.3 On completion of the Contract, either:

.1 Provide to the District at no cost all contracting information related to the Contract that is in the custody or possession of the Architect; or

.2 Preserve the contracting information related to the Contract as provided by the records retention requirements applicable to the District.

.3 The requirements of Subchapter J, Chapter 552, Government Code, may apply to this Contract and the Architect agrees that the contract can be terminated if the Architect knowingly or intentionally fails to comply with the requirements of that subchapter.

.4 Further, under Texas Government Code Chapter 552.372(c), the District may not accept a bid for or awarding of a contract to an entity that the District has determined has knowingly or intentionally failed in a previous bid or contract to comply with Subchapter J, unless the District determines and documents that the entity has taken adequate steps to ensure future compliance.

.5 If a Architect fails to provide to the District the requested information, Texas Government Code Chapter 552.373 requires the District to notify the Architect in writing of the failure and allow 10 business days to cure the violation. District may terminate the Contract if Architect fails to remedy the failure, District determines the failure was knowing and intentional, and steps have not been taken to ensure future compliance.

.6 If Architect is not a sole proprietorship, has ten (10) or more employees, and the value of Contractor's bid or proposal has a value of \$100,000 or more, Contractor certifies by submitting Contractor's bid or proposal that it does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association, as defined by Texas Government Code Ann. Architect shall reimburse Owner for Owner's costs incurred in obtaining the criminal history information.

10.21.2 Architect will not assign any "covered employee" with a "disqualifying criminal history," as those terms are defined below, to work on the Project. If Architect receives information that a covered employee has a reported disqualifying criminal history, then Architect will immediately remove the covered employee from the Project and notify the Owner in writing within three (3) business days. If the Owner objects to the assignment of any covered employee on the basis of the covered employee's criminal history record information, then Architect agrees to immediately discontinue using that covered employee to provide services on Owner's Project. If Architect has taken precautions or imposed conditions to ensure that the employees of Architect and any subconsultant will not become covered employees, Architect will ensure that these precautions or conditions continue throughout the time the contracted services are provided.

10.21.3 For the purposes of this Section, "covered employees" means employees, agents, or applicants of Architect who have or will have continuing duties related to the services to be performed on Owner's Project and have or will have direct contact with Owner's students. The Owner will decide what constitutes direct contact with Owner's students. The definition of "covered employees" does not include individuals working on the Work if the Work: (1.) does not involve the construction, alteration, or repair of an instructional facility as defined herein; (2.) involves construction of a new instructional facility and the person's duties related to other contracted services will be completed not later than the seventh day before the first date the facility will be used for instructional purposes; or (3.) involves an existing instructional facility and: (a.) the work area contains sanitary facilities and is separated from all areas used by students by a secure barrier fence that is not less than six feet in height; and (b.) the contracting entity adopts a policy prohibiting employees, contractors, and subconsultants from interacting with students or entering areas used by students, informs employees, contractors, and subconsultants of the policy, and enforces the policy at the work area. "Disqualifying criminal history" means: any conviction or other criminal history information designated by the Owner; any felony or misdemeanor conviction that would disqualify a person from obtaining educator certification under Texas Education Code Section 21.060, and 19 Texas Administrative Code Section 249.16; or one of the following offenses, if at the time of the offense, the victim was under 18 years of age or enrolled in a public school; a felony offense under Texas Penal Code Title 5 Offense Against Persons; an offense for which a defendant is required to register as a sex offender under Texas Code of Criminal Procedure Chapter 62; or an equivalent offense under federal law or the laws of another state; or a felony violation of Texas Penal Code Section 43.24 related to the sale, distribution or display of harmful material to a minor. The term "instructional facility" means real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the curriculum required under the state curriculum for kindergarten through grade 12.

ARTICLE 12 SPECIAL TERMS AND CONDITIONS

Special terms and conditions that modify this Agreement are as follows:

