Delta Dental PPO™ Table of allowance plan

Whether you want a brighter smile or need major dental care, Delta Dental dentists have the skills to help you stay healthy. Choose an in-network dentist from our provider directory at deltadentalins.com.

Understand how your plan works

Under a table of allowance plan each procedure has an allowance, a set amount that Delta Dental will pay. If your dentist charges over the allowance, you'll be responsible for the remaining amount up to the contracted rate for a Delta Dental PPO or Premier dentist or the submitted charge for a non-Delta Dental dentist.

Visit a Delta Dental PPO dentist to maximize your benefits and limit your out-of-pocket expenses. Find an in-network dentist at deltadentalins.com.

Maximize your benefits

You can visit any licensed dentist, but your out-of-pocket costs will likely be higher if you choose a dentist that isn't in the Delta Dental network. This example shows how you could pay less for an exam and cleaning with a Delta Dental PPO dentist.

	Delta Dental PPO dentist	Delta Dental Premier dentist	Non-Delta Dental dentist
Dentist's charge	\$205	\$205	\$205
Contracted rate ¹	\$95	\$149	\$205
Plan allowance ²	\$95	\$95	\$95
You pay	\$0	\$54	\$110

¹ Non-Delta Dental dentists do not have to accept a contracted rate and can bill their normal charge.

² You are responsible for any amounts above the allowances, as well as applicable deductibles, amounts over annual or lifetime maximums and charges for non-covered services. Review your Evidence of Coverage, Summary Plan Description or Group Dental Service Contract for specific details about your plan.

For illustrative purposes only. Assumes no maximums or deductibles apply.

Set up an online account

Whether you need to check your benefits or select a new dentist, you can find everything you need in your online Delta Dental account. Go to **deltadentalins.com** and click **Log in** to create an account or log in to your existing account.

Coordinate dual coverage

If you're covered under two plans, ask your dental office to include information about both plans with your claim — we'll handle the rest.

Understand transition of care

Generally, multi-stage procedures are covered under your current plan only if treatment began after your plan's effective date of coverage. Log in to your online account to find this date.

Check in without an ID card

You don't need a Delta Dental ID card when you visit the dentist. Just provide your name, birth date and enrollee ID or Social Security number. If your family members are covered under your plan, they will need your information.

Member perks for your smile and beyond

Your Delta Dental membership does more than help keep your smile bright and healthy when you visit the dentist. Your plan also brings exclusive product discounts, resources and more to support a healthy lifestyle for your smile and beyond. To get started, visit **www1.deltadentalins.com/memberperks**.
