

Lovett Elementary

Music Choice

Dear future 1st grade parents,

Lovett Elementary School is happy to offer 3 music choices for your student: Band, Orchestra, and Vocal Music. These programs create rigorous, fun, and creative environments for students to study music. 1st grade students will need to choose one type of music to study for the year so it is important to think about the options before making your choice.

To find more information about the different programs, check out the QR codes below.