12.1 INDEMNITY. Approval of any Construction Documents by Owner shall not constitute and shall not be deemed to be a release of the responsibility and liability of Architect, its agents, employees, and subcontractors, for Construction Documents which are sufficient for Owner to complete the construction of the Project, and are free from material defects or omissions, nor shall such approval be deemed to be an assumption of such responsibility and liability by Owner for any defect in the Construction Documents prepared by Architect, its agents, employees, subcontractors, or consultants, it being the intent of the parties that the approval by Owner signifies Owner's approval of only the general design concept of the improvements to be constructed. In this connection, ARCHITECT SHALL, DURING THE CONSTRUCTION OF SAID PROJECT AND FOR A PERIOD OF TEN (10) YEARS AFTER SUBSTANTIAL COMPLETION, INDEMNIFY AND HOLD HARMLESS OWNER AND ALL OF ITS OFFICERS, TRUSTEES, AGENTS, REPRESENTATIVES, SERVANTS, AND EMPLOYEES FROM ANY LOSS, DAMAGE, LIABILITY, OR EXPENSE, INCLUDING ATTORNEYS' FEES, INCURRED BY OWNER ON ACCOUNT OF DAMAGE OR DESTRUCTION TO PROPERTY AND INJURIES, INCLUDING DEATH TO ANY OR ALL PERSONS, INCLUDING INVITEES AND EMPLOYEES OF THE OWNER, CONSTRUCTION MANAGER, ARCHITECT, OR SUBCONTRACTORS AND OF ALL OTHER PERSONS PERFORMING ANY PART OF THE WORK, THAT IS CAUSED BY OR RESULTS FROM AN ACT OF NEGLIGENCE, INTENTIONAL TORT, INTELLECTUAL PROPERTY INFRINGEMENT, OR FAILURE TO PAY A SUBCONTRACTOR OR SUPPLIER, COMMITTED BY THE ARCHITECT, OR THE ARCHITECT'S AGENT, CONSULTANT UNDER CONTRACT, OR ANOTHER ENTITY OVER WHICH THE ARCHITECT EXERCISES CONTROL; provided and except, however, that this indemnification provision shall not be construed as requiring Architect to indemnify or hold Owner harmless for any loss, damage, liability, or expense on account of damaged property or injuries, including death to any persons, which may arise out of or may be caused by any act of negligence or breach of obligation under this Agreement by Owner or Owner's employees or agents, except Architect.

12.2 THE PROVISIONS OF ARTICLE 12 IN ITS ENTIRETY SHALL SURVIVE THE COMPLETION, TERMINATION, OR EXPIRATION OF THIS CONTRACT.

12.3 It is agreed with respect to any legal limitations now or hereafter in effect and affecting the validity or enforceability of the indemnification obligations under Paragraph 12.1, such legal limitations are made a part of the indemnification obligation and shall operate to amend the indemnification obligation to the minimum extent necessary to bring the provision into conformity with the requirements of such limitations, and as so modified, the indemnification obligation shall continue in full force and effect.

12.4 It is understood and agreed that Subparagraph 12.1 above is subject to, and expressly limited by, the terms and conditions of Tex. Civ. Prac. & Rem. Code Ann. Sec. 130.001 to 130.005, as amended.

12.5 **RECORDS RETENTION** Architect shall keep all accounting and construction records on the Project for a period of at least ten (10) years after Final Completion of the Project, and thereafter shall offer the records to the Owner, in writing, in order for Owner to comply with its records retention requirements, per the Texas Government Code Section 441.158 *et seq.* and the Texas Library and Archives Commission's Local Schedule GR (Government Records). In the alternative, Architect may provide such records to Owner for retention at any time if Owner agrees, in writing, to accept such records in lieu of Architect's retention under this Section.

12.6 **COMPLAINTS** The Texas Board of Architectural Examiner has jurisdiction over complaints regarding the professional practices of persons registered as architects in Texas under the Architects Registration Law. .7 Contractually require each person with whom it contracts to perform as required by items 1-7, with the certificates of coverage to be provided to the person for whom they are providing services.

.12 By signing this contract, or providing or causing to be provided a certificate of coverage, the Architect is representing to the Owner that all employees of the Architect who will provide services on the Project will be covered by workers' compensation coverage for the duration of the Project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the Commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the Architect to administrative penalties, criminal penalties, civil penalties, or other civil actions.

.13 The Architect's failure to comply with any of these provisions is a breach of contract by the Architect that entitles the Owner to declare the contract void if the Architect does not remedy the breach within ten (10) days after receipt of notice of breach from the Owner.

.14 The coverage requirement recited above does not apply to sole proprietors, partners, and corporate officers who are excluded from coverage in an insurance policy or certificate of authority to self-insure that is delivered, issued for delivery, or renewed on or after January 1, 1996.

§ 6.3 The Architect, and the Construction Manager at Risk, if applicable, shall prepare a preliminary estimate of the Cost of the Work, which shall incorporate Owner's budgetary constraints, programmatic needs, and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities. As the design process progresses through the end of the preparation of the Construction Documents, the Architect, and, if applicable, the Construction Manager at Risk, shall update and refine the preliminary estimate of the Cost of the Work. The Architect shall advise the Owner of any adjustments to previous estimates of the Cost of the Work indicated by changes in Project requirements or general market conditions. The Architect shall cooperate with Owner, and, if applicable, the Construction Manager at Risk, in developing and designing the Project to, in accordance with the Standard of Care, satisfy Owner's budgetary constraints, programmatic needs and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities. In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the ~~Project; the Project with the prior consent of Owner's Board of Trustees;~~ and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall may be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, then the Architect shall redesign elements to achieve cost savings within the Scope of the Work, but in doing so, shall not delete any essential elements of the Project, without the Owner's knowledge and written consent. Architect shall present the redesign to Owner for Owner's approval and, in doing so, shall notify Owner in writing of the actions

taken to bring the Project into Owner's Budget. .4 Further, under Texas Government Code Chapter 552.372(c), the District may not accept a bid for or awarding of a contract to an entity that the District has determined has knowingly or intentionally failed in a previous bid or contract to comply with Subchapter J, unless the District determines and documents that the entity has taken adequate steps to ensure future compliance.

.5 If a Architect fails to provide to the District the requested information, Texas Government Code Chapter 552.373 requires the District to notify the Architect in writing of the failure and allow 10 business days to cure the violation. District may terminate the Contract if Architect fails to remedy the failure, District determines the failure was knowing and intentional, and steps have not been taken to ensure future compliance.

.6 If Architect is not a sole proprietorship, has ten (10) or more employees, and the value of Contractor's bid or proposal has a value of \$100,000 or more, Contractor certifies by submitting Contractor's bid or proposal that it does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association, as defined by Texas Government Code Ann. Chapter 2274, and will not during the term of any contract with the Owner, unless excepted from that law.

.7 As required by Texas Government Code Ann. Chapter 2274, if Contractor has ten (10) or more employees, is not a sole proprietorship, and if the value of Contractor's bid or proposal has a value of \$100,000 or more, Contractor certifies by submitting Contractor's bid or proposal that it does not boycott energy companies and will not during the term of any contract with the Owner, unless excepted by that law.

10.21 CRIMINAL HISTORY RECORD CHECKS

10.21.1 So that Owner can obtain the national criminal history record information required by Texas Education Code Section 22.0834 on all "covered employees" (as defined in Section 10.21.2) of Architect, its subcontractors, or any subcontracting entities who will perform the Work. Architect shall submit to Owner the name and all necessary identifying information necessary to enable Owner to obtain the national criminal history information on those covered employees before they begin the Work. Architect's submission will include the employee's written authorization for Owner to obtain such criminal history information. Owner may, in its sole discretion, prohibit the use of any employee to perform the Work after its review of the criminal history information, but cannot disclose the criminal history information to Architect. Architect shall reimburse Owner for Owner's costs incurred in obtaining the criminal history information.

10.21.2 Architect will not assign any "covered employee" with a "disqualifying criminal history," as those terms are defined below, to work on the Project. If Architect receives information that a covered employee has a reported disqualifying criminal history, then Architect will immediately remove the covered employee from the Project and notify the Owner in writing within three (3) business days. If the Owner objects to the assignment of any covered employee on the basis of the covered employee's criminal history record information, then Architect agrees to immediately discontinue using that covered employee to provide services on Owner's Project. If Architect has taken precautions or imposed conditions to ensure that the employees of Architect and any subconsultant will not become covered employees, Architect will ensure that these precautions or conditions continue throughout the time the contracted services are provided.

10.21.3 For the purposes of this Section, "covered employees" means employees, agents, or applicants of Architect who have or will have continuing duties related to the services to be performed on Owner's Project and have or will have direct contact with Owner's students. The Owner will decide what constitutes direct contact with Owner's students. The definition of "covered employees" does not include individuals working on the Work if the Work: (1.) does not involve the construction, alteration, or repair of an instructional facility as defined herein; (2.) involves

construction of a new instructional facility and the person's duties related to other contracted services will be completed not later than the seventh day before the first date the facility will be used for instructional purposes; or (3.) involves an existing instructional facility and: (a.) the work area contains sanitary facilities and is separated from all areas used by students by a secure barrier fence that is not less than six feet in height; and (b.) the contracting entity adopts a policy prohibiting employees, contractors, and subconsultants from interacting with students or entering areas used by students, informs employees, contractors, and subconsultants of the policy, and enforces the policy at the work area. "Disqualifying criminal history" means: any conviction or other criminal history information designated by the Owner; any felony or misdemeanor conviction that would disqualify a person from obtaining educator certification under Texas Education Code Section 21.060, and 19 Texas Administrative Code Section 249.16; or one of the following offenses, if at the time of the offense, the victim was under 18 years of age or enrolled in a public school; a felony offense under Texas Penal Code Title 5 Offense Against Persons; an offense for which a defendant is required to register as a sex offender under Texas Code of Criminal Procedure Chapter 62; or an equivalent offense under federal law or the laws of another state; or a felony violation of Texas Penal Code Section 43.24 related to the sale, distribution or display of harmful material to a minor. The term "instructional facility" means real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the curriculum required under the state curriculum for kindergarten through grade 12.

10.21.4 Architect's violation of this section shall constitute a substantial failure under Article 14.

10.21.5 Architect shall assume all expenses associated with the background checks

§ 11.1 For the Architect's Basic Services described under Article 3, the Owner shall compensate the Architect as follows: for all undisputed payments as set forth below. To the extent Owner disputes any payment allegedly due, Owner shall notify Architect that a dispute exists, shall list the specific reason for nonpayment, and shall give Architect an opportunity to cure the noncompliance or offer compensation for noncompliance that cannot be cured in accordance with Texas Government Code Chapter 2251. Owner shall further have the right to withhold payments as specified in Section 6.8 and 11.10.2.2 of this Agreement.

(Include other terms and conditions applicable to this Agreement.)

12.1 INDEMNITY. Approval of any Construction Documents by Owner shall not constitute and shall not be deemed to be a release of the responsibility and liability of Architect, its agents, employees, and subcontractors, for Construction Documents which are sufficient for Owner to complete the construction of the Project, and are free from material defects or omissions, nor shall such approval be deemed to be an assumption of such responsibility and liability by Owner for any defect in the Construction Documents prepared by Architect, its agents, employees, subcontractors, or consultants, it being the intent of the parties that the approval by Owner signifies Owner's approval of only the general design concept of the improvements to be constructed. In this connection, ARCHITECT SHALL, DURING THE CONSTRUCTION OF SAID PROJECT AND FOR A PERIOD OF TEN (10) YEARS AFTER SUBSTANTIAL COMPLETION, INDEMNIFY AND HOLD HARMLESS OWNER AND ALL OF ITS OFFICERS, TRUSTEES, AGENTS, REPRESENTATIVES, SERVANTS, AND EMPLOYEES FROM ANY LOSS, DAMAGE, LIABILITY, OR EXPENSE, INCLUDING ATTORNEYS' FEES, INCURRED BY OWNER ON ACCOUNT OF DAMAGE OR DESTRUCTION TO PROPERTY AND INJURIES, INCLUDING DEATH TO ANY OR ALL PERSONS, INCLUDING INVITEES AND EMPLOYEES OF THE OWNER, CONSTRUCTION MANAGER, ARCHITECT, OR SUBCONTRACTORS AND OF ALL OTHER PERSONS PERFORMING ANY PART OF THE WORK, THAT IS CAUSED BY OR RESULTS FROM AN ACT OF NEGLIGENCE, INTENTIONAL TORT, INTELLECTUAL PROPERTY INFRINGEMENT, OR FAILURE TO PAY A SUBCONTRACTOR OR SUPPLIER, COMMITTED BY THE ARCHITECT, OR THE ARCHITECT'S AGENT, CONSULTANT UNDER CONTRACT, OR ANOTHER ENTITY OVER WHICH THE ARCHITECT EXERCISES CONTROL; provided and except, however, that this indemnification provision shall not be construed as requiring Architect to indemnify or hold Owner harmless for any loss, damage, liability, or expense on account of damaged property or injuries, including death to any persons, which may arise out of or may be caused by any act of negligence or breach of obligation under this Agreement by Owner or Owner's employees or agents, except Architect.

12.2 THE PROVISIONS OF ARTICLE 12 IN ITS ENTIRETY SHALL SURVIVE THE COMPLETION, TERMINATION, OR EXPIRATION OF THIS CONTRACT.

12.3 It is agreed with respect to any legal limitations now or hereafter in effect and affecting the validity or enforceability of the indemnification obligations under Paragraph 12.1, such legal limitations are made a part of the indemnification obligation and shall operate to amend the indemnification obligation to the minimum extent necessary to bring the provision into conformity with the requirements of such limitations, and as so modified, the indemnification obligation shall continue in full force and effect.

12.4 It is understood and agreed that Subparagraph 12.1 above is subject to, and expressly limited by, the terms and conditions of Tex. Civ. Prac. & Rem. Code Ann. Sec. 130.001 to 130.005, as amended.

12.5 RECORDS RETENTION Architect shall keep all accounting and construction records on the Project for a period of at least ten (10) years after Final Completion of the Project, and thereafter shall offer the records to the Owner, in writing, in order for Owner to comply with its records retention requirements, per the Texas Government Code Section 441.158 *et seq.* and the Texas Library and Archives Commission's Local Schedule GR (Government Records). In the alternative, Architect may provide such records to Owner for retention at any time if Owner agrees, in writing, to accept such records in lieu of Architect's retention under this Section.
